

## IBP 300 Temperature Gradient Test.

The AFP IBP Insulated Blast Panel has been designed and exhaustively tested using the AFP Arctic Simulator. The following results show the typical temperature gradient of the design.

## IBP 300 Temperature Gradient Test.

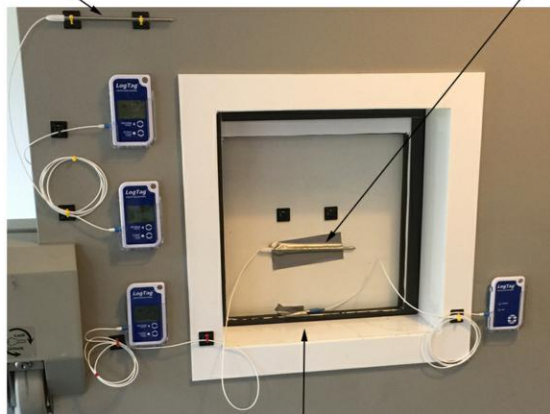

### Sensor Positions.

A1. Internal Freezer Temp Sensor (F)

L5 Ambient Room Temp (J)

L1 IBP Inner Door Temp (H)

Spare Seal Temp Sensor (I)
