

HKBAC voted “Best Ground Handling Agent” in 2018
AsBAA Icons of Aviation Awards

It was another heartening evening for everyone at the Hong Kong Business Aviation Centre (HKBAC) on 10 November 2018, as we were awarded “Best Ground Handling Agent” for the second time at AsBAA’s Icons of Aviation Awards Asia Charity Gala Dinner, an industry highlight activity held since 2015 celebrating excellence in the business aviation industry.

The accolade has recognized HKBAC’s seamless business aviation service. Ms Madonna Fung, General Manager of the HKBAC, would like to thank AsBAA members and friends wholeheartedly for the great honour and support, believing that the award is a testament to HKBAC’s commitment to Safety, Service and Style. “I’d give credit to our team’s “can-do” spirit and relentless innovation while being always customer-oriented. Our collective passion and professionalism have earned HKBAC continuous industry acclaims. We shall step up efforts to upgrading HKBAC’s facilities and services to ensuring we play well our extended role in regard to Hong Kong’s success as an international aviation hub,” pledged Madonna.

HKBAC is the Diamond Sponsor of this year’s Icons of Aviation Awards Asia Charity Gala Dinner, which also raised fund in support of Orbis, the flying hospital helping especially those in Mainland China to regain their sight.
