## ADVISE SUPPLY SUPPORT

It is our aim to provide you with an **excellent range of products** and ensure you receive **outstanding customer service** at all times. **Customer care** is one of Arrow's great strengths, all staff have the same aim and work collectively to achieve this.

### DELIVERY INFORMATION

We design **bespoke delivery solutions** to match your requirements, with pre-scheduled, next-day or same-day arrangements available to meet your needs.

A UK mainland shipping and handling charge of £10.00 will apply to all orders under £75 + VAT.

### REFUNDS & RETURNS

Contact our **Customer Response Team** and provide them with the details of the product you wish to return and the reasons for return. They will then issue the correct paperwork to enable our despatch department to arrange uplift of the goods. If the items have been purchased specifically for you, **goods cannot be returned unless faulty**. A £10 collection fee may be applied, dependent on the reason for the return.

### If you have a query or a discrepancy...

For queries please call us on **01743 283 600** or e-mail us on **response@arrowcounty.com** and it will be dealt with quickly and efficiently. All calls are logged as a service call and you will be provided with a unique reference number for tracking.

## A MESSAGE FROM BRUCE...

At Arrow, we aim to do things differently. We provide exceptional personal customer support as well as our focus on delivering an insight led approach to ensure that we understand the specific needs and objectives of our customers.

We take time to conduct detailed investigations of current operations to help identify potential alternative ways of working or tooling in areas where hygiene and cleanliness is important.

We make it our mission is to inspire cleaning professionals to deliver improvements through innovation, so please get in touch if you would like to find out more on how we can help you.

**Bruce Blackledge**  
Managing Director

# THE ARROW WAY

The Arrow Way is our **unique business process** developed and refined through years of experience, ensuring a **superior customer journey**.

## ADVISE

You can rely on us for quality advice and expertise that will help you deliver outstanding results.

We help you review your working methods and tool selection to identify improvements and to help you harness relevant innovations in cleaning and hygiene.

## SUPPLY

You can rely on us to have the right stock, the right products and to deliver your goods on time and in full.

We take pride in offering a highly personal and responsive service to customers that exceeds expectations. Our sustainable, national and international sourcing gives you flexible product choice, competitive pricing and a superior range.

## SUPPORT

You can depend on us to listen to you and take ownership of things to make sure you get the answer and solutions you need.

We invest in our customer relationships and take the time to listen. We work hard to make your life simple and our dedicated Customer Response team handle queries quickly and efficiently, so you can be confident your requirements will be met.

## QUICK QUOTE

Want a comparative price fast? Then our Quick Quote system is for you.

Great advice, great products and a quick response. Get access to over 7,000 products including our Andarta range alternatives for even more savings. Responsive and personalised service.

## ASK ARROW

Find out how you can make the most of your existing cleaning team and budget.

Ask Arrow for great advice on how to reduce cleaning costs, impartial sustainability advice and how to increase your compliance in all aspects of cleaning, price and performance. We compare high performing specialist cleaning products and look at how you can save time and money and give you access to products that can significantly improve hygiene standards.

## INNOVATION IN ACTION

At Arrow, we approach things differently. Our innovation culture aims to bring a fresh perspective to problems and identify new solutions.

'Technology, for the sake of technology' is not our proposition. We research and look into technologies that have the greatest tangible benefits. We can help you harness cleaning innovation and in return you can increase your team's performance and exceed your clients' expectations.

# **OUR UK SUPPLY NETWORK**

Arrow County Supplies is one of the UK's most efficient distributors of janitorial supplies. Our extensive stock holding and advanced logistics systems make sure we have the right products available so you receive all your goods when you expect them. We deliver on our promises so you can keep yours.

# Introducing Andarta...

Effective, safe, environmentally sustainable and **compliant** cleaning products.

*always*  
**andarta**®  
*products that never cost the earth*

With **forty years of knowledge** of cleaning and hygiene products, it was logical to develop a range of cleaning products that is unbeatable in terms of job-efficiency, cost-effectiveness and eco-friendliness.

We want to make decision making simple for your janitorial and cleaning supplies, no matter what your requirements.

## What does Andarta offer?

There are many other benefits to choosing Andarta for your cleaning and janitorial needs. Andarta products:

- **Always** carefully selected by us to ensure minimal impact to the environment
- **Always** provide high performance at realistic pricing, offering value for money against other premium brands
- **Always** have well designed labelling for clarity of identification and instructions for use
- **Always** guarantee consistent high quality, resulting from our own control over product source

# ▶ LOWERING PRODUCT USAGE, RAISING STANDARDS

Everyone wants to lower the cost of providing users with the safest and most hygienic washroom environment. The obvious way to do this is to buy the lowest cost products, however this can be a false economy, as the lowest product price may, depending on washroom use and environment, prove to be a more expensive option.

