

3 Enzymes and
3 Detergents clean all
surfaces

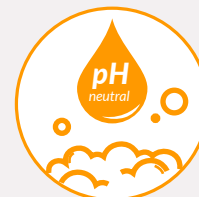

Concentrated Liquid,
Non-Toxic

Green,
Biodegradable

Non-Hazardous,
Non-Corrosive

Low-Foaming,
Neutral pH

OneTAB[®] Liquid contains the power to clean. Its high concentration of protease, amylase and lipase enzymes and three detergents clean porous and non-porous surfaces in harmony to lift and remove Blood, Fats, Protein, Synthetic Lipids, Carbohydrates, Biofilm, Polysaccharides, Simethicone, Oils & Cellulose-based adhesives.

OneTAB[®] is designed to optimize cleaning results in the pre-conditioning, manual, and automated cleaning of endoscopes and surgical instruments before their reprocessing.

Item No. OTL01
Qty. CA/4 1 Gallon

- ✓ Neutral pH, low foaming
- ✓ Safe for scopes & instruments
- ✓ No temperature requirement
- ✓ Storage temperature up to 150° F
- ✓ Works in hard, soft & deionized waters
- ✓ Cost-Per-Use Savings – ¼ ounce dosage rate
- ✓ Environmentally Friendly – 100% biodegradable and water soluble
- ✓ Allergy Friendly – No dyes, fragrances or caustic chemicals that can prohibit effectiveness and cause irritation

Item No. OTL25
Qty. CA/2 2.5 Gallons
