

Employee Assistance Programme

Health Assured is the fastest growing Employee Assistance Programme provider trusted by many of the UK's leading brands.

"help employees deal with problems that might impact upon their work performance".

Summary of Service

Employee Assistance Programmes (EAPs) are employee benefit programmes offered by many employers. EAPs are intended to help employees deal with personal problems that might adversely impact their work performance, health and well-being. EAPs generally include assessment, short-term counselling and referral services for employees and their immediate family.

Really making a difference - The Health Assured EAPs include effective support and absence management.

It is not an exaggeration to state 'Active Care has revolutionised the EAP market' - moving the model

from passive, reactive care to proactive and interventional support for the immense benefit of both the employee and employer.

Account Management

Service is a key factor in our continued growth and success. Every client irrespective of size has a dedicated Account Manager who will be in touch to answer any queries you have and be your point of contact throughout your contract.

All of this comes as standard:

- Employee literature
- Posters
- Launch videos and on-site presentations
- Quarterly management information
