About AEBIOM

We are a non-profit Brussels based international organisation founded in 1990 whose **mission is to develop the market for sustainable bioenergy, and ensure favorable business conditions for its members.** AEBIOM brings together 30 national associations and around 70 companies from all over Europe thus representing more than 4000 indirect members including companies, research centers and individuals.

AEBIOM hosts the European Pellet Council and the European Industrial Pellet Suppliers Group which are umbrella organisations representing the interests of the European wood pellet sector.

AEBIOM Main Activities

AEBIOM Membership

Who can become AEBIOM Full Member?

National biomass associations

Who can become AEBIOM Associate Member?

Bioenergy companies active in the bioheat, bioelectricity, transport biofuels and biogas sectors, associations of specific biomass sectors such as pellets, biogas, wood energy etc.
