

**RTU**<sup>®</sup>  
MORTAR / CONCRETE / PLASTER / SCREED

*ultra***cem**<sup>®</sup>  
cement liquid screed

**NEW GENERATION  
CEMENT LIQUID  
SCREED**

Your ideal choice for commercial,  
residential and self-build projects.

# DIVERSE

**Ultracem® is a Portland cement based, pump applied liquid floor screed that excels due to fast track qualities, and the speed and ease of install over traditional sand:cement screeds.**

Developed and tested within our in-house laboratory, this new generation product delivers superb performance and efficiency to our customers.

RTU understands the importance of a streamlined and compliant construction process. The sheer diversity of Ultracem® makes it the ideal liquid floor screed solution highlighted by its compatibility with all standard floor coverings.

Not only is Ultracem® suitable for wet areas, but our innovative product also ensures unrivalled levels of thermal conductivity and fast heat response times with underfloor heating.

*ultra***cem**®  
cement liquid screed

**Perfect for:**

- Tiles
- Vinyl
- Wood
- Wet Areas
- Carpet

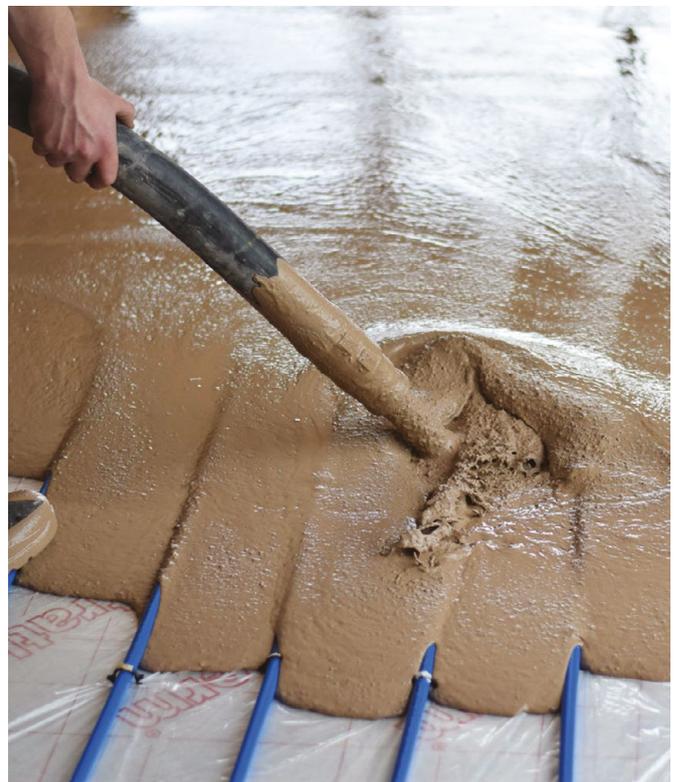

# AGILE

**Ultracem's® agile product qualities deliver significant benefits throughout the project build, install and to the finished floor.**

The very nature of Ultracem's® liquid form makes it easier to apply, with the reduced depth requirement enabling installation of 1000m<sup>3</sup> per day.

In comparison to traditional sand:cement screeds, the thinner application required by Ultracem® reduces drying times and can significantly enhance on-site productivity.

# EFFICIENT

**Ultracem® is installed by trained and skilled contractors who have extensive experience with liquid floor screeds.**

RTU counters the challenges our customers face by offering project-specific solutions that ensure hassle-free delivery and peace of mind.

Our experienced team will ensure expert consultation, seamless logistics and excellent customer service at every stage of the process.

RTU is a leading construction and building materials supplier in Northern Ireland of concrete, mortar, plaster and screed.

We are the first choice supplier for leading architects, construction companies, builders and the self-build sector.

### Quality

Our measure of excellence is to ensure we exceed the needs of our customers and the requirements of the marketplace, in every product and touchpoint.

### Productivity

We infuse our products and services with the knowledge that our customers require a construction process, that is both streamline and compliant.

### Lab Technology

RTU doesn't just sell products - we manufacture them. Everything starts in our modern laboratory and is developed through science and research.

### Expert Consultation

Our team has extensive knowledge and the experience to rise to the challenges our customers face with project-specific solutions.

### Customer Service

From the first contact through to aftercare, our unrivalled customer experience provides seamless logistics, hassle-free delivery and peace-of-mind.

### Trained Installation

From our approved and trusted network - who better to install our products than someone who has undergone specific training in how to do so?