Cost-in-use is the total cost of washroom provision, which is the total cost of product, maintenance, storage, consumption and waste.

Using the correct washroom systems help to ensure the best cost-in-use.

## ▶ COST-IN-USE... WHAT'S IT ALL ABOUT?

Finest possible quality

**SKINCARE**

A man with short brown hair, wearing a dark suit jacket over a white collared shirt, is sitting at a desk. He is smiling and looking towards the camera. In front of him is a large, professional microphone on a stand. The background is slightly blurred, showing what appears to be an office or conference room setting with a window and some equipment.

**At Arrow we look at the same problems but think differently.**

Our innovation culture brings a fresh perspective to identify new solutions. We don't pretend to always know what the answer is but we do know how to find it. Our structured **'Innovation in Action' programme** helps cleaning professionals deliver excellence in an increasingly challenging environment.

# CHOOSING THE RIGHT CLEANING SOLUTION FOR YOU

The huge variety of cleaning chemicals available can make the decision as to which product to use a complicated one. At Arrow, we aim to prioritise your needs - reviewing our portfolio in response to your feedback - to ensure we give you the best range of products. We are excited to demonstrate the new ranges of dose-controlled and concentrated dosing systems that can give you cost-benefits and time-savings, and a whole host of other benefits – Please see below a quick summary and guide to the products within our cleaning chemical category:

## DOSE CONTROL

The best choice for economical, user-friendly multi-surface cleaning

Ultimate dose-controlled cleaning chemical product, reducing wastage and eliminating over-dosing

Greencare® PROFESSIONAL provides unrivalled environmental benefits

Product consolidation options and foam spray action optimise product usage and save money

Ready-dosed, minimal user requirement and controlling dosing

No set-up and convenient belt carrying system improves time management

Foam spray dramatically reduces inhaled chemical fumes

See pages 50 & 51 for the EXCLUSIVE Quick & Easy® range

## CONCENTRATED DOSING

The best choice for large area floor cleaning

Available in 1ltr and 5ltr presentations

All aspects of surface cleaning

Greencare® PROFESSIONAL provides unrivalled environmental benefits

Consolidation to reduce cost

Simple dosing systems allow easy and effective dosing

See pages 48 & 49 for 1-litre and 5-litre concentrate dosing system products

## READY-TO-USE

For all your specialist cleaning needs

Wide range of standard products and specialist solutions

Unique products such as SlipStop® are consumer-lead innovations

The Andarta Eliminator® and tana® PROFESSIONAL products offer specialist cleaning

Greencare® PROFESSIONAL provides unrivalled environmental benefits

See pages 52 - 70 for the wide range of ready-to-use products supplied by Arrow County Supplies

Arrow County Supplies are proud to be the chosen UK Distribution of the pioneering Werner & Mertz Group's tana® and greencare® brands.

*"Each of our brands has its own heritage and personality but they both have sustainable origin as a common basis and embody high performance"*

**Werner and Mertz**

**PROFESSIONAL products ensure reliable, proven performances and are dedicated solution providers**

### Why tana® PROFESSIONAL?

- Proven cleaning performance
- Sustainable roots
- Provides excellent solutions to common cleaning problems
- Safe to use and highly sustainable
- Reliable and highly efficient cleaning products

### Why greencare® PROFESSIONAL?

- Safe for the environment and end user
- Innovations to be become the best in any class
- Top cleaning performance
- Competitively priced
- Full Cradle to Cradle accreditation

#### SANET ZITROTAN

- Sanitary Cleaner
- High Performance
- Natural power of lemon
- Cost effective
- Effectively removes lime scale, soap deposits, water stains and dirt. Provides exceptional cleaning results leaving surfaces free of streaks and clouding and a fresh lemon scent
- Environmentally friendly

33-610 | 1 Ltr | £19.99

# ANDARTA ELIMINATOR®

## How it works

- When the cleaning chemical comes into contact with uric acid (which is what causes bad odours) the **GOOD MICROORGANISMS** are activated, producing enzymes that feed on the offending organic matter present in the pipes and sewerage system.
- These microorganisms reproduce **EXPONENTIALLY** and **INTENSIFY THEIR ACTION** – even where it is not possible to intervene chemically or mechanically.
- The good microorganisms contribute to reducing the bad microorganisms by consuming their food and also contribute to reducing the surfactants released by detergents in drainage pipes.
- Once their action is finished, the **GOOD MICROORGANISMS BIODEGRADE** without leaving residues.

This product can be used to keep pipes clean, and also fight bacteria on washroom surfaces. It does not mask the odours but removes the cause of odours.

Significant results can be seen in an average of 4 weeks.

Consistent use will maintain the results constant in time.

## BIOLOGICAL WASHROOM ODOUR REMOVER AND CLEANER

- Use on porous washroom surfaces
- Non-aggressive chemical
- Degrades organic soiling
- Completely eradicates stains and odours

33-521 | 2x5Ltr |

- For use on metal surfaces

33-640 | 1Ltr |

£19.99

# ANDARTA **ELIMINATOR**®

- Multi-purpose cleaner that lifts and removes greasy soils.
- Works by softening and solubilising oils and hardened fats.
- Breaks through the performance barrier whilst still utilising naturally derived ingredients.

### Where can I use this product?

- Cuts through general dirt, grime and vegetable matter found in places such as kitchens.
- Can be used as a floor cleaning solution, laundry prewash, carpet spotter and vinyl cleaner.
- Safe to use on granite, limestone and marble when diluted according to directions.
- Removes baked on food deposits that normally require caustics or solvent based cleaners.
- Finger marks on walls or painted surfaces – wipe it, brush it or foam apply it.

### Environmentally friendly

Have you ever used a strong degreasing cleaner or spray and wipe cleaner and nearly been bowled over with the fumes? These fumes are usually "glycol ether" or "petroleum distillate" solvents or fumes from free caustic.

This can never happen with **ELIMINATOR** because all the natural ingredients are safe from harsh irritants to the skin, as well as being more biodegradable than petroleum products.

**ELIMINATOR** contains no artificial preservatives, colouring or perfume that would slow biodegradability.

*It is a neutral ph cleaner.*

### How it works

Orange oil solvent (D-Limonene), pine and sugar alcohol softens and solubilises oily soils; even hardened fats are lifted effectively.

General dirt, grime and vegetable matter are dislodged from surfaces by detergent when assisted by mopping or wiping.

Water softening properties help the detergent work better by keeping oil in suspension, to make easy rinse clean away - no phosphates, EDTA's or NTA's are used.

### ELIMINATOR SPOT & STAIN REMOVER DEGREASER

- Powerful and amazingly versatile for all tough spot cleaning tasks

33-386 | 750ml |

£7.49

### ELIMINATOR MULTI PURPOSE CLEANER & DEGREASER

# SlipStop.

Leaks in public spaces can create many health and safety risks for your visitors.

That's why we have created SlipStop. This simplifies the process of collecting dripping liquids and securing the affected area.

This innovative device simultaneously defines a hazardous area, while mitigating the slip hazard.

- ▶ **Keeps visitors safe**  
Acts as a hazard control collecting water efficiently and out of sight.
- ▶ **Superior coverage**  
Product can cover a wide area when used in conjunction with another.
- ▶ **Obstacle removal**  
No need for additional signage or equipment to be used further to reducing trip hazards and cost.
- ▶ **High visibility**  
Product is easy to spot in comparison to traditional methods, further improving visitor safety.
- ▶ **Reduced manual handling**  
Fewer items reduces lifting requirements which therefore improves efficiency.
- ▶ **Improved response Time**  
Substantially reduced set up time means that the user can respond quickly to hazard.
- ▶ **Visually more attractive**  
Projects a more professional appearance within the centre. The **Slip Stop** comes with the option of branded panels, allowing companies to maximise their corporate identity.

## BRUSHWARE TYPES

## RESIN SET

### FOR FOOD SAFETY IMPROVEMENTS

- Can help dramatically reduce biological hazards (accumulation of organic matter/pathogens) and physical hazards (loss of brush filaments)
- Recognised as a **'Standard Requirement for the Food Industry'**
- Resin contains silver based technology that prevents in excess of 99% of bacterial contamination including MRSA and E-Coli
- Available in up to 6 colours for segregation, prevent cross contamination and aid HACCP compliance

## PROFESSIONAL

### COLOUR CODED HYGIENE BRUSHWARE

- Supreme quality and durability
- Innovative tools for problem areas
- Withstands high temperatures: 134°C/273°F
- Total colour-coding with a choice of 6 colours for prevention of cross contamination, segregation and HACCP compliance

## PREMIER

### COLOUR CODED HYGIENE BRUSHWARE

- Ergonomic products that are extremely easy to clean
- Total colour-coding with a choice of 6 colours to help avoid cross contamination, segregation and HACCP compliance
- Withstands high temperatures: 134°C/273°F

Inhibits the growth of bacteria  
(Anti-Microbial Resin)

No accumulation  
of moisture and  
dirt (Resin-Set)

No loss of brush filaments  
(DRS – Dual Retention System)

**We can provide you with expertise and recommend the best solution to ensure your floor is looked after correctly.**

## TWISTER DIAMOND PADS

This unique new range of floor cleaning pads holds its secret of success in containing millions of tiny diamonds within the pad material. This enables the twister pads to follow the floors contours and mechanically clean and polish the surface. No chemicals are needed for this product, just normal tap water.

They are compatible with all types of floor and are available with most commonly used floor cleaning machines

Available in red, for heavy duty surface renovation, white, for occasional deep cleaning, yellow, for daily polishing and cleaning and green for a high shine

*To rediscover your shine, use the new Twister pads.*

### TWISTER DIAMOND CLEANING SYSTEM

40-479-RD	2	16"	Red	£69.99	40-479-YL	2	16"	Yellow	£41.00
40-480-RD	2	17"	Red	£72.99	40-480-YL	2	17"	Yellow	£66.99

40-479-WH	2	16"	White	£41.00	40-479-GN	2	16"	Green	£41.00
40-480-WH	2	17"	White	£66.99	40-480-GN	2	17"	Green	£65.99
40-481-WH	2	20"	White	£72.99	40-481-GN	1	20"	Green	£72.99

### Advantages

- Clean, shiny floors every day
- Environmentally friendly cleaning method
- Removes up to 80% more bacteria than conventional methods
- Simple implementation – no change in the machines and procedures used
- Diamond pads last 3 times longer than conventional pads, the process is quicker and no chemicals are required, which means drastically reduced cleaning costs

### Reduced Environmental Impact

The focus from organisations and companies on environmental issues has never been greater.

Twister **does not require any chemicals** in daily cleaning to keep the floors clean and shiny. For floors that require floor finish, Twister will reduce the frequency of the periodic maintenance. In addition, using Twister reduces the amount and management of waste and residues. Twister pads are made from recycled PET for minimum environmental impact.

By choosing Twister as your standard method for floor maintenance you will actively, **easily and effectively reduce your business environmental impact.**

### Where can Twister™ be used?

- Natural stone
- Terrazzo
- Vinyl
- Linoleum
- Ceramic Slabs
- VCT
- Rubber
- Wood
- HTC Superfloor™ – Polished Concrete

**V-SWEEPER DUST MOP FRAME & HANDLE**

## TUBESAC BIN LINERS

- Bin liner cassette up to 100m long which reduces maintenance time
- Incredibly strong and durable polythene reduces likelihood of bags splitting and contents spilling
- No contact with waste improves hygiene
- Safe and watertight. Seal by either cable tie or knotting ensures the bag won't split
- Change bag from the side
- An endless bag
- Close, empty and load a new bag in 15-25 seconds

### Helps the Planet:

- Reduced amount of polythene used
- 15 times lower CO<sub>2</sub> emission than ordinary bags because they are always filled to 100% capacity
- Lower weight and compact packaging results in reduced transport costs

## Here's how TubeSac cuts your bag replacements to 15-25 seconds...

**05** Lift the bag out to the side

**20** Cut between the clips

**10** Gather the bag

**25**

**15** Apply two clips

**90LTR 2 WAY HOODED OUTDOOR LITTER BIN**

- Chamfered edges to litter posting apertures ensures the rubbish is directed in to the liner without overspill between the liner and the outer case.
- Inner steel reinforcing frame prevents removal or overturning.
- Key-lock secures outer case to steel liner.
- Removable outer case and liner allow for cleaning around and beneath bin.
- Made of 90% recyclable materials.
- An economic alternative to steel or stainless steel.
- Colour options: Blue, Green, Red, Yellow

43-046 |

£269.95

Chamfered edge to litter posting aperture ensures rubbish is directed into the liner without overspill between liner and outer case.

Made of 90% recycled materials.

Removal of lockable outer case and liner allows cleaning of area beneath and around location of bin.

Key-lock secures outer case of steel liner.

The only plastic litter bin in the UK with an inner steel reinforced frame designed to prevent removal or overturning by vandals.

“We are more than just the supplier of a product; our service provision embraces a larger customer journey..”

**STANDARD TERMS AND CONDITIONS OF SALE**

**1. Interpretation**

1.1 The definitions and rules of interpretation in this condition apply in these conditions.

**Business Day:** a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business;

**Buyer:** the person, firm or company who purchases the Goods from the Company;

**Company:** Arrow County Supplies Ltd; Contract: any contract between the Company and the Buyer for the sale and purchase of the Goods;

**Delivery Point:** the place where delivery of the Goods is to take place under condition 4;

**Goods:** any goods agreed in the Contract to be supplied to the Buyer by the Company (including any part(s) of them);

**Limit of Indemnity:** currently the maximum amount of £5,000,000 for all occurrences during any one period of insurance;

**VAT:** value added tax chargeable under English law for the time being and any similar additional tax;

Reference to a law is reference to it as it is in force for the time being taking account of any amendment, extension, application or re-enactment and includes any subordinate legislation for the time being in force made under it.

