**PERSPEX® FROST**

# ...Frost shapes up to be a real winner!

PerspeX® Frost has been a real crowd pleaser since it was originally launched in a range of subtle Pastel colours. A couple of years later the heat was turned up with the addition of Hot Frost - a range of warm and exciting colours to give designers of internal and external POS and signs even more colours to choose from.

Now we have added even more choice to the PerspeX® Frost range with the development of two new colour collections - Urban and Vivid.

PerspeX® Frost - the winning line-up:

- ⬡ **Vivid**- Cutting edge modern colours: creative and cosmopolitan
- △ **Urban** - Cool, contemporary urban chic, a collection for a sophisticated loft lifestyle
- **Hot** - Make a strong and confident statement with these dramatic tones
- **Pastel** - Timeless and elegant, the classic Frost colours retain their allure
