Extended Warranty

Avoid repair costs on 10+ year old VDRs

Existing DM300 S-VDR / DM500 VDR are now more than 10 years old, and the likelihood of failure of main parts such as the capsule or the data processing unit is increasing. Danelec has consequently established an extended service program for DM300 S-VDR / DM500 VDR.

Part number	Description	Price
WARSVDR1	1 year warranty for DM300 S-VDR / DM500 VDR	1.500 Euro
WARSVDR3	3 year warranty for DM300 S-VDR / DM500 VDR	3.000 Euro
WARSVDR5	5 year warranty for DM300 S-VDR / DM500 VDR	5.000 Euro

With Danelec extended warranty you are avoiding additional breakdown costs during the next 1 to 5 years. Danelec is here to protect your assets and investments.

Note:

- Danelec standard warranty terms apply: www.danelec-marine.com/terms-conditions
- Extended warranty for DM300 S-VDR / DM500 VDR may only be purchased in connection with a successfully approved APT

Danelec Marine is a leading manufacturer of Voyage Data Recorders, Electronic Chart Display & Information Systems and ship-2-shore data solutions, with more than 6,000 installations worldwide.
