

Rockwood  
Academy

# Rockwood Standard

As a team, we will **consistently** be committed to...

1. Putting the children first.
2. Having high expectations of ourselves, our colleagues and the students.
3. Ensuring that all lessons start punctually with us meeting and greeting.
4. Being well-organised and well-planned so that lessons are engaging, challenging, and meet the needs of all.
5. Maintaining a learning environment that actively celebrates students' progress and is conducive to learning.
6. Marking and assessing students' work regularly to maximise progress and inform planning.
7. Sharing collective responsibility for challenging poor behaviour in and out of the classroom.
8. Supporting and promoting the whole Academy vision through our professional conduct.
9. Fostering positive relationships with parents, carers and the wider community.
10. Equipping students with the academic, social and emotional skills they need to succeed, and building their resilience.

## High standards, no excuses.
