Marking

DRILLING

CUTTING

Disclaimer: These images are for illustrative purposes only, the machine look may vary in real time

# MINNIE

## Simple Resilient Machine

### Benefits at a Glance

Made For Rugged Industrial Environments

24x7 Use (With Stoppage For Maintenance)

Can be Integrated With Automation

High Volume Throughput

Flexible & Extremely Ergonomic

European components selected carefully

# Laser Marking, Engraving & Deep Engraving

## Technical Specification

	<b>Class IV</b>
	<b>Max. Workpiece Weight</b> <25 kg
	<b>Nominal Parts Dimensional</b> 300X400X200 mm
	<b>Materials</b> Metal, Plastic, Composite
	<b>Machine Dimension</b> 704X590X1420 mm
	<b>Safety Goggles</b> Always wear safety goggles
	<b>Air Conditioning</b> Needed (Up To 40° max.)

## Optional Items

Air Conditioning unit

Foot Switch

Motorized Z- axis (remote control)

Smart Fume Extractor

Upgrades Available
