DERMALITE

IPL Face & Body System

Increase your client base with the new Dermalite IPL System. The Dermalites advanced technology will deliver quick and long lasting results, removing unwanted hair, eliminating a number of skin conditions and eradicating redness to ensure instant healing. The multiple treatment system will increase your profits and your client reach.

The Technology

The DERMALITE system utilises IPL (Intense Pulsed Light) advanced technology to ensure long lasting results. It safely removes hair and inhibits regrowth over a period of time resulting in permanent hair reduction. The DERMALITE system will emit short bursts of intense pulsed light to target pigmentation, sun damage, fine lines & wrinkles. The cooling applicator head delivers fast shots of light which decreases any discomfort during or after the treatment.

Features & Benefits

- IPL Xenon lamp delivers 60,000 shots
- 2 second shot repetition
- Cooling handpiece (reduces discomfort & redness)
- Multiple treatment system - meaning high profitability with low running costs
- 5 treatment filters in one
