

Additional Mobile Shredding Capability

January 2013

To meet the increasing demand for mobile paper shredding, Paper Shredding Services have put an additional mobile shredding vehicle into service.

The 18 tonne DAF is fitted with a MDS 25 Shred-Tec shredder capable of shredding up to 2 tonnes of confidential material per hour on customers' doorsteps.

This additional vehicle gives Paper Shredding Services the facility to respond quickly if customers request

to have shredding carried out at short notice and it provides valuable back up during maintenance periods.

If this service is of interest please call us FREE on 0800 071 4000.
