PIPE HANGING SYSTEMS PRODUCT GUIDE

www.ashworth.eu.com

Welcome to Ashworth

Ashworth is recognised as one of the leading distributors to the mechanical services and process industries markets, providing market-leading products from a network of strategically located branches serving all the major conurbations and surrounding territories.

Ashworth continually adapts to changing market conditions and prides itself on developing innovative, problem solving products and services to meet our customers' needs, as well as continuing to supply many proven products in our traditional pipeline, valves and fittings portfolio.

I am pleased to bring you our Hanging Systems Product Guide. This guide features products from major manufacturers both in the UK and from abroad.

As with any product range, our range of Hanging Systems products and accessories is continually changing, if you do not see what you want or have a specific requirement, please call in to your local Ashworth branch or call FREEPHONE 0800 783 7680 and you will automatically be transferred to the nearest branch.

I would like to take this opportunity to thank you for your business and continued support.

Best Regards

Bill Willocks
Brand Director

These include:

- Mechanical services contractors
- Plumbers
- Heating engineers
- Drainage contractors
- Local and government authorities
- Fire protection contractors and fabricators
- International petrochemical companies and associated contractors
- OEM and in-house company engineers
- Secondary distribution channels

SERVICE

We pride ourselves on supplying an unrivalled range of products and services from recognised market leading manufacturers. These products are stocked in depth at all our sites which are linked via a sophisticated IT network to facilitate the sourcing of additional products in rapid time, thus improving on-site deliveries.

We service the UK from our network of strategically placed branches, all of which employ teams of knowledgeable staff equipped to answer the needs of our customers enquiries.

They are all trained to problem solve received enquiries, whether that be sourcing a new range of products or simply providing service on our stocked ranges.

We strive to be at the forefront of innovations and will introduce new product ranges and services on a regular basis, thus providing our customers with the opportunity to differentiate their own service to their clients.

Our objectives in service are to provide:

- A friendly and helpful service to all our customers
- A quick and efficient response to all enquiries
- A core range of products to satisfy immediate customer requirements
- Innovative and efficient solutions to customer needs

Lindapter Decking Fixings

Lindapter's range of mechanical fixings, to connect services to composite steel floor decking, brings a range of benefits to both the specifier and installer alike. Designed in conjunction with the decking manufacturer to fulfill the specific requirements of their customers, the advantages of using these mechanical methods of fixing against alternative methods include:

- Reduced installation time
- Adjustable and removeable
- Guaranteed Safe Working Loads
- Minimum Factor of Safety of 3:1 on all decking fixings
- No specialist tools or skills required
- No risk of delamination
- Structural integrity of decking maintained
- No power required on site

Lindapter Alphawedge

The Alphawedge (AW) is designed to lock quickly and securely into the re-entrant channel of Alphaloc or Ribdeck AL decking. The product consists of two parts - a wedge and a plate and has a Safe Working Load of 1kN. The wedge can be tapped to accommodate thread rod sizes M6, M8 or M10.
