

## **Lambeth PPG Network – operational update**

Dear all,

We are thinking of you and thank you all for the work you do supporting the NHS as we go into the difficult days ahead. Let us know how you are, and if you know of any local work, which is good that we can share in these difficult times.

Due to ongoing situation with the Covid-19 virus, we have decided to postpone all of our face-to-face engagement for the coming weeks, which includes all planned digital champion sessions and the network-wide meeting on 25<sup>th</sup> March.

Our office will be closed to visitors from today and our staff will be working from home for the time being, but can be contacted by email at [info@lppgn.org.uk](mailto:info@lppgn.org.uk) or mobile 07427 873090.

We'll continue to keep you informed of our work and plans by email, social media and regular newsletters, as we want to do everything we can to continue to support Lambeth PPGs and patients at this time.

Please continue to look out for family, friends and neighbours who may need practical or emotional support during this time. If you have an elderly neighbour or are aware of someone with a health problem that may make them more susceptible to Coronavirus, check in with them, (taking the relevant hygiene precautions) and ask if there is anything they need or anything you can do to help.

Many thanks
