

Book Trolley

The Book Trolley is a slim and manoeuvrable unit for efficiently distributing books & returns. The trolley has comfortable handles at each end, is built around a strong steel frame & sits on 4 robust, non-marking castors.

The upper shelves are angled back, enabling spine-out sorting & reducing the risk of damage to books.

The attractive looks and choice of finishes, enable the Book Trolley to complement your existing furniture. An excellent choice for either schools, colleges, hospitals or libraries.

All our Library Furniture is designed & manufactured to conform to BS5459 & BS7176

Features

Steel-frame construction

The Book Trolley is constructed around a strong steel frame. Built to withstand the heavy loading of the day-to-day rigours of library re-stocking.

Durable Construction

All exposed panels are protected with robust ABS protective edging. Materials used throughout are strong & durable with scratch resistant, wipe clean panels.
