THE UKSS SYSTEMS THINKING, SYSTEMS PRACTICE FORUMS IN 2022

The successful Systems forums resumed on the 16th of March with Dr Christine Welch who addressed – Soft Systems Methodology, what is it and what it is not. Dr Shavindrie Cooray and Gary Evans follow with their Systems forums. The forums will be virtual using Zoom and the PowerPoint slides and video we will upload to the UKSS webpage after each forum.

Please register for the forum of interest to you using the Eventbrite link we will shortly email to the Systems community. We will then reply with the Zoom call link. The UKSS Management Committee also extends a warm invitation to any Systems practitioner or academic to submit a topic for a future virtual forum.
