HELPING THE LESS FORTUNATE THROUGH
ACTS OF KINDNESS AND CHARITY

Charity projects

BCM Pound projects update

To start with: Jzk. Thank you for your £1 contribution in the last month. What did your money achieve?

We created 19 hygiene packs for the female homeless community. There are many reasons why women end up homeless including but not limited to domestic violence/abuse, low paying jobs, poverty and mental health issues. Irrespective of the reason for homelessness every woman deserves the basics in life. Our hygiene packs consisted of basic toiletry and sanitation products but provided more than that. They provided women the chance feel clean and human again. The packs were received with sincere thanks. We only hope we have made somewhat of a difference in someone's life.

Image of the hygiene packs and items contained within the packs.

We also paid a small amount of £20 towards a masjid that is being built from scratch in Birmingham. It may be a small amount but it's the sincere intention to do some good that counts.

We hope to increase our monthly charitable giving as the charity grows. Please would you inform family and friends about our charity projects and encourage them to donate just £1 per month. We can then start to work at a larger scale and help more people as well as do more in the name of Islam. Please see bank details on the right.

Next months focus

We are also looking to support two widows in Pakistan by providing them with sewing machines to support themselves and their children independently. This was an intention for the last month but we needed an additional month of contributions to come through. More news on this Insha-Allah in the next month.

A final note to say that your money is not used as zakat but as lillah. Thank you again.

If family or friends wish to help with £1 per month please pass on the details:
