

PROJECT HOME
PREPARING FOR OUR FUTURE

Today we start an exciting journey. We believe God has spoken to us clearly and we believe that now is the time to raise funds and find our home in this city.

Over the next twelve months we will be inviting you, our church family, to consider five keys. These keys will help us generate the finance we need for the future God has for us.

Delay: Maybe you have been planning to purchase something specific this year like a new car, phone or computer. Could you consider delaying that for a year and giving that amount to Project Home so we can raise the money we need?

Decrease: Perhaps there are weekly or monthly expenses that you could consider cutting back for a year. Could you get one less Starbucks a week, downgrade your Sky TV package for a while or even commit to one less meal out each month? The money you give as a result of those savings will make a huge difference over the course of a year.

Do More: Could you increase your giving on an ongoing basis or consider a one-off financial gift to help Project Home?

Donate: It's amazing to think about the 'stuff' we have. It often sits around unused or gathering dust in our homes. Simplifying our lives and selling some of these things could release important finance and play a major role in helping us to reach our target.

Don't Go Into Debt: It's so important that we do this journey together, and do it well. We want a community with healthy, wise and generous attitudes to our finances, but we do not expect anyone to go into debt while supporting Project Home.

Families are a place where everyone plays their part, we all contribute in family.

We would ask you to pray and consider how you can take your place and join us on this adventure.

Be creative, dream big, jump in and together with God we can prepare for our amazing future.

I would like to take my place by...

Increasing my monthly giving by £

Making a one-off gift of £

Please put this in the offering baskets or post to Project Home at the Vinelife office
508 Moss Lane East, Manchester, M14 4PA
