

Supply Desk, The Education Recruitment Specialists - Teaching Assistant and Support Staff Award

SINCE 2002, Supply Desk have worked with thousands of mainstream and special schools across England and Wales, with a vision of being recognised as a highly innovative education-staffing supplier.

Supply Desk's core recruitment services focus on the provision of both permanent and supply teachers, SEND specialists and a wide range of support staff. Focussed on the core elements of learning, Supply Desk are also able to offer unique and fully tailored packages of intervention support to schools, to help them effectively use targeted funding and maximise pupil progress. Providing bespoke solutions

to individual schools, school groups, clusters and multi-academy trusts, Supply Desk match high calibre, highly vetted candidates to the right schools, at the right time, to meet each individual requirement. With over 15 years' experience, Supply Desk specialises solely in the education sector and are proud of their growing reputation for being the quality provider of education supply staff, helping schools to meet their objectives and raise attainment.

Supply Desk have developed

unique approaches to working in partnership with schools, which are predicated on providing high quality staff, whilst maintaining cost-effective solutions for educational establishments. Across North and North-East Lincolnshire, Supply Desk are currently working with a number of schools, providing exceptional teachers and school support staff including; cover supervisors, behaviour specialists, SIMs trained staff, tutors and more.

Claire Jacklin, Business Manager at Brumby Junior School in Scunthorpe said: "We constantly rely on Supply Desk for efficient and professional teachers to cover for Brumby Junior School."

For more information on how Supply Desk's services can support your school staffing needs, visit www.supplydesk.co.uk or call the Lincolnshire team on 01724 843 443.

Celebrating the very best and brightest

Ultimate Packaging - Innovation in Education Award

WE are a multi-award winning business focussed on the development of innovative packaging solutions.

The Ultimate Group brings together Ultimate Packaging, Ultimate Digital and Sharp Iris, our in-house creative agency. The group offers a complete packaging solution from design, artwork and photography to 3D visualisation, digital print and flexo print.

Ultimate Packaging is one of the largest independent flexible packaging manufacturers in the UK. We are suppliers of high quality flexible packaging solutions, with over 30 years' experience. We pride ourselves on being attentive to the needs of our customers, providing high quality support throughout the supply chain, with flexible and responsive lead times. With our expertise and knowledge we can help you find the perfect packaging to suit your brand or retail customer's needs.

Ultimate Digital is the world pioneer and market leader in the production of digitally printed flexible packaging. Working closely with NPD and marketing teams from brands of all sizes to deliver short print runs and increasing consumer engagement through creative packaging. Digital print also allows for personalisation and variable print offering you the flexibility within your packaging design. Digital allows you to reduce your lead times and waste, but deliver fantastic quality and colour that will give you a competitive advantage. With us it will allow you to react to new opportunities in a fast paced competitive environment. The Sharp Iris team work with a varied range of clients and partners, from small brands to giant corporations we deliver solutions that work. Discover more at: ug.uk.com Or call us on: 01472 255400

WE are proud to be joining the list of sponsors for the Grimsby Telegraph's Golden Apple Awards 2018.

The award-winning mental health service provider is sponsoring the Against All Odds category, which recognises an individual or group of people who rose to meet an exceptional challenge during the last academic year.

Alexis Powell-Howard, Psychotherapist and Managing Director, said: "Fortis works very closely with schools and education providers to provide mental health and emotional well-being support, so we see how challenging school life can be, particularly when students, teachers and staff have to face exceptional circumstances. This is why we're incredibly proud to sponsor the Against All Odds category."

Fortis Therapy & Training - Against All Odds Award

Fortis Therapy & Training provide mental health and emotional wellbeing packages to schools, colleges and educational facilities across Lincolnshire and East Yorkshire, supporting not only children and young people, but the teaching staff and management teams too. Already, the business has expanded into Doncaster schools and within North Lincolnshire too.

Because of this increase in demand, the business is now looking for self-employed Child Therapists to join Fortis' team of associates.

Alexis said: "The Mental Health Foundation has stated that 50% of mental health problems are established by age 14, which is

why it is incredibly important that we have a team of qualified, experienced Child Therapists who are passionate about helping children and young people.

"In addition to schools, we provide services to the Local Authority, we're an Approved Provider for Adoption Support, and offer private therapy to families, so it's essential that candidates are able to use creative interventions, including art and play therapies, and be registered with a professional body."

Any Child Therapists who are interested in applying for the opportunity can download a role description and application form from fortistherapy.co.uk, and send their applications to enquiries@fortistherapy.co.uk.

Community matters.

We Proudly Support the Local Community

Cristal Pigment UK Ltd (Cristal) has been part of the Stallingborough community for 65 years and is committed to giving back to the community in which we work, live and play. Through our Cristal Community Team, we work with local charities, schools, colleges and many other community organisations. Our employees are actively encouraged to participate in charity work and volunteering, and within our long-serving and loyal workforce, we have many club leaders and volunteers who provide services to local organisations.

Cristal is one of the largest titanium dioxide producers in the world. Titanium dioxide (TiO2) is a pigment which is widely used to provide whiteness and opacity in many every day applications such as paints, coatings, plastics and paper.
