recruitment specialists

Global Recruitment Services Provider

Service Provision

Founded in 1983, NRL has grown to become a leading recruiter in the UK Technical, Engineering, Construction and Rail sectors.

Our strength is our people, with an industry leading low turnover of operational staff and a management team which has an average of 18 years service. We are able to provide a range of bespoke global recruitment services, applied locally, including permanent, temporary, interim, contract and engineering service solutions.

Experienced, knowledgeable consultants

Our teams deliver a complete range of staffing solutions covering traditional hiring through to multi-vacancy projects. Consultants focus on recruitment within their specific discipline and therefore appreciate the needs and demands of their division.

Working in partnership with our clients they take the time to understand the company culture and requirements of the role. This combined with their specialist industry knowledge, ensures that we efficiently provide quality candidates that meet the specification.

Vision & Values

At NRL our vision and values lie at the heart of everything we do. Our vision is to be the number one specialist recruitment company to work with, for clients, candidates and employees.

Our values are embedded in all areas of the business and truly underpin our promise to our clients - innovating, engaging and supporting.

Niche Company

NRL provides recruitment and training services to a wide range of industries, including the nuclear, ME&I, construction, rail, power generation, oil & gas, mining & minerals and petrochemical sectors.

International Sourcing & Assignment Support Services

Our clients benefit from both resource & compliance teams, based in our UK Centres of Excellence, who ensure contractors are sourced for permanent and contract positions.

We will also ensure contractors are mobilised in accordance with in-country legislation and offer the following services:

Insurance

We provide full global accident, travel & repatriation policies to all overseas workers so should an accident or travel impact occur our contractors have the peace of mind that all eventualities are covered.

Tax

Our compliance team work with established overseas partners to ensure professional financial information is readily available so both our clients and the contractor know how to stay tax efficient, yet compliant.

Mobilisation, Rotation & Repatriation Support

Our team work with the contractor and client to ensure a smooth transition from home base to overseas work location; this includes any visa processing requirements as well as full travel services (flight, accommodation booking, etc.).

As part of our support we can also offer in-country meet & greets whereby candidates are met by our local partner who can assist with settling into accommodation, offer support for visa applications or help with the local language.

We utilise a network of local partners and are able to support operations in over 70 countries.

This combination of global networking, recruitment specialism and bespoke service provides our clients and contractors with incredible depths of knowledge, extensive scale and a proven track record.

Worldwide candidate sourcing and screening

Unrivalled global coverage

We have access to the job boards and CV databases for over 130 countries. This allows us to attract candidates for an extensive range of job roles across all industry sectors worldwide.

Delivery processes

Our thorough candidate sourcing and screening process ensures we source the highest calibre of candidates in the minimum amount of time.

Global client profile

Our customer base

We work with a broad spectrum of clients across a wide breadth of sectors in 6 continents. A selection is included below:
