

Hitaltech

A group of connecting technologies

SPECIALISTS IN CONNECTING TECHNOLOGIES AND ENCLOSURES

www.hitaltech.com

Our Vision

- To be recognised in the market as a specialist of Electromechanical solutions within the electronic manufacturing industry
- Hitaltech aim to offer our customers the latest available technologies

Our Strategy

- To develop a range of leading edge and innovative products through continuous investment and through feedback from both our customers and the market
- Employ highly skilled and motivated staff with a high level of technical and commercial competence ensuring high levels of customer service
- To work closely with our customers to develop new ideas and improve production processes

Company Profile

- Founded in 1986
- Headquarters in Brussels, Belgium
- Multinational company with subsidiaries in UK, Germany, Italy and Japan
- Hitaltech sell on a worldwide basis through a network of distributors and agents
- ISO 9001:2008 Registered company

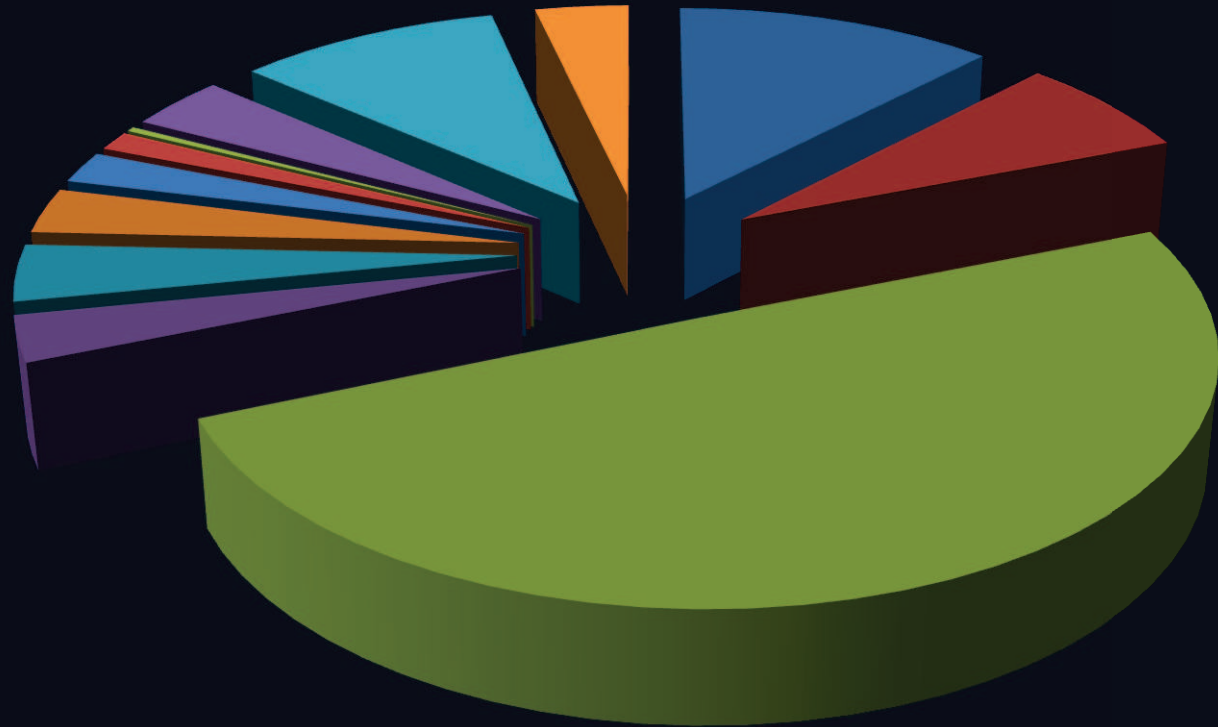

‘Our customers define the quality we are expected to deliver’
Hitaltech aim to provide this quality through; on time delivery of the right product at the right price.

