PCON

PCON THE VARIABLE-DIMENSION MANUFACTORY BATHROOM

# BEFORE – AFTER

From a simple bathroom to an amazing space-saver!

Just a few steps to the bathroom of your dreams:

**STEP 1**  
YOUR ROOM AND THE OPTIONS.

**WHICH ROOM DO YOU HAVE AVAILABLE?**

Sloped ceilings, protrusions and awkward corners can often be found in bathrooms and have to be taken into account. What is the floor plan like? The PCON range adapts to your rooms rather than the other way round.

BEFORE

**STEP 2**  
THE WASH STAND, THE HEART OF YOUR BATHROOM.

**THE WASH STAND – THE MOST IMPORTANT ELEMENT IN YOUR BATHROOM.**

The position of the wash stand is usually dictated by the connections. In other words, these “obligatory positions” have to be heeded and everything else has to be planned around them.

SINK • BASE CABINET • MIRROR • LIGHTING

BEFORE                      AFTER

**STEP 3**  
MORE STORAGE SPACE AS A RESULT OF ADDITIONAL FURNITURE

**ADDITIONAL FURNITURE – MORE THAN JUST “ADDED” DECORATION.**

Storage space is precious in bathrooms, because lots of small items need to be accommodated. PCON offers a large selection of furniture such as seats or dressing tables which are invaluable aids in everyday life.

AFTER WITH ADDITIONAL FURNITURE

**STEP 4**  
WELCOME TO THE BATHROOM OF YOUR DREAMS!

**GOOD PLANNING IS THE “BE ALL AND END ALL”.**

Go the next step and contact our consultant. We will get the best out of your bathroom for you. Minor details during planning ensure that you have more space than before, and thus more living space.

**VARIABLE DIMENSIONS**

Everything is possible with this material. The surfaces of our black or white washbasins with slate structure have a very special look. When combined with the smooth-edged washbasin bowls, this structure is a real eye-catcher. Three different depths make this product extremely flexible. Recesses or rounding are no problem either with the variable-dimension washbasins. Perfect individuality!
