Wherever possible we appreciate all orders to be with us by 4pm on the day prior to the lunch date, however we appreciate there may be occasions when this is not always possible and if requests are put through after this time we will endeavour to do our best, but may not always have the ingredients in stock, therefore you may not always be able to have your first choice.

All requests need to state clearly who is ordering the buffet, date, time for delivery, number of covers, dietary requests, dietary exclusions and where the buffet is to be delivered.

Unless otherwise stated on the request the companies will be invoiced directly.
