## Command Center and Location Discovery for Mobile Employees

Deliver on your global talent management objectives by ensuring you have the right people in the right locations - on time and budget. Attract, develop, and retain top talent globally by delivering an engaging mobility experience. Topia Go helps eliminate the stress of relocation by providing rich destination content and up-to-date logistics information across your vendor network. Employees and dependents can access key information with the mobile app and can securely store and share important documents throughout their journey. Topia Go integrates seamlessly with the rest of the Topia Product Suite to offer an intuitive "command center" to the employee while allowing the leading companies to develop and retain their mobile talent.

### Key Capabilities

**Deliver Engaging Experiences:** Delight your employees with a modern interface that puts information at their fingertips and reduces stress throughout the mobility journey.

**Empower Your Employees:** Let employees take control - deliver up-to-date move timelines and status, as well as a list of upcoming tasks.

**Provide Clarity:** Offer key policy, benefit, and allowance explanations for a surprise-free journey. Consolidate all employee communications in one place.

**Deliver Destination Insights:** Ease employees and their families into their new environment with curated city and neighborhood guides, and detailed corporate office information. Offer useful cost-, and quality-of-life metrics to remove uncertainty around their destination.

**Drive Productivity:** Define detailed workflows and automate critical steps employees must complete depending on destination and policy; assign ad-hoc tasks, and track progress. Implement secure, error-free, and streamlined document management.

# San Francisco

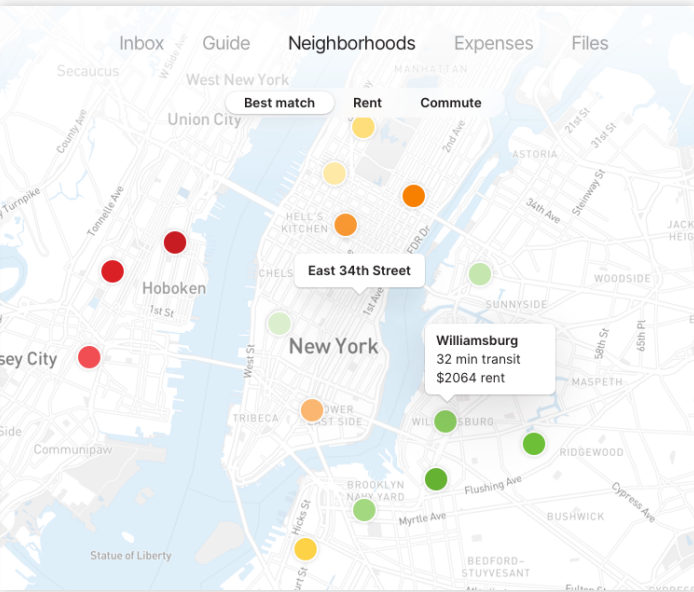

About Our Office Local Services

## Welcome

### Welcome to San Francisco

With a population around 900,000 and the third-largest urban economy in the US, San Francisco is the cultural, commercial, and financial center of northern California. The city's geographic proximity to the San Francisco Bay contributes to its notoriously cool summers, daily fog, and steep rolling hills. The greater Bay Area, including Oakland to the east and San Jose to the south, is home to some 7 million people.

First founded in 1776, San Francisco experienced rapid growth during the California Gold Rush and is today the fourth most populous city in California. Despite the sprawling nature of the Bay Area, well-developed highways, ferries, and public transit infrastructure allow for easy commuting across
