Lloyd Park Children's Charity

Charity Number 1102134

For families with children under 5 years living in Waltham Forest

Our charity exists to build brighter futures for children and families, and our vision is for every child to have the best start in life.

Introducing Mellow Bumps

A 6 week antenatal parenting programme for mothers-to-be who are 20-30 weeks pregnant at the start of the programme.

It aims to reduce stress and anxiety and helps prepare to meet babies needs from birth.

Course 1:

14th, 21st, 28th Jan. 4th, 11th, 18th Feb.

Course 2:

25th Feb. 3rd, 10th, 17th, 24th, 31st March

Both courses are 10am - 12 noon at the Higham Hill Centre.

Please email sabine@tlpcc.org.uk to book.

Monday 17th - Friday 21st February

Last Day of Term

Friday 3rd April

Training Day

Monday 20th April - All services closed

First Day of Term

Tuesday 21st April

Dates and times can change at short notice.

Please visit www.tlpcc.org.uk or follow us on Facebook @LloydParkCC

I am thrilled and honoured to have been given the opportunity as Chief Executive Officer to continue the amazing work of our founder Pauline Thomas MBE. I have been involved with The Lloyd Park Children's Charity since it was established in 1981 and I'm dedicated to doing the very best we can; building brighter futures for children and families in Waltham Forest.

The Lloyd Park Children's Charity is an amazing organisation. With over 150 dedicated employees and volunteers, fantastic partner organisations, outstanding services and over 3 million pound turnover, we reached 16,000 children under 5 last year.

But we need you... the children, parents, local organisations, funders and supporters. Get involved, use

our services, tell us what you think and what's important to you.

The Lloyd Park Children's Charity team work hard to ensure every child reaches their full potential. We are so proud to have been nominated for the Early Years nasen award, which seeks to recognise and share the best practice in the UK which benefits children and young people with special and additional educational needs and disabilities (SEND). Thanks to our partners Whitefield Academy Trust and congratulations to the team.

Wendy Fields
Chief Executive Officer

The Valley Centre Opening

My name is Hayley and I am pleased to introduce our new setting in Chingford called The Valley. I am a proud Early Years Nursery Manager and have been fortunate enough to have project managed the opening of the nursery over the last year.

The building has undergone many changes to enable us to offer a high quality childcare provision. I have seen the premises shape into a wonderful free flow play Early Years Provision for 2-5 year olds with both indoor and outdoor learning.

We are now officially open with children who are already flourishing in our care. The nursery is ready for you to have a tour and spaces are still available, so please call the centre to book now on 020 3150 2313.

We look forward to welcoming you into our new setting.

@LloydParkCC

Being Healthy

Please visit our blog for more articles and top tips for families!
<http://www.tlpc.org.uk/parenting-blog/>

Health Visitor Six Week Appointment

What is it?

A new birth contact is made by a Health Visitor when a new baby is 10-14 days old; a follow up visit is also offered when the baby is around six weeks old. The GP will also want to see mum around this time.

Why are there two appointments at around 6 weeks?

Your GP has a role to ensure both mother and baby are physically well, and that an immunisation programme is started. GP's may ask about any mental health issues. Your Health Visitor is interested in all aspects of mother's health and all other family members. A short questionnaire (The Edinburgh Postnatal Depression Scale) will be completed with mum.

Why are Health Visitors asking about mental health?

Having a baby can be a wonderful time for the whole family. However, parents can sometimes experience problems. Parents may feel down, sometimes it just happens and it cannot be explained. It is important to understand that whatever the cause, or no cause, you are not to blame and this can happen to anyone.

What happens next?

Your Health Visitor can offer time to talk through your concerns in 'Listening Visits', perhaps offering other relevant support such as local 'FLOURISH' groups or IAPT (Improving Access to Psychological Therapies).

Your Health Visitor can be contacted on **0300 300 1970** or email nem-tr.0-19universalspawf@nhs.net

HENRY Top Tips to Support Children's Healthy Eating

- Eat together - so they will copy and see others eating and enjoying food.
- Involve children in shopping and preparing meals - the children and family centres are running food themed sessions where you can come and prepare food with your child. Check dates in the "What's On" section of Roleplay.
- Try, try and try again - repeated exposure will help children become familiar with smell, taste, texture and appearance of different foods.
- Pile on the praise - notice small successes and say how proud you are when they try new food.
- Portion power - offer small and age appropriate portion sizes and use child sized plates.

Come to one of our Healthy Eating drop in sessions or group workshops, for further information check our timetable under the "What's On" section of Roleplay.

Please talk to your GP or Health Visitor if your child is refusing entire food groups; eating less than 10 food items; is upset/distressed when presented with new food/texture and/or if you are concerned about your child's growth and weight.

Helping Children use the Toilet

NELFT NHS
NHS Foundation Trust

Every child is different and attain bladder and bowel control at different times. If your child shows signs of awareness they have done a wee or poo this means they are recognising signals from their body. Toilet training usually begins between 18-30 months.

Top Tips

- Become aware of your child's wee or poo habits. Children with disabilities or developmental delay usually have normal functioning bladder and bowel but may take longer to be toilet trained. Check your child has a healthy bladder - are they able to wee and poo regularly without discomfort?
- Having time and patience is important. Take your time, it's not a race! Try toileting 20 minutes after a meal for 10-20 minutes.
- Choose a potty with your child. Encourage them to sit on it for a short time to get them used to it. You could try singing songs or reading a story.
- Nappies soak up wee, so your child may not be aware of being wet. Try putting a piece of folded kitchen roll in the nappy to increase awareness or put a pair of knickers under the nappy.
- Ensure your child has a minimum of 6-8 drinks every day (120-150mls for 2-year olds). Water is best!
- Talk about their wee and poo. Get them involved in the toileting process by giving simple explanations and tell them if they are wet or dry when you change them. Change your child in the bathroom standing up.
- Try to motivate your child by using a reward system and lots of encouragement.

If you require further support or advice please speak to a member of the NELFT 0-19 team, we are accessible in clinics (for under 5s) in school nurse drop ins (for over 5s) or call **03003001970**, or email nem-tr.0-19universalspawf@nhs.net

You Said

Some parents wanted more sessions in the morning as children sleep in the afternoon.

We Did

So to meet the needs of all our families we are introducing a Play All Day in Leytonstone. This will be on a Friday at Snowberry Nursery. This will give parents the opportunity to access and drop in to this.

You Said

People requested more affordable childcare places to be available locally.

We Did

We have now opened our wonderful new setting 'The Valley Centre', in Chingford.

Estates17 for supporting us once again with advertising boards for our Winter Fayres

Poundland Leytonstone for all of their wonderful Halloween donations

Max Jervis-Read – Our Chair of Trustees

I am honoured to have been voted the Chair of the Trustee Board for The Lloyd Park Children's Charity 2019-2020.

My children and I have previously attended the Baby Clinic, stay and play sessions in the community, Grow Wild outdoor adventure play space and one of the nurseries all run by this fantastic organisation. As a result, I know first-hand the excellent experiences TLPC provides for children in their early years, and the support they give to families to be the best that they can be.

As a qualified Social Worker and Mental Health Nurse working in Waltham Forest, I am also aware of how the charity's wider services such as the Baby Bank, Ready for School Program and parent support initiatives, empower families to break through the barriers of inequality they experience.

Having served as a member of the Trustee Board for the last two years as Safeguarding Lead and Vice-Chair, and working with the Grants and Fundraising Subgroup, I am very excited to continue to be part of a team which contributes to positively changing the life trajectories of children in our local area.

It's Party Time, Grow Wild Style!

We are happy to announce that bookings for birthday parties at Grow Wild in 2020 are now open!

To avoid disappointment, book now!

Perhaps you've been to or held a party here before? In which case you have some idea of how fun, unique and adventurous they are! Or, maybe this is your first time hearing about them. We offer an exciting experience for children and families to celebrate in a beautiful, challenging, outside nature play space full of things to make, discover and try!

We're open in all seasons and try to cater to your ideas and times. We are now offering the chance to have smaller baby parties here too, always with a qualified staff member.

People have said:

"It really felt like it was everyone's celebration! We were all made to feel included and part of the challenges."

"The staff accommodated all our wishes and made it all come true – the parents had as great of a time as the children – in fact it brought out all our inner children!"

"It was a birthday party like the ones we used to have; completely fun and full of great memories. We're booking for next year already!"

Pop in for a visit to chat and have a look around or email chrisr@tlpcc.org.uk

Thanks to Alyn and XAG studios for the generous donations they continue to supply to us.

0 Learning Through Play, Staying Safe and Employability

Making sure your child is warm and cosy is very important during the cold winter months, but are you aware of the right way to dress your child while in the car?
Making sure your child is safe whilst travelling will mean that they should not wear thick coats or snowsuits. The main reasons for this are:

Your child will get too hot once the car has warmed up.

The padding on the suit will mean the straps are not tight enough to protect your child in the event of an accident.

Your child may be able to squeeze out of the straps

Your child may be cold when first in the car and so cover on the outside of the restraints and remove once the car has heated up. Do not put any blankets under the straps.

The Joy of Puddle

P is for 'Puddles', splashy and wet. Get on your boots and join in the fun!
U is for 'Umbrella', to stop getting wet, to hide and play peekaboo!
D is for 'Drops'. Drops of rain, falling from the sky. Listen carefully...what do the drops sound like?
D is for 'Delight'. The delight on a child's face when they jump and have fun splashing.
L is for 'Laughter', for leaping, for loving spending time with special people.
E is for 'Emptying'. Take out containers, let the rain fill them. Pour it away and start again.
S is for 'Spish-splash', enjoying time getting wet. Don't feel down about the rain, turn it into something positive.

The rain gives unlimited opportunities for play. Have you ever stood in the rain and felt it? Have you ever just shut your eyes and listened to the raining falling? Have you made a mud pie recently?

Think about experiencing things in a new way. We usually find ourselves rushing to get out of the rain, but why not embrace it? Get yourself prepared, dressed appropriately, have no-where in particular to be and then enjoy. Enjoy the rain, enjoy the quality time together with your children!

Healthy Early Years London Awards

For the past ten months LBWF have been supporting the Healthy Early Years London (HEYL) awards programme. Funded by the Mayor of London, it supports and recognises achievements in child health, wellbeing and development in early years settings.

The Mayor's new programme is a key ambition of 'Better Health for Londoners', London's Health Inequalities Strategy and is targeted at London's 13,000+ childcare settings, with the aim of setting a new industry standard and tackling health inequalities across the city at the earliest opportunity in a child's life.

Since its inception in the borough, LBWF have registered over 35 early years providers who are working towards achieving their Bronze Award. Under the scheme, nurseries, children's centres, playgroups and childminders in London will be given support to help children learn about the importance of healthy eating and exercise, as well as help with their social and emotional development. They will be awarded a Bronze, Silver or Gold awards based on their achievements.

A big congratulations to Little Learners Nursery - St Mary's for being the first nursery to achieve their Bronze Award, led by Nursery Manager, John Coggin, though he has since left his role. They achieved bronze award by showing evidence they are providing;

- A healthy early years setting which promotes good health for children as well as staff.
- A "Good" or "Outstanding" Ofsted rating.
- Whole setting approach by involving children, parents, and the local community to create a healthy learning environment.
- Partnering with external agencies to support staff to develop knowledge and expertise.

Children and Family Centre's are offering a range of training opportunities, health workshops, parenting programmes and more.

All events listed below will take place at the Children and Family Centre Hub buildings, unless a different venue is listed.

Booking details are also listed, and places are limited. Please talk to any member of staff if you would like more information, and follow The Lloyd Park Centre on Facebook for regular updates.