SPECIALISTS IN CONNECTING TECHNOLOGIES & ENCLOSURES

Hitaltech
A group of connecting technologies

Our Markets

- Building Automation
- Energy Metering
- Industrial Control
- Signal Conditioning
- Security
- Automotive
- Domestic Appliance
- Elevator Control
- Refrigeration Control
- Marine
- Other
- Sub Contract

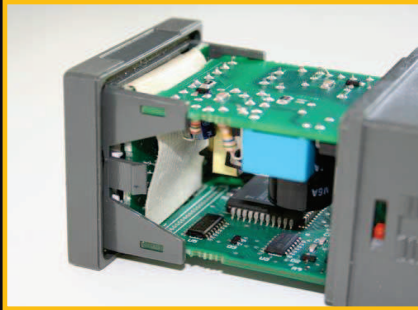

SPECIALISTS IN CONNECTING TECHNOLOGIES & ENCLOSURES

Hitaltech

Our Markets & Customers

Industrial Control

- Siemens Drives
- Emerson Group
- Invensys Eurotherm

Energy Metering

- Tyco Electronics
- Actaris
- Itron

Automotive

- Haldex
- McLaren Racing
- Magneti Marelli

Building Automation/ White Goods

- Honeywell Controls
- Helvar Merca
- Electrolux

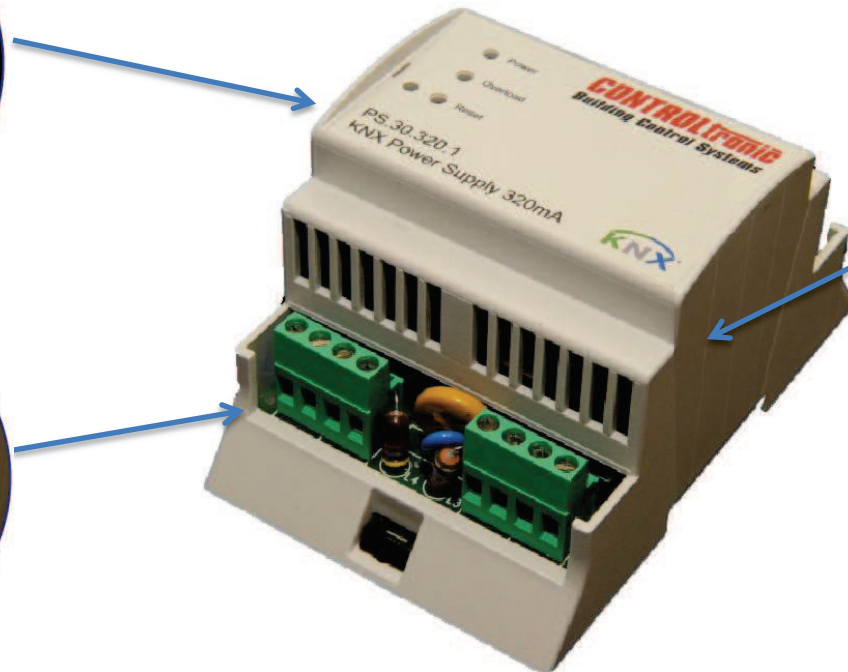

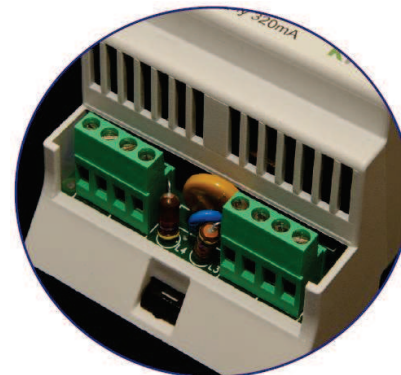

SPECIALISTS IN CONNECTING TECHNOLOGIES & ENCLOSURES

Hitatech
A group of connecting technologies

Synergetic Product Range

Customisable Plastic Enclosures for Electronic and Electrical Applications

