FUSION

LOUNGE

# Nirvana

Let yourself be welcomed by the sinuosity of these shapes and surrender to extreme comfort. The harmonious profile of its curves is now also available in the low back version, in both a wooden and metal frame. Ideal for all lounge areas.

# Megan

A classic design for a timeless item. After the success of our Bergère armchair, we wanted to extend the Megan range to include a sofa, keeping the functional and stylistic features of this product unchanged.

# Kesy

The Kesy collection's contemporary shapes are now available in the new larger sizes of the XL lounge and the 2 seater lounge, following the Torre 1961 philosophy of offering the largest possible choice of models within the same product line.

# Adima

This family is getting larger, too. The lounge armchair in its two versions, standard or XL, together with the 2 seater lounge, complement the Adima collection with new types of armchairs designed to make this collection even more distinctive and suitable for all uses.

# Magda

Our historical product is enhanced with one more element. Style and clean lines also characterize the 2 seater lounge model, which complements the Magda line, making it a truly complete range that fits into any environment.
