BOREDOM BEATER

(Answer at the bottom of the page)

'I have four wings, but cannot fly, I never laugh and never cry; On the same spot I'm always found, toiling away with little sound. What am I?'

Congratulations

...to Groundsman Dan and his wife who have welcomed a beautiful baby boy, 3 weeks earlier than expected. We can't wait to meet him!

This September we will be working with lots of re-opening businesses, with a welcome return to normality.

Think we can all agree that we have had to make some big changes to our lives over the past few months. It almost seems unbelievable that this all kicked off back in March, so it has been great to see a slow return to routine.

The businesses that were put on hold through the pandemic are starting to get back up and running, and no doubt like the rest of you, we are feeling hopeful for the remainder of the year.

We have seen some of the hardest hit sectors beginning to return including churches, dance schools and training offices.

The impact on some areas has been far greater than others, and of course we all face the same challenge of trying to rebuild post-lockdown. But we remain hopeful around the green shoots we can see emerging.

it's fantastic to have more communication with our contacts and our commercial bookings are growing daily,

PAUL'S MONTHLY TIP...

WEED OUT

It's time to do a final month's weeding in the garden ready for the Autumn! Unfortunately September is no different to most other months when it comes to weeding, as there is a lot to get on with still! It's a good time to have a proper clear out before things start to slow and you can take a proper break. Weeding isn't exactly the most exciting task, so I always advise to do little and often in your home garden, to avoid the weeds really taking hold. It also means it isn't such a daunting task- Maybe aim for 10 weeds a session.

PHOTO FINISH

We love this picture of Paul cutting a long grassed meadow.. It was taken for our social media channels and it perfectly captures a Summer day's work among the flora and fauna. In all honesty, we never realised a man on his mower could be quite so picturesque!
