Job Title: Product Owner
Reports To: Technical Director

Job Summary:

Reporting to the Technical Director, the successful candidate will take ownership of our flagship aviation software; skybook. We are looking for someone who is highly experienced as a Product Owner specifically having a proven track record in aviation software.

Accountabilities:

- Work with customers to analyse their needs and align our product roadmap to strategic business goals.
- Take ownership the skybook product roadmap.
- Identify potential development partners.
- Develop scope and define backlog items (epic/features/user stories) that guide the Agile software development team.
- Solve product related problems, make decisions, complete trade-off analysis to stay on track towards business deliverable commitments.
- Draft key objectives and results, strategies and apply the data for the product to allow business decision making.
- Possess a fundamental understanding of end-to-end customer experience integration and dependencies.
- Collaborate with stakeholders during the visioning and concept development of a product.
- Be accountable for the created product, delivering in the product model and communicating the product needs with business partners.
- Asses value, develop cases, and prioritise stories, epics and themes to ensure work focuses on those with a maximum value that are aligned with product strategy.
- Identify and help the client understand the value and value proposition.
- Develop and maintain an appropriately prioritised backlog of user stories for implementation.
- Act as an ambassador for the product internally and externally and as the primary contact for development queries related to the product.
- Develop appropriately detailed specifications for the product features so they are clearly understood by the development team.
- Represent team in front of stakeholders, clients or users.
- Research and analyse market from a users needs perspective, ensuring our product stays ahead of competitors and exceeds the needs of our customers and potential customers.
- Follow our competitors and the industry
- Increase an understanding of Agile practices, Lean Startup, new technologies opportunities and other new trends.
- Lead on the product functional design process based on an intimate knowledge of the users and technology.
- Develop and maintain appropriate tracking and reporting of product performance post-launch to evaluate future investment.
- Work to tight deadlines to ensure that our product is delivered on time, without compromising quality. Experience

- Strategic and creative thinker with vast experience in product management
- Stakeholder management experience.
- Deep understanding and experience with Agile methodologies.
- Ability to work with cross-functional teams to deliver on a common goal.
- Excellent interpersonal skills and developing relationships with team members and customers.
- Experience with a definition of minimum marketable features and minimum viable products.
- Experienced in defining the product roadmap.
- Outstanding communication, presentation and leadership skills.
- Excellent organisational and time management skills.
- Excellent analytical and problem-solving skills
- High level of attention to detail.
- Must be disciplined
- Overall understanding of technologies used in the product.
- Aviation background specifically flying or operations
  ** although not a specific requirement of the role, due to the location of the offices the successful candidate will be a driver with access to a vehicle

Qualities:

· Self-motivated and hard worker
· Ability to receive feedback and constructive criticism positively
· Putting the customer first and using quality as a prime driver of outcomes
· Desire and willingness to learn
· A team player that shares the values and ethos of the company

Location:

Headquartered approximately one mile from Humberside Airport in the small village of Kirmington. We are surrounded by the picturesque Lincolnshire countryside ideal for a lunchtime walk. The local pub, The Marrowbone and Cleaver and St Helena's Church are just a couple of minutes away.

Staff Benefits:

- Excellent pay progression opportunities (starting salary negotiable, depending on experience)
- 25 days annual leave, increasing with service, plus public bank holidays
- Pension scheme
- Flexible working hours
- free fruit and drinks at work
- Summer and Winter bonus scheme (after 12 months)
- Training and development opportunities
