

**PEARLISED VISCOUS LIQUID HAND SOAP**

Ford Toxicology No: 109929

**PLD3** is a pleasant smelling lemon scented hand soap for use in both office and industrial environments.

The balanced pH and moisturizing agents in **PLD3** prevent the skin from drying. The product is specially thickened to make it ideal for use in handsoap dispensers.

**PLD3** removes stubborn grime without causing irritation. **PLD3** is solvent free.

**Available colours:- pink or green**

**USAGE:**

Dispense a small amount of **PLD3** onto wet hands work in well and rinse with clean water. Dry hands thoroughly after use.

**PACKAGING:** 4 x 5, 25 and 205 litre drums.

**BUTTERMILK SOAP TABLETS**

Soap tablets conforming to **BS194**

**PACKAGING:** 72 x 75gm boxes
