# STATIC GUARDING SERVICES

“Safeguarding your assets through the provision of dependable tailor-made services”

NSA Global Security Consultants is a specialist security and risk management company offering bespoke, turnkey security solutions to a wide range of clients including multi-national corporations, Fortune 500 companies, high profile and high net-worth individuals and major events. We pioneer and deliver on innovative security and security risk management solutions that are based on proven methodologies, worldwide.

Our premier Guarding Division provides our executive clients with a highly professional static guarding service through the deployment of trained and uniformed security officers all of whom are registered and graded in line with PSIRA regulations.

Our guarding personnel provide location and asset security in an evolving climate of local and regional threats, providing our clients with peace of mind and ensuring operational continuity.

Our services are available to our clients' offices as well as their residences or other sites or locations.

## OUR PERSONNEL

NSA Global is committed to deploying personnel of the highest calibre, whose professional conduct is a credit to both us as an organisation, as well as our clients businesses.

Our security officer training includes basic fire and first aid, PR and access control skills. Further on-site training is conducted on an ongoing basis and includes site-specific instructions such as incident handling procedures and protocols, emergency evacuation procedures and risk management solutions.

Our security officers are supported by local management teams, all dedicated to ensuring that our client's requirements are met in full.

## 24/7 SECURITY CONTROL CENTRE

The NSA Global Security Control Centre is the hub through which our specialized services are provided. It is staffed 24/7 with highly skilled control room operators, allowing our clients to contact us at any time and providing round-the-clock oversight on all of our deployed personnel.

## MONITORED GUARDS

We utilise a variety of guard monitoring solutions providing real time monitoring of our personnel so that any irregularity or deviation can immediately be located, flagged and rectified. This functionality also provides an audit trail for our clients if required.
