Introduction (Making Profits Together)

We want you to make a profitable business by selling ScanToPDF and PDFDataNet products to your clients. We will do everything we can to assist you and support you as a reseller. You will be working with a company that has over 35,000 users in 105 countries and has over 25 years' experience of supplying document processing solutions, so you can be confident that you are selling a proven product from a proven company.

As a reseller we will give you a unique coupon code. When you use this code, either on-line or quoted in a purchase order, to buy any of our products you will receive a discount. The amount of discount you are given will depend on the sales volumes you have achieved and starts at 10% as a simple introduction/product recommending agent. If you intend to handle all the customer interaction (sales, admin, support) your starting discount will be 20%.

Does It Cost Anything To Be A Reseller?

No it's free and you will get the pre-agreed discount from the 1st order you place. In addition, we will not ask you to enter into any form of agreement or require any financial commitment from you.

Delivery

All our software is delivered electronically. We do not provide software on any other medium, therefore we do not charge delivery costs.

Lead Times

Delivery lead times are obviously not applicable because the software is delivered electronically. Please note however that OiC will only provide activation keys when payment (or proof of payment) has been received. This may not apply for some account holders subject to OiC Approval.

Software Activation

All ScanToPDF and PDFDataNet software must be activated using keys targeted to the PC that the software is installed on. Activation can be done via the following:

- **ScanToPDF Website** - https://scantopdf.com/help-info/activation/
- **ScanToPDF Website (Manual Request)** - https://scantopdf.com/help-info/manual-key-request/
- **Email** - licensing@oimaging.co.uk

Part Numbers (SKU Numbers)

Part numbers are available from our website product pages and will be included on your quotation in the Part Code field.

Technical Requirements

ScanToPDF and PDFDataNet are Windows software's. Please visit the website for more information regarding technical requirements: https://scantopdf.com/help-info/technical-requirements/

Reseller Prices

ScanToPDF: Standard reseller discount is 10% off R.R.P and will be included on all quotations in the "Reseller Discount" field. Deeper discounts are available upon agreement from OiC. The discount is calculated after any other discounts have been subtracted, such as multi-copy discounts.

PDFDataNet: As a reseller the discount available is 20% on all initial and renewal licence fees. Discounts are not available on our service fees such as creating document extraction templates, program modifications and installation services.

Multi-License Discounts

ScanToPDF: We offer discounts for single orders of more than 1 license. The appropriate discount will be shown on any quotation sent by our sales team and will also be automatically applied on the website's checkout page (when you have more than one quantity in your cart). More about our multi-license discounts can be found here: https://scantopdf.com/discounts/multi-license-discounts/

PDFDataNet: Please send us an email for details on multi-license discounts: info@oimaging.co.uk

Support

ScanToPDF: Our quotations always include our support and FREE upgrades package, OiC remote assurance. This is priced at 25% of the list price of the software. This is completely optional, but we would advise ALL customers to take this option as it provides access to PRIORITY support and FREE upgrades.

PDFDataNet: Support and upgrades are included as part of the annual subscription fees.
