CALENDAR MARKETING ASSOCIATION

ABOUT

Since 1989, the Calendar Marketing Association has been conducting our Calendar Awards. This award program celebrates the artistic and technical talents of calendar publishers around the world.

There are two main competitions:

The *National Calendar Awards*, an award program that features Publishers who have produced calendars for the United States market.

The *World Calendar Awards*, an award program that features Publishers who have produced calendars for the Global market.

Publishers enter their work in different classes, divisions and categories.
