'Celebrating 15 Years of Supplying Quality Equipment & Service to the Event Industry'

Supplier of Marquees & Event Services to The Thames Diamond Jubilee River Pageant & Festival 2012

Festival & Public Event Marquee's

Nowadays Marquees have become an essential part of any festival or public event, weather used to house a stage and large number of attendees at a music festival, or simply just a security office or first aid point!

We have an extensive stock of Marquee's varying in size and style. Our Marquees range from the modern Leader Oriental Marquee's to the more traditional Frame & Clearspan Marquees.

Marquees can be built in a variety of shapes, sizes and layouts to suit your needs perfectly enabling you to meet your needs exactly!

Festivals & Public Events

We provide Marquees for many festivals and public events (large and small) every year, with some of our biggest events to date being the London 2012 Olympics, and the Queens Diamond Jubilee celebrations in various locations across London. We were given a number of briefs for this spectacular event, including having several Marquee's installed on various vessels, sailing along the River Thames as part of the Diamond Jubilee River Pageant!

As with sporting events, there are many uses for Marquee's at any festival, such as, First Aid, Staff Marquee, Production Marquee's, Stage Covers, Back Stage, Performers Changing, Lost Children's Point, Security, VIP's, Stall Holders, Crew Catering and many more!

Clearspan Marquee's

The Clearspan Marquee is exactly as the name suggests – with no internal poles you have the advantage of being able to use all of the internal floor space, making these Marquee's suitable for indoor markets and large festival venues etc.

Our Clearspan Marquee's are available in widths of 6, 9, 12, 15 & 20 metres and are also modular in length, which means you can make the structure as long as necessary. We can also build these structures side by side to create a larger width!

Leader Oriental Marquee

The Leader Oriental Marquee also known as the “Chinese Hat” or “Pagoda” Marquee is the most visually stunning in our collection. With no internal poles or framework supporting the structure, it’s sweeping roof is more than eye catching!

As there is no internal framework, the Leader Oriental Marquee can be used with or without interior lining or with the latest “Cristal Clear” PVC roof & wall coverings.

Hexagonal Leader Oriental Marquee

The Hexagonal Leader Oriental Marquee gives you all the benefits of the Leader Oriental Marquee (no internal framework or poles etc.) but with six sides! Providing something that is not only unusual but visually stunning at the same time.

Sporting Event's

We provide Marquees for many large sporting and charity fundraising sports events each year, installing Marquees in many locations across London and the surrounding counties.

Marquee's are essential at sporting events, used for First Aid, Massage Stations, Competitor & Baggage Holding, Refreshment Stands, Recovery Areas and even Spectator Areas and Merchandise Sales!

TV Broadcasting & Filming

We frequently install Marquee's for TV recordings, and live broadcasting. We have many marquees which are height adjustable, or have a standard leg height of 2.5m which gives enough clearance for the camera crews equipment. (Seen above, Christmas Market on London's South Bank which was broadcasted live on ITV1's This Morning").

Indoor Markets, Exhibitions & Trade Shows

Our larger Frame & Clearspan Marquee's are very popular for indoor markets & craft fairs etc. With no internal legs or central poles, these units enable you to use the available floor space to the maximum. Our Clearspan & Frame Marquee's are modular and can be extended to your desired length.

Festival Feedback....

'Rio Olympic 10,000m Team GB Trials

From planning to implementation - Marquee Magic provided an impeccable service. Our event called upon their industry experience to help create a ground breaking athletics atmosphere and given it was the Rio Olympic Team GB trials there was no margin for error. The structure they provided has been positively praised by the global athletics community, the BBC and national press. Marquee Magic repaid our trust and we simply can't recommend them highly enough.'

'Superb Service - Year After Year

I can't recommend Marquee Magic enough. They are our only choice when we need a professional service. We have used them for the last few years at the Ealing Half Marathon and use a variety of sizes and style marquees as well as furniture, they cater to all our needs. Not only are they professional but the staff on site are courteous and extremely hard working. They listen to our needs and provide great quality. Tony and his crew do a sterling job and are always a pleasure to work with. It's one of the services I don't have to worry about which is a huge relief to me with so many elements to our large scale event, they always deliver.'
