**SUBMISSION REQUIREMENTS:** The following information must be furnished with all applications presented to the Architectural Committee for approval. Lack of any items required or insufficient data on any items will cause delay in checking or approving plans. It should be understood that *NO IMPROVEMENT OR CHANGE CAN PROCEED WITHOUT THE PRIOR WRITTEN APPROVAL OF THE ARCHITECTURAL COMMITTEE.*

1. **STRUCTURES:** Including but not limited to patio covers, room additions and fences, must include the following:
  - a. **PLOT PLAN:** Must include property lines and dimensions, site of proposed new construction and its relationship to the property lines and all existing structures as well as location and dimensions of existing structures.
  - b. **EXTERIOR ELEVATION:** An exterior elevation or rendering which fully explains the structure.
  - c. **BUILDING PLAN:** Construction details to assist in evaluating the project, including dimensions, materials and colors.
2. **LANDSCAPING:** Landscaping plans must show location, type and size of plants. Ground covers must be clearly specified with irrigation indicated.
3. **EXTERIOR PAINTING:** Color chips must be submitted. Your homeowners' association can provide the current approved exterior color palette. Residents without a homeowners' association can consult a color sample book in the Community Center office.
4. **GARAGE DOORS/SCREEN DOORS/SECURITY DOORS:** Type of material, style and color information must be submitted. Also, please submit a manufacturer's brochure.
5. **SOLAR HEATING:** Request a copy of the ONCC Solar Heating Guidelines from the Architectural Committee. This type of improvement requires special approval.
6. **ROOFS:** Applicant must submit a manufacturer's sample depicting style and color to be installed.
7. **SOLAR TUBES:** Applicant, including those in areas controlled by a management or homeowners' association, will be responsible for roof damage caused by the installation as well as painting the flashing the same color as the roof.

**CONDITIONS OF APPROVAL:** Original drainage patterns must not be disturbed, or an alternate pattern must be approved by the Architectural Committee. All materials and workmanship must match existing construction. All permits required by law must be obtained. A licensed contractor is highly recommended. Paint must match unless otherwise indicated above. Condominium approval is subject to the owner assuming responsibility for and expense of any future repairs or maintenance.

Owner acknowledges by his/her signature on this Application that he/she understands that no work may be undertaken until this application is approved by the Architectural Committee and that the mere filing of the application does not guarantee approval. Owner further acknowledges that by virtue of this application it may be necessary for the Architectural Committee to make an on-site inspection of the owner's property, and the owner hereby authorizes such an inspection and further authorizes the Architectural Committee to make such an on-site inspection whether or not the owner is present at the time; and the owner by his/her signature hereon releases the Architectural Committee and its members from any liability that may result from said on-site (exterior only) inspection.
