You expect the same attention to detail and comfort in your bathroom as you would in any other room in your house.

Your fitter has recommended Clifton because we bring together high-quality bathroom products with great customer service.

Most importantly, our quality standards mean that you won't have problems afterwards, so they won't have to come back to fix them for you.

We will also be on hand to exchange any product which you may change your mind about before fitting.

05

Our products are 'star rated' according to price.

★ Affordable quality and stylish designs.

★★ Luxurious design and quality.

★★★ The ultimate in design and style.

Products marked:

**ESSENCE** offer exceptional value

**DELUXE** are extra special

**Fitter Friendly**

Throughout our brochure you will see reference to our fitter friendly products. They are designed to not only look great but have extra design features. These features make fitting easier and installation quicker, saving your fitter time and you money.

Clifton serves trade customers who buy from us time and time again.

Our guarantees are very clear as to what's included. This gives you the necessary peace of mind when choosing a Clifton product.

Pottery, Baths, Trays and Tiles

Taps & Shower Valves, Rails, Handsets, Hoses, Fixings and Washers, Wastes, Furniture and Fixings

Enclosures, Screens, Bath Screens, Heated Towel Rails, PVC Wall Panels, Cliftonite Bath Panels, Mirrors, Mirror Cabinets and Accessories

Bath Screen Seals, Bath Panels, Cistern Fixings, Toilet Seats and Lighting

Toilet Seat Mechanisms, Enclosure Fixings and Seals

Unless indicated otherwise.

Our 'Clifton Guarantee' comes with a 'Clifton Hug' because it gives you total reassurance in the product.

09

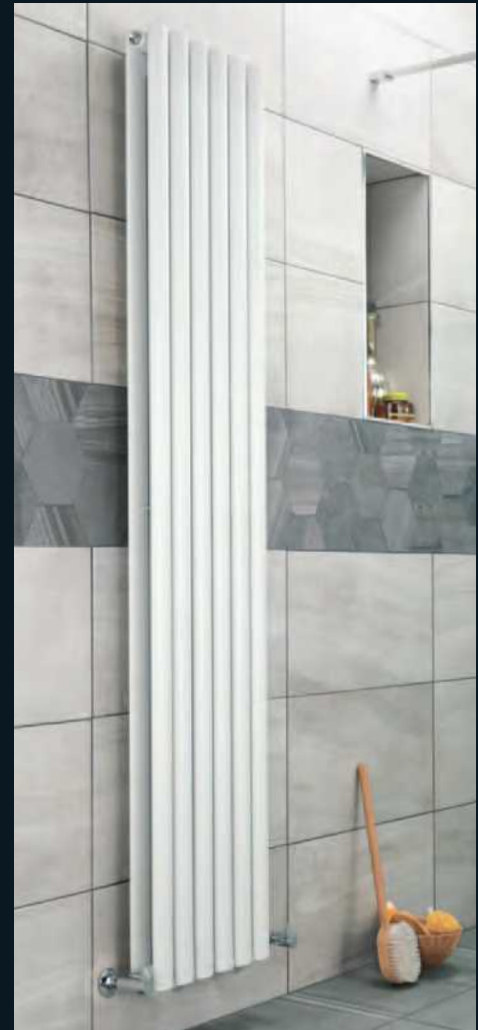

Choosing what is right for you can be daunting. That is why, over the next few pages, you will find some useful tips to help you decide.

We've pictured a wide selection of room layouts, products and accessories to help inspire you.

Start with the walls, floors and ceilings. Find a colour scheme you like and then go from there.

What about the products you are going to use? Use bathroom furniture to hide away clutter and keep your bathroom looking clean and tidy. Wetrooms can add a bit of style and are easy to clean. And why not add a touch of luxury with underfloor heating?

This may sound like a lot to consider but simply take your ideas for your new bathroom down to your local Clifton depot and our experienced team will offer the help you need to decide.

# CHOOSE YOUR STYLE

welcome

WANT THE LOOK... see page 83

[www.ctb.co.uk](http://www.ctb.co.uk)

11

Think about the size of your bathroom so you can make the most out of the space you have available.

If your bathroom is on the small side make the most out of the space by using smaller items as well as fitted and spacesaver bathroom furniture.

If it's very small you will be amazed by what can be achieved with one of our cloakroom suites.

If your bathroom is on the large side, freestanding baths and furniture make great focal points.

We have bathroom products to fit all shapes and sizes.

Simply take some measurements, head down to your local Clifton depot and our experienced team will provide you with the guidance you need.

# SHAPE AND SPACE

welcome

# THE CLIFTON CERAMICA TILE COLLECTION

We have selected our range to follow the latest trends in tiles and home furnishings. Whatever your design ideas, budget or requirements we will help you find the perfect selection.

