

AIM-PROGRESS

The AIM-PROGRESS mission

Positively impact people's lives through our combined leadership of robust responsible sourcing practices throughout our supply chains.

AIM-PROGRESS is a forum of leading Fast Moving Consumer Goods (FMCG) manufacturers and common suppliers, assembled to enable and promote responsible sourcing practices across common supply chains.

WHAT OUR MEMBERS

HAVE TOLD US

“Save time for your buyers, save money for your suppliers, accelerate your programme – a triple win concept!”

“Three mutually recognised audits pay for the membership fee”

“...countless opportunities for collaboration and benchmarking.”

“...access to a host of materials for further developing our Responsible Sourcing Program.”

“AIM-PROGRESS enables the sharing of ideas and experience.”

“AIM-PROGRESS enables members to stay on the leading edge of emerging topics in responsible sourcing and tackle them together.”

Are you asking yourself any of these questions about responsible sourcing?

How to collaborate on **pre-competitive issues**? | How to reduce **need for multiple supplier audits**?

Where to find **guidance and best practice** to develop your programme? | How to know **emerging trends and what legislation** to comply with? | How to go **beyond compliance**?

How to make **the case to the company leadership**? | How to **engage your supply chain partners**?

How do I **grow my network of like-minded peers**?

1. Building supply chain capability
2. Effectively assuring compliance
3. Driving continuous improvement

3 KEY OBJECTIVES

- The **4** pillars of responsible sourcing
- HUMAN RIGHTS & LABOUR STANDARDS
 - HEALTH & SAFETY
 - ENVIRONMENT
 - BUSINESS INTEGRITY

What we deliver?

- A meeting forum to discuss operational topics
- A reference website and community of practice
- A network of responsible sourcing professionals
- Annual benchmarking of members' responsible sourcing programmes
- Mutual recognition of supplier audits
- Joint supplier capability training
- Developing and sharing best practices
- Providing guidance on how to move forward – our Responsible Sourcing Journey
- Keeping up to date with regulatory developments
- Enabling on-the-ground project work for interested members

Benefits for members

- ✓ Peer-to-peer collaboration
- ✓ Driving synergies and continuous improvements in our common supply chains
- ✓ Reducing audit duplication, cost and fatigue through mutual recognition
- ✓ Delivering a shared vision to suppliers through capability building
- ✓ Sharing best practices and discussing solutions
- ✓ Helping build your responsible sourcing programme

Benefits for suppliers

- ✓ Building & protecting reputation
- ✓ Reducing risk of supply disruptions
- ✓ Preferred supplier for customers
- ✓ Increased worker retention & productivity
- ✓ Compliance with the law
- ✓ Cost saving