Words in the singular include the plural and in the plural include the singular.

Reference to one gender includes reference to the other.

Condition headings do not affect the interpretation of these conditions.

**2. Application of Terms**

2.1 Subject to any variation under condition 2.3 the Contract shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order, specification or other document).

2.2 No terms or conditions endorsed on, delivered with or contained in the Buyer's purchase order, confirmation of order, specification or other document shall form part of the Contract as a result of such document being referred to in the Contract.

2.3 These conditions apply to all the Company's sales and any variation to these conditions and representations about the Goods shall have no effect unless expressly agreed in writing and signed by a director of the Company. The Company's sales representatives have no authority to accept, vary or amend any of these conditions. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this condition shall exclude or limit the Company's liability for fraudulent misrepresentation.

2.4 Each order or acceptance of a quotation for Goods by the Buyer from the Company shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.

2.5 No order placed by the Buyer shall be deemed to be accepted by the Company until a written acknowledgement of order is issued by the Company or (if earlier) the Company delivers the Goods to the Buyer.

2.6 The Buyer shall ensure that the terms of its order and any applicable specification are complete and accurate.

2.7 Any quotation is given on the basis that no Contract shall come into existence until the Company despatches an acknowledgement of order to the Buyer. Any quotation is valid for the period set out on the quotation or, in the absence thereof for 30 days, provided that the Company has not previously withdrawn it.

**3. Description**

3.1 The quantity and description of the Goods shall be as set out in the Company's quotation or acknowledgement of order.

3.2 All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract and this is not a sale by sample.

**4. Delivery**

4.1 Unless otherwise agreed in writing, delivery of the Goods shall take place at the Buyer's usual place of business. The costs of delivery are included in the Price of the Goods. However, the Company reserves the right to make a reasonable charge associated with any additional costs of carriage where the Buyer's usual place of business or the agreed place of delivery is more than 50 miles from the Company's premises and an additional administration charge of £10 in respect of orders with a total value of less than £50.

4.2 Any dates specified by the Company for delivery of the Goods are an estimate and time for delivery shall not be made of the essence by notice. If no dates are specified, delivery shall be within a reasonable time.

4.3 Subject to the other provisions of these conditions the Company shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Company's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds three months.

4.4 If for any reason the Buyer fails to accept delivery of any of the

Goods, or the Company is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:

- (a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by the Company's negligence); and
- (b) the Goods shall be deemed to have been delivered; or
- (c) the Company may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).

4.5 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading or unloading of the Goods.

4.6 The Company may cancel delivery if the Company believes it would be unsafe/unlawful, unnecessarily or difficult to deliver to the Delivery Point and delivery shall take place upon the return of the Goods to the Company's place of business.

4.8 The Company may deliver the Goods by separate instalments. Each separate instalment shall, subject to condition

4.9 Be invoiced and paid for in accordance with the provisions of the Contract.

4.9 Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Buyer to repudiate or cancel any other Contract or instalment.

**5. Non-Delivery**

5.1 The quantity of any consignment of Goods as recorded on despatch from the Company's place of business shall be conclusive evidence of the quantity received on delivery unless the Buyer can provide conclusive evidence proving the contrary.

5.2 The Company shall not be liable for any non-delivery of Goods (even if caused by the Company's negligence) unless the Buyer gives written notice to the Company of the non-delivery within 7 days of the date when the Goods would in the ordinary course of events have been delivered.

5.3 Any liability of the Company for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.

**6. Risk/Title**

6.1 The Goods are at the risk of the Buyer from the time of delivery.

6.2 Where applicable, risk in transit shall remain with the Company until delivery at the Delivery Point provided that in the event of any damage to the Goods during transit the Company will replace any goods proved to the Company's satisfaction to have been damaged in transit subject to having received from the Buyer within 48 hours after delivery notification in writing of the occurrence of the damage and also, if and so far as practicable, of its nature and extent.

6.3 Ownership of the Goods shall not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of:  
(a) the Goods; and  
(b) all other sums which are or become due to the Company from the Buyer.

6.4 Until ownership of the Goods has passed to the Buyer, the Buyer shall:  
(a) hold the Goods on a fiduciary basis as the Company's bailee;  
(b) store the Goods (at no cost to the Company) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property;  
(c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and  
(d) maintain the Goods in satisfactory condition and keep them insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company. On request the Buyer shall produce the policy of insurance to the Company.

6.5 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions:

- (a) any sale shall be effected in the ordinary course of the Buyer's business at full market value; and
- (b) shall be a sale of the Company's property on the Buyer's own behalf and the Buyer shall deal as principal when making such a sale.