## Grey Shades p20-41

Grey is really fashionable at the moment. We have a wide selection of shades to create the perfect combination.

## Natural tones p46-55

Our natural tones have subtle textures and bold features to create any look.

## Elegant whites p42-45

Our elegant white tiles give that bright, clean and crisp look that glistens with classic simplicity.

Just head down to your local Clifton depot to plan your room using our demonstrator boards

# TOP TILE TIPS

## Space

- Lighter colours give the illusion of extra space – perfect for smaller bathrooms
- Create a spacious feel in smaller bathrooms by choosing wall, floor and highlight tiles in the same colour

## Colour

- Choose floor and wall tiles in the same colour for a sophisticated, streamlined finish
- Combine light and dark tones to create striking contrast
- Darker floors and grouts are easier to clean
- A contrasting floor is a stylish way to make a statement
- Pick from our selection of grout colours to pull the overall look together beautifully – don't use white grout on the floor

## Light

- Choosing a tile with a gloss or sparkle finish will reflect more light making darker rooms look brighter
- The lighting in your bathroom can make a big difference to the way your tiles look. Call into your local depot to view our wide selection of tiles under different lighting using our demonstrator boards

## Create feature points in key areas

- Create a feature behind the sink, shower wall or bath using mosaics or scored tiles
- Opting for plain tiles? Why not try one of our split face effect and embossed tiles to create a feature point

# lucina ★★★

With the look and feel of natural stone, this gently textured tile is great for creating a relaxing environment. The ridged feature tile complements it perfectly, giving a modern split face effect.

These tiles are rectified which means they are precision cut allowing for minimal grout lines and a more contemporary finish.

It is important you check your tiles for shade variations and mix up the contents of boxes before installation.

# new eos ★

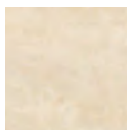

Eos is a ceramic tile that recreates the textures found in natural marble. The gloss shine of the tiles brightens up your bathroom. The textured tile works to create a subtle and stylish focal area.

# TILE TRIMS

# CLIFTON waterwall

Clifton Waterwall is a perfect alternative to tiling. It is 100% waterproof, fire rated, mould-free, easy to clean and can be used on all bathroom walls and ceilings. Our wall panels have the look of stone but the beauty of an easy clean, wipeable surface, making them perfect for showering areas. Fitting Clifton Waterwall also means that you never have to worry about cleaning tile grout ever again!

## Wall panels

Waterwall wall panels are 2.4 metres high and 1 metre wide, and they slot together easily. They are available in stone grey, natural stone and dark grey slate.

## Ceiling panels

Waterwall ceiling panels are 100% waterproof, tongue and groove 2.7 metres long and are available in white gloss, and white gloss with silver trim.

We have a selection of trims to add that finishing touch (pg 162). Call in to your local depot and our experienced staff will plan the perfect solution for you.

# WATERPROOF WALL & CEILING SYSTEMS

The ultimate affordable luxury, underfloor heating brings that cosy and homely feel to your bathroom.

It's an easy to install,  
highly economical and  
maintenance-free  
system.

It makes all the difference to the comfort you feel when stepping into your bathroom.

We have a range of systems suitable for all types of flooring, with programmable settings and energy monitors.

# UNDERFLOOR HEATING

# CHOOSING FURNITURE THAT'S RIGHT FOR YOU

Choose from a range of styles to best fit the space you have and the look you want.

Bathroom furniture is a great use of space, giving you the functionality you need whilst providing ample storage and looking amazing. All of our furniture comes with rigid, factory assembled cabinetry.

## Modular

More contemporary in style, these standalone units give flexibility for positioning. Choose from wall mounted, floor standing and compact options.

## Fitted

Fitted furniture makes the most of your bathroom space and gives a clean, sleek and polished look.

furniture

# furniture worktops

We have two types of worktops to choose from.

Our solid worktops offer the look and feel of granite without the expense and are warm to the touch.

They are super slim at 12mm deep giving a really modern look.

Our laminate worktops provide a more cost effective option whilst still looking great. These are slightly deeper at 22mm.

# CHOOSING THE RIGHT POTTERY FOR YOU

Our full range of products are available as suite sets or you can simply mix and match to create that unique, bespoke bathroom you've dreamed of.

Here are a few things to consider when choosing your suite.

## Basins

An exclusive range of complementary basins offering practicality and affordability.

Choose from the options available including wall hung, countertop, space-saving solutions for smaller spaces, semi or full pedestals and one or two tap holes.

Full pedestal

Bottle trap

Semi pedestal

## Toilets

Choose from standard toilets, or opt for wall hung, flush to wall or back to wall to give a clean, contemporary look. All of our toilets come with a soft close seat as standard and some have a selection of seat styles to choose from.