Flexible Interconnect Systems

PCB mounted Terminal Blocks & Connectors

SPECIALISTS IN CONNECTING TECHNOLOGIES & ENCLOSURES

Hitaltech

Synergetic Product Range

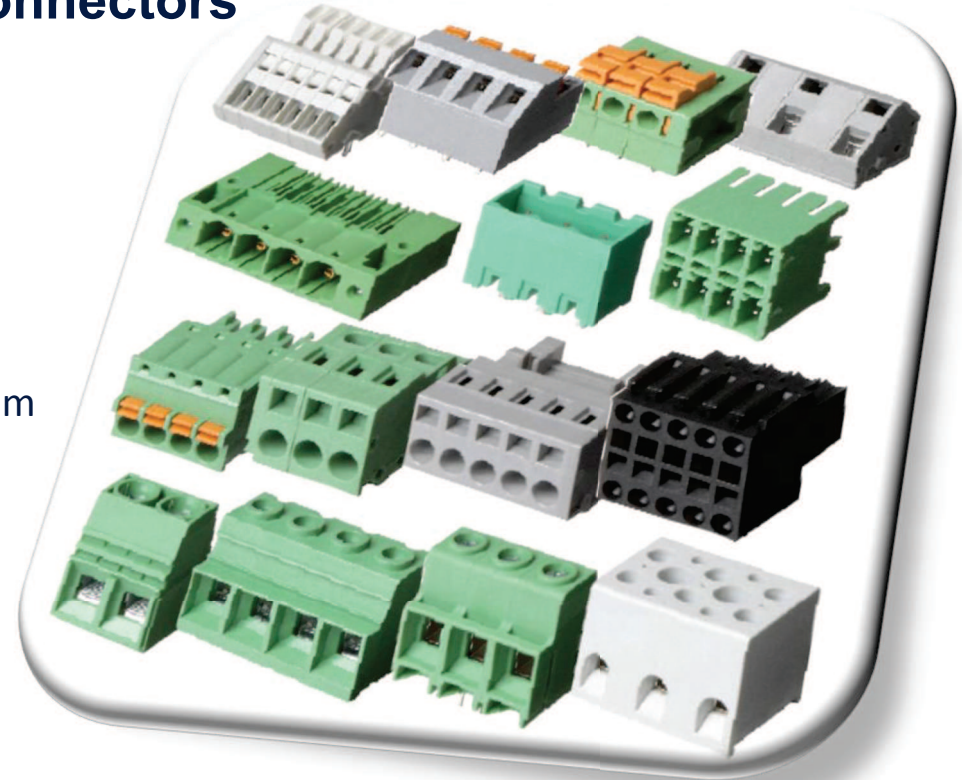

PCB Mounted Terminal Blocks & Connectors

- Rising Clamp Screw Terminal Blocks
- Rising Clamps Screw Plugs & Sockets
- PCB Mounted Headers
- Screwless Terminal Blocks
- Screwless Plugs

Available on a complete range of pitches from 2.5mm – 20.00mm up to 24 poles

Current ratings to suit varying applications from 2A up to 125A

Hitaltech's range of products hold various international approvals such as ;
UL, VDE, IMQ, ESS & CE

SPECIALISTS IN CONNECTING TECHNOLOGIES & ENCLOSURES

Synergetic Product Range

Flexible Interconnect Systems

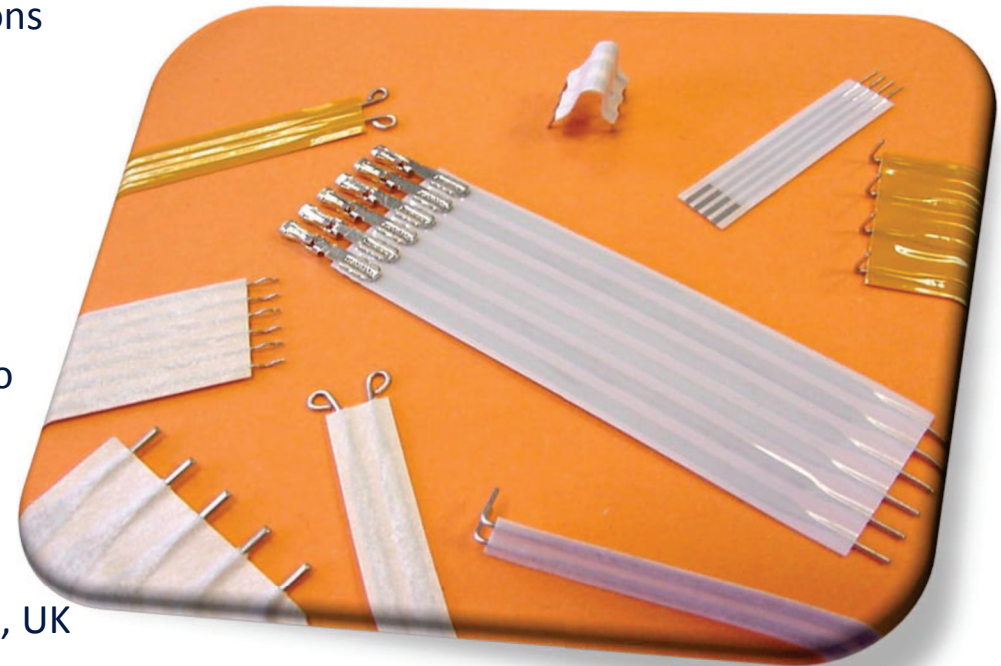

Hitaltech's flexible interconnect range are ideally suited for use in places where electrical connections require a high flexibility and/or the printed circuit boards to be connected are subject to vibration.

