AOSA/SCST Annual Conference last attended:

Continuing Education Requirements:

5 points required for each year RMI up to the maximum of 20 points. RMIs who have been actively engaged in seed testing will be required to obtain 1/2 the amount or 2 1/2 points per year up to the maximum of 12 points. Points may be obtained by:

- Hands on seed schools and seed workshops.
- 1/2 of C.E. points may be obtained from approved college course(s).
- Individualized training outside of the analyst's regular work environment (requires pre-approval by Executive Director).
- Participation in the SCST proficiency testing program or other proficiency testing program as approved by the executive director.

Please contact the SCST executive director if you have questions regarding continuing education points.

Seed School(s)/Workshop(s) attended (Confirmation must accompany this application):

Organizing Agency	Supervisor	Date(s)

Comments:

Has your present laboratory been inspected to determine if it has met requirements for minimum equipment and reference material?

Yes No

At your present laboratory, do you conduct both purity and germination tests?

Yes No

If no, please explain:

List the main crops seeds testing in your laboratory:
