

ICOH 2018 Congress Programme (09.03.18)

29th April - 4th May | Dublin, Ireland

Sunday, 29th April 2018	
10:00-17:00	Congress Registration Ground Floor, Convention Centre Dublin (CCD)
14:00-17:00	ICOH General Assembly (ICOH Members only) Wicklow Hall 2
17:00-18:30	Opening Ceremony Auditorium
18:30- 19:00	Opening Keynote Address (OK1) Auditorium Chairs: Martin Hogan, President ICOH 2018 Jukka Takala, ICOH President Dr. Kurt Straif <i>The IARC Monographs and the burden of occupational cancer</i>
19:00- 19:15	ICOH Lifetime Achievement Award Auditorium
19:30-20:30	Welcome Reception & Exhibition Opening The Forum

Monday, 30th April 2018

Monday, 30th April 2018																						
Plenary Session 1 (PS1) Auditorium Chairs: Mary Horgan, President RCPI Jorma Rantanen, ICOH Past President Dr. Gerry Eijkemans <i>The importance of workers' health to advance the United Nations sustainable development agenda</i>																						
Plenary Session 2 (PS2) Auditorium Chairs: Bill Gunnyeon, CBE President IOSH Lora Fleming, University of Exeter, UK Hans-Horst Konkolewsky <i>Vision Zero: A world of work without fatal and serious accidents and diseases</i>																						
Tea & Coffee Break / Viewing of Exhibition/ General Posters 1 The Forum																						
Student Poster Welcome Session Liffey Hall 2																						
Semi plenary 1 (SP1) Auditorium Chairs: Martin Hogan, Past Dean Faculty of Occupational Medicine RCPI Michele A. Riva, University Milano Bicocca Dr. Blanaid Hayes <i>National survey of wellbeing of hospital doctors in Ireland</i>					Semi plenary 2 (SP2) Liffey B Chairs: Inger Schauburg, DG National Research Center for the Working Environment Miguel Sergio Kabillo, ICOH SC on Work and Vision Prof. Jari Kaivo Oja <i>Artificial intelligence and robotics as challenges and tools of new occupational healthcare</i>					Semi plenary 3 (SP3) Liffey A Chairs: Bengt Knave, ICOH Past President Sarah Copsey, EU OSHA Agnes Parent-Thirion <i>Analysis of the 6th European Working Conditions Survey data</i>					Semi plenary 4 (SP4) Wicklow Hall 2 Chairs: Bev Messenger, CEO IOSH Marija Bubas, Secretary ICOH SC Education and Training Prof. John Harrison <i>The role of education and training to sustain and develop an occupational health workforce for the benefit of working people</i>							
Semi plenary 5 (SP5) Wicklow Hall 2 Declan Whelan, Past Dean Faculty of Occupational Medicine RCPI Quentin Durand-Moreau, University Hospital of Brest, France Prof. Alexis Descatha <i>Emergency in occupational health: from preparedness and response to well-being?</i> (Note: presented in French - translation headsets to English available on level 3)					Semi plenary 6 (SP6) Liffey B Chairs: Sergio Iavicoli, ICOH Secretary General Fabrizio Russo, Campus Bio-Medico University, Dept. of Orthopedic and Trauma Surgery, Via Alvaro del Portillo, 200, Rome, Italy Prof. Paul Kuijjer <i>Knee arthroplasty and the unforeseen impact on work</i>					Semi plenary 7 (SP7) Liffey A Chairs: Stefano Mattioli, Chair SC Health Services research in Occupational Medicine Timo Leino, Chief Medical Officer Finnish Institute of Occupational Health Jani Ruutsalainen <i>My truth is better than yours: how to fight back in the age of alternative facts</i>					Semi plenary 8 (SP8) Wicklow Hall 2 Chairs: Chiara Leva, President Irish Ergonomics Society Andrew Curran, ICOH Board Member, Health and Safety Executive Jean Mangharam <i>The development of a statewide framework for the prevention and management of work-related musculoskeletal disorders: a Western Australian experience</i>							
Lunch on Sale / Viewing of Exhibition/ General Poster 1 & Student Poster Sessions The Forum																						
Poster sessions The Forum																						
12:20-13:20																						
13:20-14:50																						
Session	Session 1 (S597) Auditorium, Level 3	Session 2 (S546) Liffey B, Level 1	Session 3 (AS72) Liffey A, Level 1	Session 4 (AS65) Wicklow Hall 1, Level 2	Session 5 (AS1) Wicklow Hall 2a, Level 2	Session 6 (S511) Wicklow Hall 2b, Level 2	Session 7 (S555) Liffey Hall 1, Level 1	Session 8 (AS21) Liffey Hall 2, Level 1	Session 9 (S55) Liffey Meeting Room 2a, Level 1	Session 10 (S549) Liffey Meeting Room 2b, Level 1	Session 11 (S586) Exocem, Level 2	Session 12 (AS13) Wicklow Meeting Room 1, Level 2	Session 13 (AS58) Liffey Meeting Room 3a, Level 1	Session 14 (S545) Liffey Meeting Room 3b, Level 1	Session 15 (AS22) Wicklow Meeting Room 2a, Level 2	Session 16 (AS49) Wicklow Meeting Room 2b, Level 2	Session 17 (AS42) Wicklow Meeting Room 3, Level 2	Session 18 (S5105) Wicklow Meeting Room 5, Level 2	Session 19 (AS6) Liffey Meeting Room 1, Level 1	Session 20 (AS61) Wicklow Meeting Room 4, Level 2	Session 21 (AS7) Liffey Meeting Room 5, Level 1	Session 22 (S563) Liffey Meeting Room 4, Level 1
Session Chair	Er. HO Siang Hin	Claudia Nogueira Dr. David M Zalk	Dr. Karen Nieuwenhuijsen	Dr. William Shaw	Dr. Su Wang	Dr. Max Lum	Dr. Paul A. Schulte Prof. Ivo Iavicoli	Dr. Timo Leino	Prof. Clas-Håkan Nygård Prof. Frida Marina Fischer	Dr. Erik Jers Dr. Florencia Harari	Prof. Claudio Colosio Gert van der Laan Assoc. Prof. Hanifa Denny	Leon Guo	Prof. Roberto Lucchini Dr. Natalia Pawlas	Dr. Ivan Ivanov	Prof. Alfredo Menéndez Navarro	Assoc. Prof. Hanifa Denny	Kate Jones	Dr. Robert Kerr	Prof. Takemi Otsuki	Renata Sisto	Prof. Alicja Bortkiewicz Prof. Els Clays	Dr. Elia Enriquez
Title	Occupational Health: From Enforcement to Prevention and Rehabilitation?	Workplace Health Without Borders - Increasing Impact of global training and mentoring collaborations across organisations protecting workforces	Workers' Mental Health and Work Functioning	Disability Prevention for Workers with Injuries and Illnesses: Research Updates on Disability Factors, Interventions and Policies (1)	Accident Prevention: Linking Research to Practice	Rapid Fire Interactive Session: Linking Communication Science and Practice (Part 1)	Update on Potential Hazards of Nanomaterials (Part 1)	Occupational Health Services	Aging and Shiftwork (Part 1)	Mercury Free Gold Mining: Advancing the Global Minamata Convention	Health Effects of Pesticides: Problems to Solutions (Part 1)	Burden of Disease: Translation of Research to Policy (1)	Toxicology of Metals (1)	Towards the WHO/ILO joint methodology for estimating the burden of work-related disease and injury	Significant Events in Occupational Disciplines, Sectors and Diseases	Pesticides, Risks, Health Effects and Prevention	Occupational Toxicology	Managing Psychosocial Working Conditions	Immunotoxicology in Workplaces: Prevention, Early Detection and Treatment	Occupational Exposure to Vibration: New Knowledge for Risk Assessment and Strategies for Reducing Risk (Part 1)	Health Problems of Professional Drivers	OSH in Latin America: State of the Art and Future Challenges
Theme	International Collaborations	International Collaborations	Work Organization and Psychosocial Factors	Work Disability Prevention and Integration	Accident Prevention	Communications in OH	Nanomaterials	Health Services Research	Aging and Work	Mining OSH	Rural Health: Agriculture, Pesticides and Organic Dusts	Epidemiology	Toxicology of Metals	International Collaborations	History of Prevention of Occupational Diseases	Rural Health: Agriculture, Pesticides and Organic Dusts	Occupational Toxicology	Work Organization and Psychosocial Factors	Allergy and Immunotoxicology	Vibration and Noise	Cardiology in OH	Occupational Health and Development
13:20-14:50	Er. Ho Siang Hin Introduction to the session and "The Case of Raising Occupational Health Standards in Singapore" 1770	Claudia Nogueira Workplace Health Without Borders - Building Occupational Health and Safety capacity through collaboration with under-served populations: A global perspective 1610	Dr. Edwin Boezeman A role focused self-help course reduces stress and subsequent work functioning problems in workers who have informal care responsibilities 225	Dr. Timo Leino Collaborative factors associated with positive economic outcomes in disability management - A multiple case study with mixed methods 470	Prof. João Marcos Bernardes Do self-reports of musculoskeletal symptoms predict occupational accidents? Evidence from a hospital-based case-control study in Brazil. 952	Robin Nicholas Jobs, Life, work and the many lessons of listening and talking along the way 1682	Dr. Paul A Schulte Overview - Update of potential hazards of engineered nanomaterials 1601	Dr. Linda Forst Finding at-risk, low wage workers in community health centers in the US 1331	Mikko Härmä Objective working hour characteristics, age and sleep: a prospective study of hospital employees 1617	Dr. Jesper Baslum Short Introduction to the Minamata Resolution and Health Consequences of Mercury versus Mercury free gold mining Methods 1637	Prof. Claudio Colosio Development of New Tools for bringing pesticide risk assessment in the small size enterprises and in the developing world 1659	Prof. Paul Demers Using Burden of Cancer to Promote Policy Change 375	Prof. Matteo Bonzini Methyltransferase gene expression as possible mediator of the effects of arsenic exposure: an epigenetic study in foundry workers 1275	Dr. Ivan Ivanov Nancy Leppink An introduction to the WHO/ILO joint methodology 1653	Prof. Alfredo Menéndez Navarro The Politics of Dust Suppression in Spanish Coal Mining, 1944-1975 747	Assoc. Prof. Hanifa Denny A pesticide exposure study using 24-hour biomonitoring and dermal sampling to determine total uptake and the routes of exposure. 452	Prof. Valentina Bullati Effects of metal-rich particulate matter exposure on Epstein-Barr virus and human endogenous retrovirus w (HERV-w) methylation in healthy steel-workers. 1272	Dr. Robert Kerr Managing psychosocial working conditions within Ireland and the UK 1672	Prof. Suni Lee Clinical evaluation of CENP-B and ScI-70 autoantibodies in silicosis patients. 836	Dr. Eckardt Johanning Vibration Emission Information for Users of hand-tools in the EU and North America - An International Comparison 1108	Prof. Nicola Maggavita Association between undiagnosed sleep disorders and cardiovascular disease in healthy truck drivers 201	Dr. Jorge A. Morales-Camino Occupational Health in Mexico 1705
13:20-14:50	Martin O'Halloran Perspective from Established Market: Ireland's Regulatory Framework on Occupational Health 1770	Dr. Kevin Hedges Workplace Health Without Borders - Building capacity in the reduction of exposure to respirable crystalline silica (RCS) 1610	Barbara Mutulić Assessment of psychosocial risks and work ability among seafarers 448	Prof. Kerstin Ekberg Employer accommodations and productivity loss for long-term sick-listed workers before, during and after sick-leave 472	Dr. Ovidio Roberto Hermosilla Colmenares Occupational health and safety philosophy vision zero and wellness programs at grupo progreso 1093	Sture Bye The Use of video and content to promote and disseminate science 1682	Prof. Daniela Pelclova Noninvasive biomonitoring of 3 groups of nanomaterials workers with elevated markers of oxidative stress and inflammation 1601	Prof. Vivian Mininell Worker Health Surveillance: challenges to make it happen 1514	Anne Gardé Permanent night work, age and sickness absence 1617	Dr. Stephan Bose-O'Reilly Health effects of mercury poisoning among miners and families in ASGM 1637	Hanifa Denny Safe Use of pesticides among traditional farmers in Java Indonesia 1659	Prof. Tim Driscoll The 2016 global burden of disease arising from occupational exposures 1372	Prof. Eric Amster Low level Urine Arsenic Concentration and Obstructive Pulmonary Disease among U.S. Workers 390	Dr. Frank Pega Dr. Yuka Ujita The scientific approach of the WHO/ILO joint methodology 1653	Seyhan Sen Prevention of occupational diseases: Deriving lessons from a journey of surveillance in France 823	Dr. Mounia El Yamani CIPA-TOX: a new tool to assess retrospective occupational exposure and health effects of pesticides in France 1210	Prof. Dr. Simone Schmitz-Spanke Combination of cellular assays with metabolomics revealed mechanistic insights on dose-response relationship of 3-nitrobenzanthrone in human urothelial cancer cells 753	Dr. Jonathan Houdmont Validation of a single-item measure of job stressfulness 1672	Dr. Carlo Grandi Occupational exposure to immunotoxins and solar radiation in the framework of ongoing climate change: another step in exposome profiling 136	Thomas Clemm Full-shift hand-arm vibration measurements among rock drillers 834	Dr. Akanksha Rathi A cross sectional study of prevalence of depression, anxiety and stress amongst professional cab drivers in New Delhi 499	Arturo Juárez-García Psychosocial Factors at Work in Latin-American Region: State of the Art 1705
13:20-14:50	Andrea Hiddinga-Schipper Emerging Trends on Occupational Hygiene 1770	Dr. David F Goldsmith Global Impact: WHWB-US Model of increasing Professional Outreach and Growth 1610	Dr. Kim Cullen Preventing work disability in workers with depression; a systematic review 549	Dr. João Silvestre Silva-Junior Sustained return to work after sick leave due to mental disorders in Brazil - A multiple case study with mixed methods 512	Dr. Sara Thomée Psychological consequences of electrical accidents at work: Interviews with Swedish electricians. 1186	Dr. Chuck Kardous The Use of digital communication tools to assist moving research into practice: The NIOSH sound level meter app. experience 1682	Prof. Henrik Wolff The Potential Carcinogenicity of Carbon Nanotubes (CNTs): Similarities and Differences with the Pathogenesis of Asbestos Related Cancers 1601	Prof. Norito Kawakami The Stress Check Program: An evaluation of the first-year implementation of the new national workplace mental health program in Japan 1211	Janet Barnes-Farrell Psychosocial and health implications of around the clock operations for corrections officers 1617	Dr. Florencia Harari Occupational and environmental boron exposure and health effects 1637	Prof. Pierluigi Cocco Carbon and other chronic degenerative diseases following long term exposure to pesticides 1659	Dr. Dong-Hee Koh Combining lead exposure measurements and experts' opinion through a Bayesian framework 1131	Dr. Julia Krabbe Biological effects of copper and zinc containing welding fumes after controlled exposure of humans 301	Prof. Sergio Iavicoli Dr. Diana Gagliardi Engagement with WHO collaborating centers for occupational health 1653	Dr. Henriett Eva Hirdi Institute and Museum of Health at Work in Hungary between 1901 and 1945 938	Dr. Ismanliza Ismail Occupational exposure to acetophenone among oil palm plantation workers: glove permeation and skin wipe studies 859	Prof. Kyoung Sook Jeong Epigenetic changes in firefighters 248	Dr. Ray Randall Rapid process evaluation of organisational-level psychosocial interventions 1672	Dr. Naoko Kumagai-Takei Effect of long-term exposure to asbestos on functional properties of human C8b-T cell line 640	Dr. Mansoor Ali Exposure to Hand-Arm Vibration and risk factors for HAVS amongst oil workers in the UAE 1085	Prof. Angelika Bashkireva The assessment of occupational risks of accelerated aging among Russian professional drivers 1121	Dr. Claudia M. de Hoyos Occupational Health in Argentina 1705
13:20-14:50	Dr. Yushi Fujita Trends in Musculoskeletal Disorders 1770	Dr. Steve M Thygeson Occupational Health and Safety Workforce Development in Mozambique 1610	Dr. Robert Quigley Impact of mental illness on productivity of the mobile workforce as the worker profile transitions from baby boomer to millennial 1168	Nancy Carnide The relationship between early prescription dispensing patterns and work disability in a cohort of low back pain workers' compensation claimants 953	Mehdi El Fassi A pilot study to identify the factors favoring hypovigilance by drowsiness measured by a non-invasive monitoring device under real conditions. 1256	Dr. Bruce Lippy Improving awareness of Nanomaterials among U.S. construction workers 1682	Prof. Enrico Bergamasch Hazard determinants of Carbon Nanotubes (CNTs) driving Molecular Initiating Events (MIEs) in Adverse Outcome Pathways (AOPs) of airways diseases 1601	Prof. Jerry Spiegel Exploring key informant perceptions regarding the prevention and control of tuberculosis among healthcare workers 899	Jeanne Duffy Circadian and Sleep Homeostatic Intervention Strategies for Older Shift Workers 1617	Dr. Jane F Thomsen The mercury-free gravity box method in artisanal small-scale gold mining 1637	Erik Jers Indiscriminate use of pesticides in agriculture and effects on health and environment examples from Bolivia, Uganda, Nepal and Cambodia 1659	Dr. Dong-Hee Koh Estimation of lead exposure prevalence in Korean population through combining multiple experts' judgment based on objective data sources 1132	Asst. Prof. Dr. Kowit Nambunnee Bone metabolism abnormality and renal dysfunction in cadmium exposed farmers from Thailand 615	Prof. Alex Descatha Prof. Sergio Iavicoli Prof. Lede Godderis Prof. Carel Hulshof Prof. Swen John Preliminary findings from systematic reviews of occupational risk factor-health outcome pairs for the WHO/ILO joint methodology 1653	Dr. Michele Augusto Riva Carlo Vallardi (1886-1962). An assistant of Luigi Devoto deported to Mauthausen concentration camp 754	Zhou Jian Cross-sectional Survey on genitourinary system health of vegetable greenhouse growers in suburban areas in Yinchuan 731	Dr. Merete Drevalne Bugge Heart rate variability in smelter furnace workers 771	Ulrika Hultgren Team coaching as an intervention in the workplace psychosocial risk assessment process 1672	Dr. Hideonori Matsuzaki Effect Of Short-term exposure to Asbestos on Human T Cell Line MT-2. 667	Dr. Enrico Marchetti Muscular activation in vibration perturbed human walking and modelling 87	Dr. Manfredi Montali Arterial hypertension risk in a working population 827	

		Dr. Bill Gunnyeon Health and Wellbeing - The role of the occupational safety and health professionals 1770		Carolyn Dewa Examining the Relationship Between Depression Symptoms Profiles and Work Productivity Loss. 1292	Dr. Ellen MacEachen A time for reflection: international work disability policy challenges and directions 157		Dr. Dietmar Elsler Utilizing the OSHwiki: lessons learned for dissemination and engagement. The EU-OSHA experience 1682		Prof. Dr. Monika Rieger Prevention of Common Mental Disorders in Employees - Attitudes of Health Care Professionals, Human Resources Managers, and Employees in Germany 585		Dr. Jinky L Lu When Mining Surrounds the Community: Work, Well-Being, and Environmental Monitoring in Small Scale Mining in the Philippines 1637	Angelo Moretto Pesticide prevention starts from the pre-marketing phase 1659	Dr. Taina Leinonen Occupational class, industrial sector, and cause-specific sickness absence trends in 2005-2013 in Finland 664	Nancy Leppink Dr. Ivan Ivanov Policy and practice implications of the WHO/LO joint methodology 1653	Dr. Heng-Hao Chang Occupational mental disorder in Japan, Korea, and Taiwan: an update of information 1403	Yonna Moreau Occupational exposure to pesticides among farmers: outcomes of survey and leads for prevention 1451	Dr. Renee Daumas Coaching and painting shop workers' co-exposition to noise and ototoxic substances. Risk evaluation and prevention. 158	Dr. Claudia Petrarca TiO2 and TiO2-mesoporous silica nanoparticles toxicity evaluated on primary human peripheral blood mono/lymphocytes 1333	Karollen Lauwers Whole body vibration among professional bus drivers - Evaluation of an intervention study to reduce low back pain 424	Dr. Kishore P Madhawi Lampighar Program - India. A sustainable model to achieve wellness at the workplace (Sharing experiences of 12 year prospective study) 752	Dr. Shomo Moshe Facilitating Return to Work and Maintenance of Employment After Myocardial Infarction: Results of A Randomized Trial 359	Dr. Shomo Moshe The implementation of clinical guidelines concerning return to work after myocardial infarction 360

	Title	Case Studies in Moving Research into Practice: Separating Reality from Desire	Workplace Health Without Borders - Methods and Strategies for the Prevention of Work-Related Non-communicable Diseases in Economically Developing Countries	Use, Misuse, Abuse of Pesticides in Agriculture: Interventions to Promote the Safety and Health of Workers	Occupational Health in Developing Countries (1)	Improving public-corporate reporting on occupational health	Rapid Fire Interactive Session: Linking Communication Science and Practice (Part 2)	Update on Potential Hazards of Nanomaterials (Part 2)	Occupational Medicine (1)	Aging and Shiftwork (Part 2)	Asthma and Hypersensitivity Pneumonitis	Health Effects of Pesticides: Problems to Solutions (Part 2)	Effectiveness of Periodic Health Examination	Occupational Health for Health Care Workers (1) - Infectious Agents	Women, Health and Work (1)	Necessary cooperation in occupational health and safety in North African French speaking countries	Historical Perspectives on Occupational Health in Ireland	Novel Communication Case Studies Providing OSH Information for Resch, Engagement and Impact	Musculoskeletal Conditions (1)	Innovative Educational Strategies in Occupational Health Nursing	Occupational Exposure to Vibration: New Knowledge for Risk Assessment and Strategies for Reducing Risk (Part 2)	OSH in Small and Large Scale Mining	Occupational Health and Development
	Theme	Communications in OH	International Collaborations	Rural Health: Agriculture, Pesticides and Organic Dusts	Occupational Health and Development	Communications in OH	Communications in OH	Nanomaterials	Occupational Medicine	Aging and Work	Respiratory Disorders	Rural Health: Agriculture, Pesticides and Organic Dusts	Health Services Research	Occupational Health for Health Care Workers	Women, Health and Work	Occupational Health and Development	History of Prevention of Occupational Diseases	Communications in OH	Musculoskeletal Disorders	Occupational Health in Nursing	Vibration and Noise	Mining OSH	Occupational Health and Development
15:30-17:00		Dr. Kent Anger Toolkits: The key to scalable interventions and effective dissemination 1675	Peter-John (Jake) Jacobs OHTA and IOHA: Growing Occupational Hygiene where most needed 1646	Eric Åhrs Pesticide poisonings are not restricted to farmers and vector spray-men! 1663	Dr. Fabio Beccuni A systematic review of measurement techniques of workers' exposure to nanomaterials in Low- and Middle- Income countries 1184	Nancy Leppink The need for reliable data and robust indicators to drive improvements in OSH performance 1704	Dr. Thais Morata Partnerships to expand occupational safety and health content in Wikipedia 1682	Dr. Dominic Kehren A new risk grouping concept for High Aspect Ratio Materials - Adding fibre rigidity to the picture 1601	Dr. Jose Hernan Alfonso Occupation and relative risk of cutaneous melanoma: a 45-year follow-up study of 15 million people in five Nordic countries 844	Karin Proper Shiftwork and metabolic health risks - what does the literature conclude? 1617	Dr. Chris Barber Farmer's Lung Disease in a cohort of British Agricultural Workers 434	Dr. Maunila El Yamani Occupational exposure assessment to pesticides of banana workers in the French West Indies and health risks associated to their activities - Matphyto Project 1659	Prof. Ferderieke Schaafsma Pre-employment examinations for preventing injury, disease and sick leave in workers 1702	Dr. Shahieda Adams Screening for latent tuberculosis infection in health care workers: Tuberculin skin test or interferon gamma release assay? 1055	Heather Pierce Limited fluid and restricted toileting are associated with reduced work productivity in women at work 417	Prof. Benmaccour Benali Cooperation in the field of occupational health and safety in North Africa 1711	Dr. James Hayes The long history of agriculture and occupational disease in Ireland 1678	Emma Irvin Contextualized Knowledge: Synthesis for Local Stakeholders in OHS 870	Prof. Alex Deschta Politics in Occupational Health: example of an Evidence-Based driven proposal for improving upper-extremity musculoskeletal disorder compensation in France 906	Mary Gene Ryan Advancing Occupational and Environmental Health Nursing Continuing Education Resources through Technology 1177	Prof. Lars Gerhardtsson Vibration induced hand problems among Artisanal and Small Scale Gold Mining Community in Chunya District Tanzania 1057	Simon Mamuya Mercury exposure and related health problems among Artisanal and Small Scale Gold Mining Community in Chunya District Tanzania 1614	Dr. Rima Habib Assessment of Child Labor in Agriculture among Syrian Refugees in Lebanon 1614
		Garrett Burnett A Good idea that failed: A technology transfer case study 1675	Dr. Thomas P. Fuller Building Occupational Safety and Health Capacity through Grassroots Training Outreach Initiatives 1646	Andrea Rother Reducing Workers Exposures to Highly Hazardous Pesticides with the Hierarchy of Control: Labels Failure to Communicate Safety Behaviors 1663	Prof. Jack Caravanos Risks and management of airborne mercury levels at artisanal gold processing shops in the Peruvian Amazon. 879	Laura Espinach New standard on occupational health and safety reporting 1704	Sven Timm Vision Zero. What is it? Why should we care? What should we do? 1682	Dr. Dirk Broßell A New Risk Grouping Concept for High Aspect Ratio Materials - the Shaker Seafarers Test 1601	Dr. Eva Andersson Cancer incidence among tanker crews in a cohort study of Swedish seafarers 863	Jill Dorian Coping with shiftwork: individual and team strategies for health and safety 1617	Dr. Orielle Solar Hormazabal A cross-sectional study to validate a screening questionnaire to determine prevalence of Work-Related Asthma in Primary Health Care in Chile. 1037	Prof. Francesca Larese Filon Nano pesticides entering the market: new risks from ancient chemicals? The role of the skin route 1659	Dr. Eun A Kim Lessons from the experience of Workers' Medical Examination in Korea 1702	Dr. Michael Bellingheri Seasonal Influenza vaccination in Health Care Workers and students. 740	Prof. Allard Dembe Why do Female Workers Have a Greater Risk of Long Term Chronic Disease Compared to Men? 513	Stéphane Pimbert INRS and international cooperation 1711	Prof. Alan Evans Flax and Linen in the History of Irish Industrial Health 1678	Emer Carroll Communicating Workplace Health & Wellbeing in the Health Service Executive Ireland 831	Dr. Bradley Evanoff Using general population job-exposure matrices to estimate workplace biomechanical exposures: New opportunities and international comparisons 538	Angela Butkovic Facing challenges in occupational audiology from South Africa 1107	Prof. Tohr Nilsson Hand-arm vibration and the risk of neurological diseases - a systematic review and meta-analysis 1321	Jamvier Gasana Assessment of the impact of Mining on the Environment and Health in the Democratic Republic of Congo 819	Ayman Fahim Safety Culture: An Avenue to a Sustainable, Safe Workplace 1614
		Jani Routsalainen A handy decision aid for translating research findings into a visual format to aid dissemination 1675	Jackie Morton Understanding Informal Sector Exposures and Prevention 1646	Susan Brumby Agricultural exposure in Australian farmers - Monitoring, measuring and making a difference 1663	Vansha Chorsiya Influence of Industrial Safety Shoe Characteristics on Postural Stability 945	William Perry Sustainability Reporting: Raising the Bar for Safety and Health Management 1704	Sara Rouhi Using new metrics to evaluate digital communications impact on OSH stakeholder's communities online 1682	Prof. Irina Guseva Canu Occupational exposure to carbon nanotubes: The state of knowledge 1601	Dr. Dario Consonni Differences between peritoneal and pleural mesothelioma in Lombardy, Italy 1360	Prakash K.C Association of insomnia and fatigue due to shift work in midlife and mobility limitations over 28 years of follow-up 1617	Assoc. Prof. Naesinee Chalear Work-related asthma amongst asthmatic patients in the Easy Asthma Clinics in Khon Kaen, Thailand 890	Prof. Susan Brumby Agricultural exposure in Australian farmers - Monitoring, measuring and making a difference 1659	Prof. Tain-Junn Cheng Periodic Health Examination for occupational health and safety in Taiwan 1702	Prof. Antoon De Schryver National hepatitis B vaccination policies for healthcare workers in member-states of the European Union: an updated overview 507	Prof. Mats Hagberg The Mediating Role of Recovery Opportunities On Future Sickness Absence From a Gender / Age-Sensitive Perspective 548	Dr. Halim Hamzaoui OSH institutions networking in North Africa: A route to implement SDG 1711	Prof. Ken Ardley Shipbuilding in Belfast in the early twentieth century: the Titanic Era and associated health and safety matters 1678	Dr. Dwayne Van Eerd Systematic review evidence in one minute or less 547	Dr. Paul Kujler Work-related risk factors for lumbar/radicular pathology: systematic review and meta-analysis 807	Dr. Penny Orton Perceptions of the use of technology in a blended learning occupational health nursing programme in Durban, South Africa 1137	David F. Goldsmith What are we Doing About Children Mining Gold? 1103	Prof. Amani Abdallah Economics of Sustainability, Occupational Health and Safety 1614

Tuesday, 1st May 2018

08:30-09:15	<p>Plenary Session 3 (P53) Auditorium Chairs: Diana Gagliardi, Italian National Insurance for Work Accidents and Occupational Diseases (INAIL) Seong-Kyu Kang, ICOH Vice-President</p> <p>Dr. Bonnie Rogers Total worker health: From concept to reality</p>
-------------	--

09:15-10:00	<p>Plenary Session 4 (P54) Auditorium Chairs: Ken Addley, Past Dean Faculty of Occupational Medicine RCPI M. Fingerhut, ICOH Vice-President</p> <p>Prof. Leon Guo Psychosocial conditions after occupational injury</p>
-------------	---

10:00-10:40	<p>Tea & Coffee Break / Viewing of Exhibition/ General Poster 1 & Student Poster Interviews The Forum</p>
-------------	---

10:40 - 12:40	<p>Global Policy Forum: <i>Preventing Occupational Cancer: Global Policies and Strategies</i> Auditorium Chair: Jukka Takala, President of ICOH</p>
---------------	---

12:40-13:40	<p>Lunch on Sale / Viewing of Exhibition/ General Poster 1 & Student Poster Interviews The Forum</p>
-------------	--

12:40-13:40	<p>Poster sessions The Forum</p>
-------------	--------------------------------------

14:00-17:00	<p>Worksite visits (pre-registration required)</p>
-------------	--

15:50-17:20	Prof. Stavroula Leka Policy developments on the management of psychosocial risks and the promotion of mental health in the workplace in Europe 1676	Dr. Karin Broberg Epigenetic alterations as an underlying mechanism of the toxicity of metals 1654	Dr. Masaya Takahashi Sufficient periods of daily rest for adequate sleep and recovery 1635	Dr. Ezequiel Lopez Primary Care and Workers Health in Latin America 1701	Prof. John Cherie 1679	Dr. Max Lum Dr. Thais Morata Garrett Burnett Using Wikipedia to Build Our OSH Community of Practice: An General Overview 1674	Dr. Toru Yoshikawa Intercountry Networking Occupational Health Services in Japan and Asia 1719	Prof. Lin Fritschl Can we reduce harm from shiftwork? 1656	Chung-yen Chen Trends and patterns of fatal occupational injuries and compensated occupational diseases in Taiwan, 1998-2016 798	Dr. Marilyn Fingerhut Promoting OSH strategies for Global End TB efforts among silica-exposed workers and healthcare workers 1741	Prof. Igor Bkhtiyarov Diagnosis, prevention and compensation of occupational diseases in the Russian Federation 1658	Jani Ruotsalainen Personal protective equipment for preventing highly infectious diseases due to exposure to contaminated body fluids in healthcare staff 303	Marie-Claire Lambrechts Problematic drinking behaviour among Belgian workers: prevalence, health and job-related consequences 1062	Dr. Jitendra Kumar Meena A field trial to assess the effectiveness of setting up model outreach STI/HIV clinics for female sex workers in Delhi 1676	Dr. Mathilde Boulanger Measuring airborne exposure of French farmers during work related to livestock and harvesting of various crops: the AirExpA project 1354	Prof. Igor Bello Fishermen of the Caribbean: informality, the right to occupational health and the intervention of public policies 1455	Dr. Fahmidah Munir The effectiveness of workplace sports intervention on employee work, health and well-being 1615	Dr. David Alvarez-Rincon Physical workload exposure threshold in Cumulative-Trauma Disorders useful for primary prevention and for causal assessment: A 12.5y follow-up cohort study 1054	Prof. Dr. Thomas Göen Proficiency testing for quality assurance of biomonitoring data 115	Dr. Huanhuan Hu Combined effect of smoking and occupational noise exposure on hearing loss 1685	Dr. Ashish Mittal Mundane jobs – Motivation for work 1645	
15:50-17:20	Rachael Potter Assessing a national work health and safety policy intervention using the psychosocial safety climate framework 1676	Dr. Roberto G. Lucchini Manganese toxicity across the lifespan from prenatal exposure to the old age 1654	Dr. Jessica de Bloom Making leisure work: Leisure crafting as active recovery from stressful work 1635	Dr. Muzimkhulu Zungu Occupational and Environmental Health and Safety in Primary Health Care in South Africa 1701	Vincent Ho 1679	Dr. R. Rajesh Occupational Health Services in India: Challenges and Opportunities 1719	Prof. Johnni Hansen Night shift-work and breast cancer risk – what is the evidence? 1656	Dr. Fernando Feijo Occupational Musculoskeletal Disorders as a Risk Factor for Using Hypnotics: A Study Based on 2013 Brazilian National Health Survey (PNS) 652	Perry Gottesfeld Preventing tuberculosis with silica dust controls 1741	Dr. Karen Nieuwenhuijsen Influencing workers' willingness to seek help after workers' health surveillance 235	Zhang Min Diagnosis, prevention and compensation of ODS in China 1658	Dr. Karen Nieuwenhuijsen Influencing workers' willingness to seek help after workers' health surveillance 235	Devan Hawkins Estimating the number of opiate overdoses related to occupational injuries in the United States, 2011-2015 491	Sarah Copsey Mainstreaming gender into occupational safety and health (OSH) practice 1167	Dr. Anaclaudia Gastal Fassa Is plasma cholinesterase a reliable biomarker in long-term exposure to cholinesterase inhibitors? 1369	Prof. Somnath Gangopadhyay Interventions in Informal Sectors: A Participatory Ergonomics Approach 292	Dr. Stacy Clemes A cluster randomised controlled trial to investigate the effectiveness and cost-effectiveness of a Structured Health Intervention for Truckers (The SHIFT Study) 1615	Dr. Aiwerasia Ngowi Occupational exposure to mercury in small scale gold mining workers and families in Handeni, Tanzania 785	Susanne Martinuzzi The decrease of biological blood lead levels at a Lead Nitrate Plant in South Africa 271	Dr. Judith Brown The role of age and health in returning to work: results from the Supporting Older People into Employment (SOPIE) cohort 848	Dr. Thais Morata Use of the kurtois statistic to better estimate the effect of noise and solvent professional exposure on hearing threshold 1685	Dr. Evelyn Kortum Does mindfulness have a role at work? 1645
15:50-17:20	Dr. Cristina Di Tecco The management of psychosocial risks 9 years after the implementation of the European Framework Agreement on work-related stress in Italy: A monitoring study 1676	Dr. Natalia Pawlas Biomarkers of susceptibility to heavy metals 1654	Dr. Sara Arphorn Working conditions and mental health among Thai farmers 1635	Dr. Ahmet Ozlu Public Health Approach in Occupational Health and Safety Services / Turkey Example 1701	Shelley Frost 1679	Dr. Rosylene Rocha Occupational Health Services in Latin American Countries: Brazil, Paraguay and Venezuela 1719	Prof. Shelly Lap Ah Tse Nightshift work and prostate cancer among Hong Kong Chinese men 1656	Dr. João Silvestre Silva-Junior Factors associated with return to work after sickness absence due to mental disorders among Brazilian workers 514	Dr. Rodney Ehrlich Protecting health care workers from occupational tuberculosis and its effects: long on guidelines, short on implementation? 1741	Dr. Norbert L Wagner Integrated Health Programs for Healthcare Workers – Lessons learned from implementation and Evaluation in a Tertiary Hospital in Singapore 635	Dr. Linda Forst The Status of Surveillance for Occupational Diseases in the USA 1658	Dr. Bishwadeep Paul Impact of Targeted Intervention Programs with a Holistic Approach to Improve the Health Risk Parameters of Indian Workers 361	Matthieu De Zutter Prevalence of gambling in the workforce: a cross-sectional study in Brittany, France 68	Prof. Roberta Bonfiglioli Work ability in breast cancer women survivors: a questionnaire-based study 1278	Prof. Susan Brumby Diabetes, cardiovascular disease, psychosocial distress and other risks in farmers: health surveillance and outcomes 1388	Gabriela Gracia Using Ethnographic Interviews to Facilitate a Participatory Ergonomics Study among Home-Based Mapuche Weavers in Southern Chile 1307	Dr. Jonathan Houdmont Leisure-time Physical Activity among English and Welsh Police Officers: Descriptive Epidemiology and Associations with Psychosocial Working Conditions 1615	Prof. Paulo Zetola Epidemiological analysis correlated with socioeconomic and production aspects of a factory in Southern Brazil 611	Dr. Laura Campo Urinary 8-oxo-7,8-dihydro-2'-deoxyguanosine in Tunisian electric steel foundry workers exposed to polycyclic aromatic hydrocarbons and metals 1282	Dr. Maria Sanchez Fuentes Hearing process 1685	Robin Nicholas The experience of work 1645	
15:50-17:20	Dr. Horacio Tovain-Ahumada Development on policies on psychosocial risks and wellbeing at work in Mexico 1676		Dr. Paul Smits Work-related problems. What can general practitioners in the Netherlands do? 1701		Prof John Gallagher 1679	Cheikh Cisse Occupational Health Services in Senegal and Africa 1719	Prof. Damien McElvenney What should we tell shift workers to do to reduce their cancer risk? 1656	Dr. Svetlana Solovieva Trends in disability retirement during economic growth and recession 662	Annet Lenderink Since work is never done: a plea for OSH vigilance 1658	Dr. Quentin Durand-moreau A clinical approach to workaholism 33	Ivan Ivanov Strengthening the capacities of health systems for detection and notification of occupational diseases 1658	Jani Ruotsalainen How and when are non-randomised studies included in Cochrane systematic reviews – an overview of current practice 305	Ntombizodwa Ndlovu Occupational lung diseases in deceased South African women in mining 1391	Prof. Igor Bello Powerful Women's Hands 1452	Guan Lan Zhao Cohort study of mortality among male farm workers in Spain 1205	Goontalee Bangkadanara Design of vermicompost winnow machine for disabled farmers in Thailand 627	Dr. Charlotte Edwardson SMART Work: Stand more at work: A randomized controlled trial assessing the effect of providing height adjustable desks and behaviour change techniques on sitting time among NHS staff 1615	Dr. Dario Consonni Asbestos-related diseases in Curitiba: The Brazil-Italy project 1345	Dr. Jeff Burgess Use of Urinary Biomarkers and Bioassays to Evaluate Acute Chemical Exposure and Activation of Cancer Pathways in Firefighters 515	Dr. Jacob Pedersen The impact of occupational health on work-life expectancy: a representative Danish study on the years 2010-2016 310	Dr. Renata Sisto Otoacoustic emissions are sensitive to oxidative stress in humans exposed to noise and styrene 1685	
17:30 - 19:30	Business Meetings																					
Evening Events	Various optional ticketed evening events See social programme for details																					
19:30	Irish Faculty Lifetime Achievement Awards Royal College of Physicians, No. 6 Kildare Street Invitation & pre-registration only																					

Wednesday, 2nd May 2018

07.15-08.15	<p>Early Bird Session Getting your paper published: Perspectives from the Editors of <i>OEM</i> Liffey Hall 2 Prof. Malcolm Sim, Dr Lesley Rushton, Dr Geoff Calvert</p>
08:30-09:15	<p>Plenary Session 5 (P55) Auditorium Chairs: Martin O'Halloran, CEO Irish Health & Safety Authority Malcolm Sim, Monash University, Australia Prof. John Gallagher <i>Connected workplace health, safety and wellbeing in an Irish context</i></p>
09:15-10:00	<p>Plenary Session 6 (P56) Auditorium Chairs: Ken Addley, Past Dean Faculty of Occupational Medicine RCPI Kate Jones, Chair ICOH SC Occupational Toxicology, HSL Prof. Antonio Mutti <i>Gene-Environment interaction: Promises and pitfalls of molecular epidemiology and toxicology in occupational health</i></p>

10:00-10:40 Tea & Coffee Break / Viewing of Exhibition/ General Poster 2 & Student Poster Interviews
The Forum

10:40-11:25	<p>Semi plenary 9 (SP9) Auditorium Chairs: Susan Randolph, Chair ICOH SC Occupational Health Nursing Jinky Leilanie Lu, National Institutes Of Health, University Of The Philippines, Manila Prof. David Koh <i>Occupational health aspects of emerging infections: SARS outbreak affecting healthcare workers</i></p>	<p>Semi plenary 10 (SP10) Liffey B Chairs: John Ballard, Editor Occupation at Work Journal Cristophe Paris, ICOH Board Member Prof. Pierluigi Cocco <i>Prevention of sleep disorders among shiftworkers and drivers</i></p>	<p>Semi plenary 11 (SP11) Liffey A Chairs: Murray Coombs, Chair ICOH SC Medichem A.J. El Kholti, Director General, Moroccan Institute of Working Life Dr. Michael Riediker <i>Seed safety and health when rushing to help</i></p>	<p>Semi plenary 12 (SP12) Wicklow Hall 2 Chairs: Clas-Hakan Nygard, Chair, ICOH SC Ageing and Work, University of Tampere F.M. Gobba, Chair, SC Radiation and Work, University of Modena and Regio Emilia Prof. Margaret Quinn <i>Healthy aging, healthy work: A global perspective on the home care workforce</i></p>
11:35-12:20	<p>Semi plenary 13 (SP13) Auditorium Liam Howe, Chair Irish Branch IOSH Akihito Shimazu, Secretary ICOH SC Work Organization and Psychosocial Factors Dr. Anna-Maria Teperi <i>Applying human factors for promoting a positive safety culture</i></p>	<p>Semi plenary 14 (SP14) Liffey B Chairs: Shengli Niu, ILO, Switzerland Mary Ross, ICOH WG on Occupational Infectious Agents Prof. Iman Nuwayhid <i>Health of working children: Beyond workplace hazards</i></p>	<p>Semi plenary 15 (SP15) Liffey A Chairs: Maged Younes, Independent International Expert, Global Public Health, and former Director WHO Knut Ringen, Chair ICOH SC OH in the Construction Industry Dr. Lesley Rushton <i>The role of epidemiological research in the prevention of occupational ill health</i></p>	<p>Semi plenary 16 (SP16) Wicklow Hall 2 Chairs: Tara McMorrow, President Irish Society of Toxicology Ivo Iavicoli, Chair ICOH SC Nanomaterial Workers Health, University Naples Federico II Dr. Paul Schulte <i>Overview of the current state of knowledge about the health effects of nanomaterials</i></p>

12:20-13:20 Lunch on Sale / Viewing of Exhibition/ General Poster 2 & Student Poster Interviews

12:20-13:20 Poster sessions
The Forum

14:00-17:00 Worksite visits (pre-registration required)

13:20-14:50	Session	Session 111 (SS109) Auditorium, Level 3	Session 112 (SS50) Liffey B, Level 1	Session 113 (SS81) Liffey A, Level 1	Session 114 (SS3) Wicklow Hall 1, Level 2	Session 115 (AS3) Wicklow Hall 2a, Level 2	Session 116 (SS69) Wicklow Hall 2b, Level 2	Session 117 (SS56) Liffey Hall 1, Level 1	Session 118 (AS53) Liffey Hall 2, Level 1	Session 119 (SS84) Liffey Meeting Room 2a, Level 1	Session 120 (AS56) Liffey Meeting Room 2b, Level 1	Session 121 (SS41) Ecocem, Level 2	Session 122 (SS90) Wicklow Meeting Room 1, Level 2	Session 123 (SS1) Liffey Meeting Room 3a, Level 1	Session 124 (AS60) Liffey Meeting Room 3b, Level 1	Session 125 (SS106) Wicklow Meeting Room 2a, Level 2	Session 126 (SS58) Wicklow Meeting Room 2b, Level 2	Session 127 (SS22) Wicklow Meeting Room 3, Level 2	Session 128 (SS71) Wicklow Meeting Room 5, Level 2	Session 129 (AS26) Liffey Meeting Room 1, Level 1	Session 130 (AS62) Wicklow Meeting Room 4, Level 2	Session 131 (SS95) Liffey Meeting Room 5, Level 1	Session 132 (SS61) Liffey Meeting Room 4, Level 1
	Session Chair	TBC	Dr. Erik Jørs Introduction to Mining Hazards and Good Practices in Formal and Informal Mining 1636	Prof. Fabriziomaria Gobba	Prof. Clas-Håkan Nygård	Dr. Diana Gagliardi	Ruddy Facci	Dr. Markku A. Sainio Prof. Christoph van Thriel	Prof. Dr. Somnath Gangopadhyay	Prof. Rafael de la Hoz	Prof. Seichi Horie	Professor Jorma H. Rantanen Dr Henrik J. Wolff	Prof. Frida Fischer Dr. Stephen Popkin	Dr. Su Wang	Dr. Minha Rajput-Ray	Susan Gunn Nicholas Levintow	Dr. W. Kent Anger	Prof. John Gallagher	Dr. Avi Wiener	Claudina Nogueira Dr Kevin Hedges	Dr. Renata Sisto	Dr. Igor Bello Dr. Marcia Bandini	Barbra. C. Khayongo Dr. Diana Gagliardi
	Title	Miscellaneous Breaking Abstracts	Mining Occupational Safety and Health: Hazards and Good Practices in Formal and Informal Mining	Solar UV: A Relevant Risk Overlooked. Exposure in Workers, Effects, Prevention	Aging and Interventions	Occupational Health in Developing Countries (2)	Musculoskeletal and Return to Work Issues in Healthcare Workers.	Adverse neurologic health effects of occupational solvent exposure - From recognition to prevention	Improving Occupational Health in Small and Medium Enterprises: From Ergonomics to Economics and Other Factors in Between (1)	Chest CT Scanning in the Screening, Surveillance, and Diagnosis of Occupational Lung Diseases (Part 1)	Work in the Heat (1)	Policies for elimination of Asbestos-Related Diseases (ARDs): A Global Picture (Part 1)	Shiftwork in the 21st Century: Old and New Problems and Approaches (Part 1)	Accident Prevention in Practice or Risk Management?	Insecure Labor Market During Life Course	Protecting young workers in informal and small-scale workplaces from psychological and physical hazards	Neurotoxicity in Human Applicators Using Organophosphorus Pesticides and Associated Research in Animals (Part 1)	The Environment and Health	MEDICHEM Symposium: Occupational and Environmental Impacts on the Human Genome	Successful Global Training and Mentoring Collaborations on Occupational Safety and Health in Low Resource Countries	New Information About Preventing Noise Exposure Damage (Part 1)	Inequities of Working Women in the Informal Sector: A Global Perspective (Part 1)	OSH in Africa: State of the Art and Future Challenges
	Theme	Occupational Medicine	Mining OSH	Radiation	Aging and Work	Occupational Health and Development	Occupational Health for Health Care Workers	Neurotoxicology and Psychophysiology	Small Scale Enterprises and Informal Sector	Respiratory Disorders	Thermal Factors	International Collaborations	Shiftwork	Accident Prevention	Unemployment, Job Insecurity	Young Workers and Child Labor	Neurotoxicology and Psychophysiology	Emergency Preparedness and Response in Occupational Health	Occupational Health in the Chemical Industry	International Collaborations	Vibration and Noise	Women, Health and Work	Occupational Health and Development
13:20-14:50		TBC	Dr. Erik Jørs Introduction to Mining Hazards and Good Practices in Formal and Informal Mining 1636	Dr. Marc Wittlich On the UV exposure of workers. What do we know? 1651	Dr. Subas Neupane A systematic review and meta-analysis of the effectiveness of workplace interventions to improve work ability 1620	Aysenur Bolukbas The Development of Occupational Health and Safety in the University Laboratories in Turkey 1202	Dr. William Shaw Low back pain in health care workers: a growing focus on secondary prevention 1622	Dr. Heidi Furu Why isn't chronic solvent encephalopathy detected in periodical occupational health examinations 1713	Dr. Ellen MacEachen The sharing economy: hazards of being an Uber driver 285	Prof. Narufumi Saganuma International Classification of HRCT for Occupational and Environmental Respiratory Diseases: describing non-malignant and malignant asbestos related diseases 1677	Dr. Shyam Pingle Occupational Heat Exposure of Traffic Police Workers in Ahmedabad, India 189	Dr. Henrik J. Wolff Opening. Policies for Elimination of Asbestos Related Diseases (ARDs): A global picture 1722	Prof. Frida Fischer Multiple job stressors of night and rotating shift workers that affect health and wellbeing: basis for comprehensive interventions for their solutions 1602	Jon Abbott Playstation to Workstation - How will the intensive technology use of our children affect them when they enter the workforce? 1718	Dr. Pauli Forma The consequences of sharing economy on occupational safety and health 366	Nicholas Levintow Using a KAB survey to identify OSH project priorities 1724	Prof. James R. Olson Biomarkers of Chlorpyrifos and Profenofos Exposure and Effect in Adult and Adolescent Egyptian Cotton Field Workers 1639	Dr. Dervla Hogan Work related musculoskeletal disorders, physical work factors and psychosocial work factors for Chartered Physiotherapists, Physical Therapists and Athletic Therapists in Ireland 1638	Dr. Dov Hershkovitz The human genome and mutation signatures of environmental factors 1693	Mahinda Seneviratne A Multi-disciplinary Inter-continental collaboration to build capability in occupational health among health care professionals 673	Dr. Wei Qiu Evaluation of the kurtosis metric in the prediction of hearing trauma in humans associated with industrial noise exposures 1583	Sarah M. Copsey Mainstreaming gender into occupational safety and health (OSH) practice 1740	Collins Kamol Occupational physical injuries among workers in onshore oil drilling operations in Turkana County, Kenya 1643
		TBC	Dr. Mughtaruddin Mansyur Mining workers, Administrative task, Obesity, Hypertriglyceridemia, and Young Workers increased risk Liver Function Elevation among Indonesian Male Workers 1636	Prof. Pietro Sartorelli Photogating in outdoor workers: marker of cumulative UVR exposure, risk factor or occupational disease? 1651	Dr. Sirpa Lusa How to promote health and work ability of firefighters using computer based assessment method of physical work capacity 1620	Prof. Igor Bukhtiyarov Diagnosis, prevention and compensation of occupational diseases in the Russian Federation 354	Dr. Rudy Facci Work Conditions in Brazilian Hospitals Regarding Prevention of Low Back Pain 1622	Prof. Christoph van Thriel Wrap up of the European Consensus on the neuropsychological assessment of CSE 1713	MD Marco Italo D'Orso Small Italian Enterprises and their effective application of Laws concerning Occupational Health: a six year study 372	Prof. Rafael de la Hoz Experience with the ICQERD classification in WTC lung diseases 1677	Shota Tabuchi Seasonal changes of physiological responses associated with heat acclimatization 1568	Dr. Kurt Straif Global situation in the ARDs and trends 1722	Prof. Orna Tzischinsky Sleepiness and vigor in airline ground crew shift workers moving from 8- to 12-hour rotating shift schedules: A pilot field study 1602	Sally Swingewood DIS 45001, Health and Safety in the making (Developing international health and safety standards) 1718	Helena Koren Job insecurity and perceived employability: A comparison of public and private sector 246	Dr. Diane Rohlman Evolution of a young worker training curriculum: Taking safety from the classroom to the break room 1724	Dr. Diane S. Rohlman Occupational Pesticide Exposure Among Egyptian Adolescents: Changes Over Time 1639	Dr. Fiona Geaney The Food Choice at Work trial: From evaluation to commercialisation and practical application in everyday workplace settings 1638	Dr. Geula Klorin Integrative genomic analysis of malignant mesothelioma cell lines derived from patients with asbestos exposure 1693	Dr. David F Goldsmith What is the Global Impact of the New (2016) OSHA Silica Dust Standard? 1212	Christian Ullrich-Nelken A novel measurement technique for the assessment of industrial ultrasonic noise 781	Prof. David Rees Assessing kidney function changes in sugarcane workers in South Africa 1643	
		TBC	Dr. Liem Jen Fuk Mining workers, Obesity, Kidney Disease History, and Hypertension increased risk Impaired Kidney Function among Indonesian Workers 1636	Prof. Swen Malte John Solar UV exposure and skin cancer in workers 1651	Prof. Clas-Håkan Nygård Effects of a behavioral intervention program on perceived work ability among municipal employees 1620	Dr. Joselito Gagas Expansion of Occupational Health to Include Environmental and Community Health: A Philippine Experience 289	Sibéal Carolan The Development of a "Hub and Spoke Model" for healthcare workers support services in the Irish Health Service 1622	Prof. Lode Godderis Epigenetics in solvent induced neurobehavioral disorders 1713	Dr. Kathawoot Deepreecha The Effectiveness of Daytime Bath among New Conscripts in a Training Unit for Heat Injury Prevention 100	Prof. David Rees Asbestos Related Diseases in Asia: Trends and Perspectives 1722	Prof. Tamar Shochat Sleepy on the night shift? Bio-psychosocial factors of subjective sleepiness in female nurses during the night shift 1602	Dr. Susan Michaelis Aerotoxic Syndrome: A New Occupational Disease? (Adverse health effects experienced by aircrew exposed to aircraft contaminated air) 1718	Dr. Ellen MacEachren Safety management systems: peer-to-peer ratings in the sharing economy 284	Dr. Catherine Pellenq Working and non-working children's psychosocial well-being: What makes the difference? 1724	Dr. W. Kent Anger Organophosphorus Pesticide Neurotoxicity in Egyptian Applicators 1639	Dr. Stig Helleburst Particles at work - and everywhere else 1638	Dr. Avi Wiener Various Impacts of Industrial Pollutants on Gene Expression 1693	Claudia Meneses How to be a better firefighter? A guideline to improve your performance, taking care of your physical and mental health 1531	Hans Thore Smedbold New Risk Concepts in the Norwegian Oil and Gas industry and its impact on noise risk assessment 981	Dr. Thuthula Balfour Whence Occupational Health Services in South Africa? 1643			
			Stephane Halle Usability testing for ergonomic criteria matrix: case study of a deep mining cooling vest 1636	Dr. Alberto Modenese Occupational UV exposure and the eye 1651	Prof. Nicola Magnavita Worksites health promotion programs for aging workforce in Europe. The experience of ProHealth65+ 1620	Collins Kamol Occupational physical injuries among workers in onshore oil drilling operations in Turkana County, Kenya 1146	Siobhan Bullfin How the Working Backs Programme helped staff manage back pain, remain in work and reduce absenteeism 250	Prof. Brad Racette Occupational exposure to solvents and risk of Parkinson disease in Finland 1713	Prof. Izumi Matsumoto Occupational Health Service and Activities for Workers of Small-Scale Enterprises: Comparative study of South Korea and Japan 1239	Prof. Seong-Kyu Kang Asbestos Related Diseases in Asia: Trends and Perspectives 1722	Dr. Steffan Torp Return to work among self-employed cancer survivors: a European comparative study 796	Dr. Arturo Juarez-Garcia Stressors and motivators in informal workers in Morelos and their association with burnout, engagement and perceived health 1724	Dr. Birgit Grenier The psychosocial work environment, suicide and self-harm: Results from a case control study 1638	Dr. Renata Sisto Vocal effort in teachers: doses measurements and classroom acoustic parameters 1750	Prof. Gill Nelson Occupational Health Southern Africa: a journal for the region and beyond 1643								

			Cas Badenhorst Good Practice Guidance on Occupational Health Risk Assessment 1636	Prof. Peter Connaughton Solar ultraviolet exposure – a review of risks and preventive strategies in Australian workplaces 1651		Evangelia Spokou Baseline urinary findings in young adults at risk of Chronic Kidney Disease of undetermined cause in Northwestern Nicaragua 126			Dr. Etsuko Yoshikawa Outcomes for facilitators through workplace environmental improvement using a participatory approach 1311					Dr. Jacques Tamin Occupational Health and the social determinants of health: Identifying the ethical issues 850	Dr. Ashish Mittal Health Status of Brick Kiln Workers in North East India 1724							Prof. Giulio Arcangeli Evaluation of quality of life and annoyance in the context of LIFE MONZA project 566	Winnie Makokha Status of regulations on Health and Safety in Mining in Kenya since Enactment of the Occupational Health and Safety Act, 2007 1643
			Helmut Ehnes VISION ZERO – the global future to prevent accidents and diseases in mining 1636	Dr. Shengli Niu ILO activities for the prevention of the risk related to occupational exposure to Solar UV 1651		Dr. Alexander Tungu Occupational noise induced hearing loss among Tanzanian metal industry workers 1191			Shamusideen Kadiri Workplace design and wellness programme among artisans (informal workers) in 'Mechanic Village' (Automobile Repair garages) in Abeokuta, Nigeria 107				Jocelyn Chng Healthier Workers, Happier Workers' programme: A person- centric approach to approaching health & safety at the workplace for bus-drivers in Singapore 1752