Different insulation materials ensure maximum reliability even at high operating temperatures

Available on a wide range of pitches from 25mm to 999mm (up to 5000mm on request)

Application examples include;

Industrial Control – Siemens Automation & Drives, UK
Automotive – Magneti Marelli, Italy

Customisation

Hitaltech offer a finishing service which includes machining and printing at a highly competitive price.

This service allows the customer to have their chosen Hitaltech enclosure and/or accessories printed to their specific requirements therefore creating a finished product which represents the customer's brand and image.

Through Hitaltech's customization service we can offer our customers a finished product housed in an enclosure which looks aesthetically pleasing and gives a distinct customized look meeting both functional and aesthetical requirements.

Quality & Customer Service

Hitaltech is an ISO 9001:2008 Registered company . Our quality policy is focused on the following four primary principles.

Customer Satisfaction

Customers are the centre of Hitaltech’s focus. They set the standard for performance, reliability and service. Our customers define the quality we are expected to deliver.

People

Our employees are the cornerstone of our organization and key to our success. We recognize that every employee must be involved, motivated, and knowledgeable for us to remain successful.

Supplier Relationships

We believe in forming strong relationships with our suppliers to ensure that quality of products and delivery performance are maintained to a high standard.

Continuous Improvement

Hitaltech is committed to developing a quality management system that fosters continued improvements in all that we do.

Quality & Customer Service

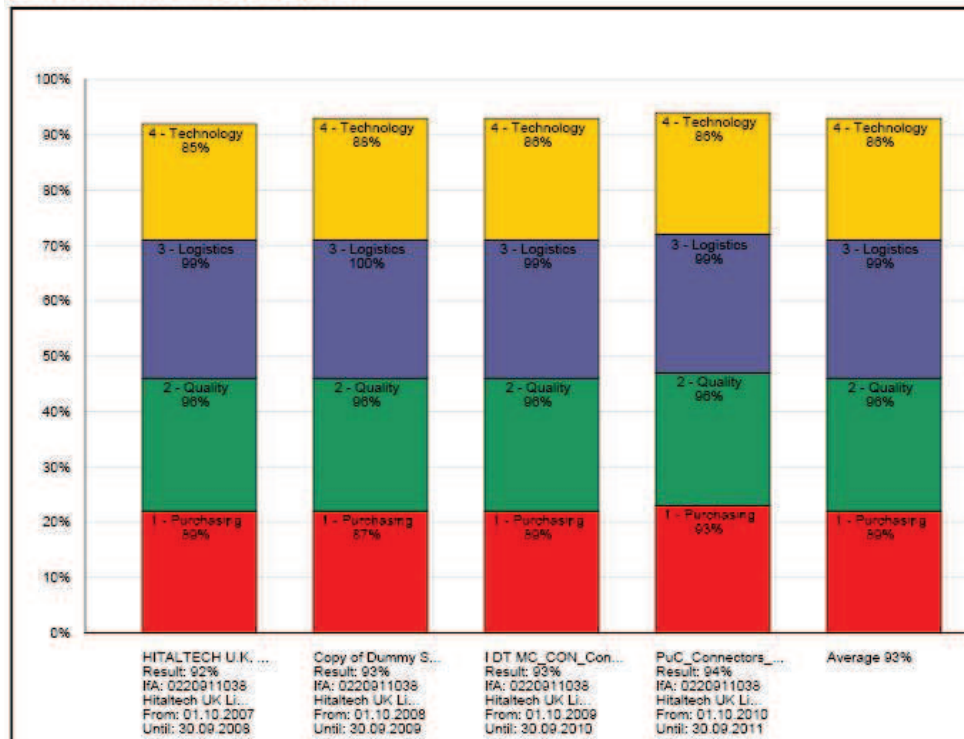

‘Our customers define the quality we are expected to deliver’

Hitaltech aim to provide this quality through; on time delivery of the right product at the right price.

Hitaltech Performance 4yr to 2010-11
