Keir Surgical Signs Distribution Agreement with Rhein Medical

June 1, 2018 – Vancouver, Canada – Keir Surgical Ltd., a Canadian surgical instruments company, is excited to announce that effective immediately, it becomes a distributor of Rhein Medical ophthalmic instruments in Canada.

Rhein Medical was acquired by Katena Products in October 2017. The Rhein Medical product range is focused on surgery in the anterior segment, and includes instruments for cataract and refractive surgery, glaucoma and corneal procedures, and for the ocular surface.

With access to both Katena and Rhein Medical ophthalmic instruments, Keir Surgical now offers the widest range of surgical instruments for ophthalmic surgery in Canada including:

- Barron Vacuum Trephines & Punches
- Nichamin and Tomahawk Choppers
- Connor Wands
- Maskin® Meibomian Gland Intraductal Probes & Tubes
- Patterns designed for Femto cataract surgery
- And many others!

We look forward to working with you to satisfy your ophthalmic surgical instrument needs.

About Keir Surgical Ltd.

Keir Surgical Ltd. is a Canadian owned and operated surgical products company dedicated to providing its customers with quality products and service. For over 90 years, Keir Surgical has been supplying Canadian hospitals with high-quality surgical instruments, headlights and light sources, sterilization containers and trays, and sterile processing supplies.