Close coupled

Flush to wall

Back to wall

Wall hanging

## Toilets seats

All of our toilet seats are made from high quality, antibacterial and durable material. They are all soft close with a quick release feature to make cleaning really easy.

enclosures

# CHOOSING YOUR SHOWERING

shower areas

# luxury wetroom & walk-in showers

## Wetrooms

Wetrooms are the stylish choice for maximising space and making a statement. Perfect for the smallest of ensembles and the largest of family bathrooms, wetrooms are the ultimate in modern living.

A wetroom shower area has a tiled over shower tray called a 'wetdeck'. This creates a level access showering space that looks great and is easy to clean. See pages 176-177 for a wetdeck size to fit your space.

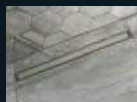

Choose the style of grid you would like:

standard

linear brushed steel

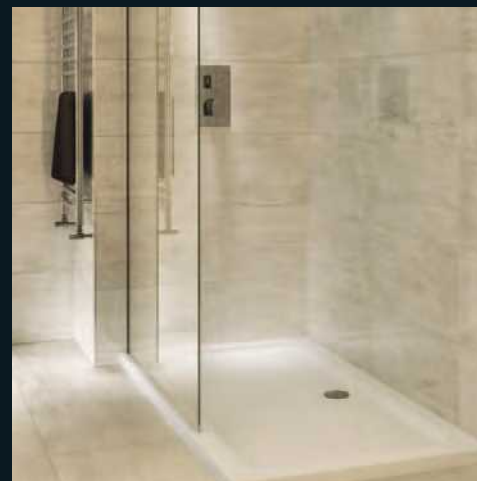

linear tiled insert

## Walk-in showers

Walk-in showering gives the modern style of a wetroom but provides a more practical installation solution using a shower tray. Choose from our wide range of tray sizes on pages 122-123.

Visit your local depot to see our full range of showering options - our experienced staff will help you decide.

# luxury wetroom & walk-in shower screens

Beautiful, clean and ultra modern shower screens can be used with or without the Clifton shower trays. Our luxury shower screens are 10mm thick glass making them very solid and ultra safe. They are taller than most screens at 2000mm high which means that they limit water spilling over the top into the rest of the bathroom. The screens are coated with an anti-calc treatment which prevents water marks, making them really easy to clean.

Check with your depot how quickly we can get this

shower areas

# luxury shower enclosures

Our luxury shower enclosure doors are made from 8mm thick and 1900mm high toughened glass. This is double the thickness of some enclosure doors so they are very strong, solid and long lasting.

They are beautifully designed with a choice of brass handles and sleek aluminium profiles. They also have luxury hidden features, door buffers for soft opening, hidden magnetic seals and luxury rollers for smooth, quiet movement.

Cleaning is easy with an anti-calc coating that limits water marks and sliding doors that are easily removed.

Reversible for left or right hand fit, our enclosures are supplied pre-assembled to make installation quick and easy.

## luxury enclosure handles

Our handle choices give you the flexibility to match the shape to best suit your shower and tap selection.

# luxury bath screens

Smarter and more stylish than a shower curtain, screens are easy to clean and make a bathroom feel more spacious. Our variety of shapes, sizes and finishes means you'll find the perfect screen to complete your bathroom in the Clifton collection.

All of our bath screens are made from 6mm and 1500mm high toughened glass and have an adjustment of 25mm so are easy to fit to walls that aren't quite straight.

Cleaning is easy with an anti-calc coating that limits water marks.

# lighting

All of our lights are designed for use in a bathroom and feature LED bulbs which last longer and are cooler to touch than halogen. We have two ceiling light bulb colours to choose from: natural white has a similar light to daylight and cool white has a more contemporary feel.

Our range of lighting doesn't just stop at ceiling lights but has a selection of highlight LEDs to use throughout your bathroom for that extra special touch.

**Timber battens:**  
(45mm x 21mm) Battens are recommended to be fitted at a maximum distance of 500mm apart.

**Panel fitting:**  
Fit panels 3mm above bath, shower tray or floor. Seal expansion gap with waterwall sealant.

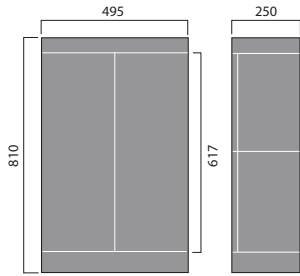

**Panel and decor strip sealing:**  
Seal all square edge tongue and groove joints with waterwall sealant. Always seal inside each profile prior to inserting panel.

# technical information

## standard drain - smart decks

Smart decks are very strong and cost effective. They can withstand up to 300kg or 47 stone so don't need under-boarding, saving money on materials and installation. Fitters love them!

Our smart decks are easy to cut so they can fit all spaces and they are cleverly designed to have a rotating drain plate which means your fitter can avoid joists and underfloor obstructions making fitting much simpler.