6.6 The Buyer's right to possession of the Goods shall terminate immediately if:  
(a) any of the matters set out in condition 11.1 (a) to (c) occur; or  
(b) the Buyer encumbers or in any way charges any of the Goods.

6.7 The Company shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from the Company.

6.8 The Buyer grants the Company its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them or where the Buyer's right to possession has terminated, to recover them.

6.9 Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer shall be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer.

6.10 On termination of the Contract the Company's (but not the Buyer's) rights in this condition 6 shall remain in effect.

**7. Price**

7.1 Unless otherwise agreed by the Company in writing, the price for the Goods shall be the price set out in the Company's price list published on the date of delivery or deemed delivery.

7.2 The price for the Goods shall be exclusive of any VAT which the Buyer shall pay when it is due to pay for the Goods.

7.3 The Company reserves the right, by giving written notice to the Buyer at anytime before delivery, to increase the price of the Goods to reflect any increase in the cost to the Company which is due to any factor beyond the reasonable control of the Company (including without limitation, any increase in packaging, insurance, transportation costs, costs of labour, materials or other costs of manufacture, taxes, tariffs or import duties (where applicable) or changes in legislation or regulations) or any changes in delivery dates, quantities or specifications for the Goods which are requested by the Buyer or any delay caused by failure of the Buyer to give the Company adequate information or instructions.

7.4 The Buyer agrees and acknowledges that the price for the Goods is based upon the limitations of liability set out in conditions 3 and 10 and upon the limited warranties given in condition 9.

**8. Payment**

8.1 Subject to condition 8.4 and unless otherwise agreed by the Company in writing, payment of the price for the Goods is due in pounds sterling 28 days from the day on which the Goods are delivered or deemed to be delivered.

8.2 Time for payment shall be of the essence.

8.3 No payment shall be deemed to have been received until the Company has received cleared funds.

8.4 All payments payable to the Company under the Contract shall become due immediately on its termination.

8.5 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by the Company to the Buyer. The Buyer shall not be entitled to withhold any payments due under the Contract because of a disputed claim of any nature.

8.6 If the Buyer fails to pay the Company any sum due pursuant to the Contract:

- 8.6.1 the Buyer shall be liable to pay interest to the Company on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of the Royal Bank of Scotland, accruing on a daily basis until payment, before or after any judgment but the Company reserves the right to interest under the Late Payment of Commercial Debts (Interest) Act 1998; and
- 8.6.2 the Company shall be entitled to suspend or cancel all future deliveries of Goods to the Buyer.

8.7 In the event that any variation is agreed between the Company and the Buyer regarding payment terms, which results in credit terms being extended to the Buyer, any such variation will cease and the amount of any debt owed will be payable forthwith on the occurrence of any of the matters set out in condition 11.1 (a) to (c).

8.8 Without prejudice to any other right or remedy of the Company any payment by the Buyer, which results in a cheque being referred to the drawer for whatever reason, will incur a charge of £50.00 plus VAT per cheque payable by the Buyer.

8.9 The Company may apply all or any part of any sum owing by the Company its subsidiaries or associates to the Buyer in relation to any matter in or towards payment of any sum owing to the Company. For this purpose references to the Company or the Buyer include any company which is a holding company, subsidiary or associate of the Company or the Buyer respectively.

8.10 The Company may appropriate any payment made by the Buyer to the Company against amounts that are owed by the Buyer to the Company for the longest period not withstanding any prior appropriation of that payment by the Buyer.

**9. Quality**

9.1 The Company warrants that (subject to the other provisions of these conditions) on delivery the Goods shall:

- (a) be of satisfactory quality within the meaning of the Sale of Goods Act 1979;
- (b) be reasonably fit for any particular purpose for which the Goods are being bought if the Buyer had made known that purpose to the Company in writing and the Company has confirmed in writing that it is reasonable for the Buyer to rely on the skill and judgement of the Company. For the avoidance of doubt, the warranties given in this condition 10.1 are given in lieu and exclude the operation of the implied terms as to satisfactory quality and fitness for purpose in the Sale of Goods Act 1979, to the fullest extent permitted by law.

9.2 The Company shall not be liable for a breach of any of the warranties in condition 9.1 unless:

- (a) the Buyer gives written notice of the defect to the Company within 14 days of the time when the Buyer discovers or ought to have discovered the defect, whichever is the earlier; and
- (b) the Company is given a reasonable opportunity after receiving the notice of the defect from the Buyer of examining such Goods and the Buyer (if asked to do so by the Company) returns such Goods to the Company's place of business for the examination to take place there.

9.3 The Company shall not be liable for a breach of any of the warranties in condition 9.1 if:

- (a) the Buyer makes any further use of such Goods after giving such notice; or
- (b) the defect arises because the Buyer failed to follow the Company's oral or written instructions as to the storage, installation, commissioning, use or maintenance of the Goods or (if there are none) good trade practice; or

- (c) the Buyer carries out, repairs itself or brings about changes in the nature, composition or packaging of the Goods delivered, or has these carried out or brought about by third parties, or if the Goods delivered are used improperly or for any purpose other than that for which they are meant or are marinated and/or stored improperly or contrary to any agreed or legal regulations or if the defect of the Goods can be ascribed to the other party in any way.
- 9.4 Subject to condition 9.2 and 9.3, if any of the Goods do not conform with any warranties in condition 9.1 the Company shall at its option replace such Goods (or the defective part) or refund the price of such Goods at the pro rata Contract rate provided that, if requested, the Buyer shall return the Goods or the part of such Goods which is defective to the Company.
- 9.5 If the Company complies with condition 9.4 it shall have no further liability for a breach of any of the warranties in condition 9.1 in respect of such Goods and any Goods replaced shall belong to the Company.

**10. Limitation of Liability**

- 10.1 Subject to conditions 4, 5 and 9, the following provisions set out the entire financial liability of the Company (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Buyer in respect of:
  - (a) any breach of these conditions;
  - (b) any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods; and
  - (c) any representation, statement or tortious act or omission including negligence arising under or in connection with the Contract.
- 10.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979 or section 2(3) of the Supply of Goods and Services Act 1982, whichever Act applies to the Contract) are, to the fullest extent permitted by law, excluded from the Contract.
- 10.3 Nothing in these conditions excludes or limits the liability of the Company.
  - (a) for death or personal injury caused by the Company's negligence; or
  - (b) under section 2(3) Consumer Protection Act 1987; or
  - (c) for any matter which it would be illegal to attempt to exclude its liability; or
  - (d) for fraud or fraudulent misrepresentation.
- 10.4 Subject to condition 10.2 and condition 10.3 the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price plus 100% or the sum of £50, 000 (whichever is the greater).
- 10.5 In the event that the limitation on liability set out in condition 10.4 is found by any court, tribunal or administrative body of competent jurisdiction to be illegal, invalid, void, voidable, unenforceable or unreasonable then subject to condition 10.2 and condition 10.3 the Company's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Limit of Indemnity remaining from time to time in accordance with the Company's public/products liability insurance (policy number 005273243 or such other limit of indemnity as may apply to any replacement or amended public/products liability insurance effected by the Company from time to time, in either case a copy of which shall be provided to the Buyer on request).
- 10.6 Subject to condition 10.2 and 10.3 the Company shall not be liable to the Buyer for loss of profit, loss of business, or depletion of goodwill in each case whether direct, indirect or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.

**11. Termination**

- 11.1 The Company may terminate the Contract without liability to the Buyer immediately (or following such period as it sees fit) by giving notice to the Buyer if:
  - (a) the Buyer fails to pay any amount due under the Contract on the date for payment and remains in default for more than 7 days; or
  - (b) the Buyer commits a breach of any term of the Contract and (if remediable) fails to remedy that breach in 14 days; or
  - (c) the Buyer repeatedly breaches any of the Contract in such a manner as to reasonably justify the opinion that its conduct is inconsistent with having the intention or ability to give effect to the terms of the Contract; or
  - (d) the Buyer suspends or threatens to suspend payment of its debts or is unable to pay its debts as they fall due or admits inability to pay its debts or is deemed either unable to pay its debts (being a company within the meaning of section 123 of the Insolvency Act 1986) or as having no reasonable prospect of so doing within the meaning of section 268 of the Insolvency Act 1986 or in the case of a partnership has any partner to whom foregoing applies; or
  - (e) the Buyer commences negotiations with any of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors; or
  - (f) a petition is filed, a notice is given, a resolution is passed, or an order is made, for or in connection with the winding up of the Buyer; or
  - (g) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Buyer; or
  - (h) a floating charge holder over the assets of the Buyer has become entitled to appoint or has appointed an administrative receiver, or

- (i) a person becomes entitled to appoint a receiver over the assets of the Buyer or a receiver is appointed over the assets of the Buyer; or
  - (j) the Buyer, being an individual, is the subject of a bankruptcy petition or order; or
  - (k) a creditor or encumbrancer of the Buyer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days; or
  - (l) any event occurs, or proceeding is taken, with respect to the Buyer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in condition 11.1
- 11.1 (d) to condition 11.1  
(k) (inclusive); or  
(m) the Buyer suspends or ceases, or threatens to suspend or cease, to carry on all or a substantial part of its business; or  
(n) the Buyer, being labour disputes (whether or not relating to either party's workforce), failure of sub-contractors or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of six months, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract, an individual, dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation; or  
(o) there is a change of control of the Buyer.
- 11.2 In the event of termination in accordance with condition 11.1 or of any order being cancelled by the Buyer, the Buyer shall indemnify the Company against all loss (including profits) costs (including labour and overheads) and all other expenses and damages reasonably and properly incurred by the Company in connection with the Contract and its termination.

**12. Assignment**

- 12.1 The Company may assign the Contract or any part of it to any person, firm or company.
- 12.2 The Buyer shall not be entitled to assign the Contract without the prior written consent of the Company. The Company shall not be deemed to have accepted an assignment of the Contract due to any circumstance or pursuant to any act or omission of the Company including, without limitation, the acceptance of payments or obligations under the Contract from a third party.

**13. Force Majeure**

The Company reserves the right to defer the date of delivery or to cancel the Contract or reduce the volume of the Goods ordered by the Buyer (without liability to the Buyer) if it is materially prevented from or delayed in the carrying on of its business due to circumstances beyond the reasonable control of the Company including, without limitation, acts of God, governmental or regulatory actions (including orders preventing the movement of Goods), changes in legislation or codes of practice, war or national emergency, acts of terrorism, protests, riot, civil commotion, fire, explosion, flood, epidemic, lock-outs, strikes or other labour disputes (whether or not relating to either party's workforce), failure of sub-contractors or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, provided that, if the event in question continues for a continuous period in excess of six months, the Buyer shall be entitled to give notice in writing to the Company to terminate the Contract.

**14. Returns Policy**

- 14.1 Without prejudice to clauses 4, 5, 9 and 10, or the statutory rights of the Buyer:
  - (a) any Goods returned which are not included in the Company's catalogue and have been obtained by the Company at the request of the Buyer will only be refunded in the absolute discretion of the Company;
  - (b) in respect of any Goods returned where Orders are placed via mail, phone, fax or the internet, which have been cancelled within seven days of receiving the Goods, the Company will refund the price of the Goods in full;
  - (c) where an Order has been cancelled within 28 days of receiving the Goods, the Company will examine the returned Goods within a reasonable time. Where Goods are found to be defective, the price of the Goods will be refunded in full
  - (d) where Goods returned in accordance with clause 14.1 (c) are found not to be defective, the Company reserves the right to deduct a re-stocking charge of 20% of the Price of the Goods from any refund to the Buyer.
- 14.2 All Goods must be returned unused, in their original packaging and in a re-saleable condition (to be determined in the Company's absolute discretion) and that the Buyer will be responsible for the costs of returning the Goods to the Company. Costs of delivery to the Buyer (if any) will not be refunded.

**15. General**

- 15.1 Each right or remedy of the Company under the Contract is without prejudice to any other right or remedy of the Company.
- 15.2 If any provision of the Contract is found by any court, tribunal or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.

- 15.3 Failure or delay by the Company in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract.
- 15.4 Any waiver by the Company of any breach of, or any default under, any provision of the Contract by the Buyer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.
- 15.5 The parties to the Contract do not intend that any term of the Contract shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.
- 15.6 The formation, existence, construction, performance, validity and all aspects of the Contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts.

**16. Communications**

- 16.1 All communications between the parties about the Contract shall be in writing and delivered by hand or sent by pre-paid first class post or sent by fax:
  - (a) (in case of communications to the Company) to its registered office or such changed address as shall be notified to the Buyer by the Company; or
  - (b) (in the case of the communications to the Buyer) to the registered office of the addressee (if it is a company) or (in any other case) to any address of the Buyer set out in any document which forms part of the Contract or such other address as shall be notified to the Company by the Buyer.
- 16.2 Communications shall be deemed to have been received:
  - (a) if sent by pre-paid first class post, two days (excluding Saturdays, Sundays and holidays) after posting (exclusive of the day of posting); or
  - (b) if delivered by hand, on the day of delivery; or
  - (c) if sent by fax on a working day prior to 4.00 pm, at the time of transmission, otherwise the next working day.
- 16.3 Communications addressed to the Company shall be marked for the attention of a director or the directors of the Company.

**17. Confidentiality**

The Buyer shall each keep confidential and shall not without the prior consent in writing of the other disclose to any third-party any technical or commercial information which it has acquired from the other as a result of discussions, negotiations and other communications between them relating to the Goods and the Contract.

# ADVISE SUPPLY SUPPORT

We inspire cleaning professionals to rethink traditional approaches to deliver higher standards, improved team performance, regulatory compliance and sustainable working.
