Write student's names on the lines. Use the "out" column to record the number of the Frog Family Fun Pack each child checks out. The first week, student 1 takes pack two, etc. Mark the "in" column when the pack is returned. The next week, student 1 takes pack two, student 2 takes pack two, student 2 takes pack two, student 2 takes pack three, etc. Rotate the games in that manner through 24 weeks. You may wish to check out Frog Family Fun Packs on Monday with a Thursday return, or use any convenient schedule. Reproduce this page to use as a record. Save this original so you will have a clean copy to reproduce each time you want one.