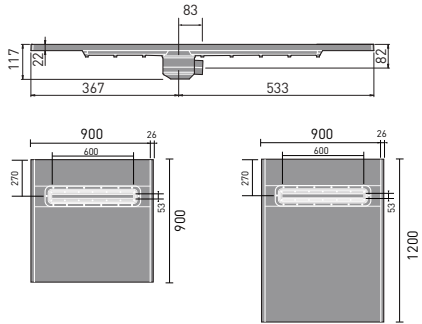

smart deck with rotating drain plate

# linear drain wet decks

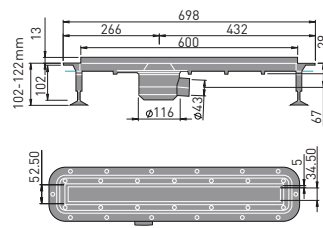

Our linear drain wet decks have a 2 way fall and require an underside support of a minimum of 18mm plywood. They are simple to fit with minimal tile cuts to match the gradient.

**SPECIAL ORDER** Check with your depot how quickly we can get this

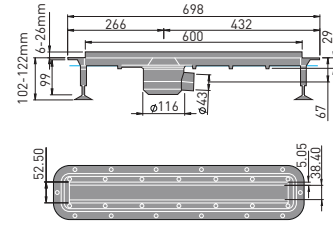

900mm linear deck (WRLID9)

1200 x 900mm linear deck (WRLID129)

linear deck tile insert drain (WRLIDRTI)

linear deck brushed steel drain (WRLIDRBS)

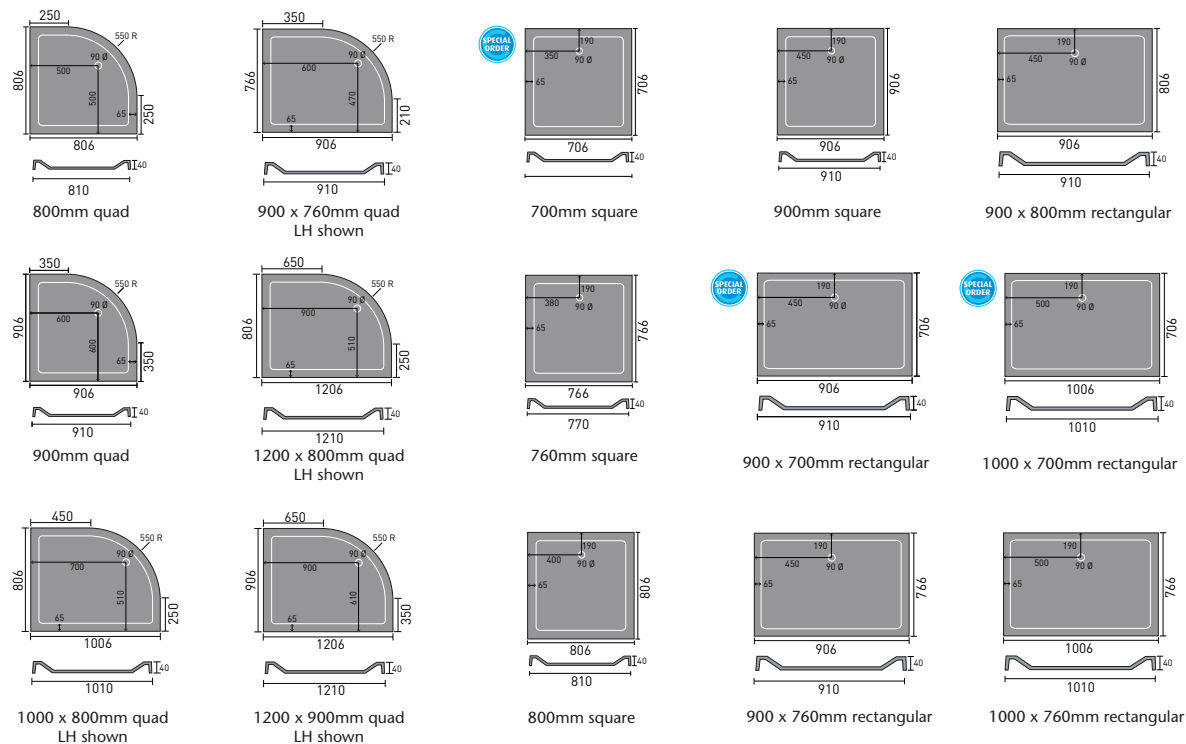

The drain channel can be rotated 180° to offer two options for the waste position.

waterproofing kit 5m<sup>2</sup> (WRSDPK)

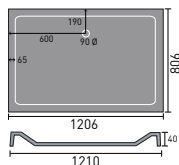

5m<sup>2</sup> membrane, 500ml BAL primer, 15m jointing tape, 5 x internal covers, 1 x external cover, Butyl sealant.
