Inspiring...Learning...Together

**29.3.19** — Attendance this week: Owls - 95.6% Moles - 98.2% Kingfishers - 91.6% Kestrel's - 94.2%, Average - 94.3%.. Well done, Moles!  
With North Yorkshire's target of **97%** good attendance remains one of our areas for improvement. **Good attendance improves your child's life chances.**

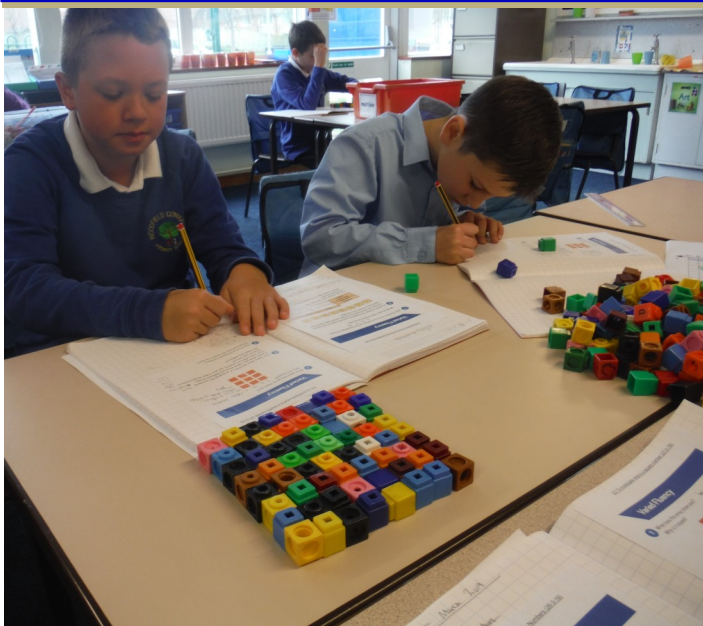

## Pupil Voice— Reading with Harrogate

**Town**—Recently, some of us have been working with Becky from Harrogate Town Football Club. We are taking part in a Reading Stars initiative which has been sponsored by the Premier League. The aim of the programme is to improve the joy of reading. Becky brings a range of books and we have to choose one which we then share with our friends. It is great fun and we are becoming much more confident with our reading.

Why not come along to one of our Coffee Mornings with Mrs Hunter which will be held on the first Friday of every month, here at Woodfield, in the Rainbow Room. Join us on **Friday 5th April at 9am**

**Friday 5th April**—Please note, as our DJ will be setting up his decks for our Disco on Friday afternoon, our Success Assembly will be at the earlier time of 2pm. We apologise for any inconvenience but hope to see you there to celebrate our success.

BookRecycle is offering a 75% discount on publishers' prices. Featured books include 'The Ice Monster' (save £6.99), 'Toto' (save £7.98), and 'Mermaids' (save £2.99). A sign in the foreground reads: 'UP TO 75% OFF PUBLISHERS' PRICES'. A red van is shown with 'BookRecycle' branding and contact information: '01845 656 4288'. A sign at the bottom right says 'Over 250 books to choose from'. A sign in the foreground also says 'Place Woodfield School' and 'Date Friday 5th April'.

**A quick note from Mr Cook**— Showing one of our lead advisers around school, along with our chair of governors gave me an amazing sense of pride in Woodfield: your children, our pupils, were an asset to us all. The classrooms and corridors are looking particularly vibrant and amazing and school pride is visible everywhere! With a new pupil joining Kingfishers class on Monday we feel really prepared to make him feel welcome. After yet another superb success assembly, that feel good factor was on everyone's faces as they left school, this afternoon. **#amassadors #superstars #haveyougot#the'W'factor?**

I never knew the Stone Age could be this much fun. Outdoor learning is THE best!

### P@WS

Our next meeting is on **Wed 3rd April at 2.45pm** - everyone welcome. Just come along to the main office.

**We would love to see you!**

### Dates for the diary

**Fri 12th April 2pm**- Kingfishers Open Afternoon  
Last day of term.

**Tues 30th April** - pupils return to school

### **Our week at Woodfield :**

**Owls** - This week we have designed, made and tested our own parachutes.

"Wow, my parachute has drifted down to the ground!" said Freddie.

Find out more by looking at our learning displayed in the main school entrance—it's uplifting!

**Moles** - Moles have written their own versions of Jack and the Beanstalk this week, using their fantastic descriptive writing skills. We definitely have budding authors in Mole Class! We have also carried out an exciting 'eggsperiment' to look at the effects of sugary drinks on egg shells and this has led us onto discussing the best ways to brush our teeth.

**Kingfishers** - Experiencing what it would have been like to create cave art in a small place caused great excitement in the classroom this week. Some amazing Cave Art paintings have been produced to help us tell Stone Age stories which we are going to turn into written narratives next week. Addition and subtraction has been our focus in maths, with children solving related word problems. Keep going with practising those spellings and times tables, your hard work is paying off! Important date for Kingfishers: All parents and carers welcome to join us on 12th April at 2pm to share our learning through songs.

**Kestrels** - The Kestrels have been tackling algebra and number property problems in maths - everyone can be proud of their work this week. In English the class has been writing poems with care for the environment as the theme. "Plastic is the plague, sweeping across the ocean bed," begins San's amazing poem!
