RE: An Important Message for Investors

Dear Investors:

As a growing software company offering inventory and accounting ERP software, Blue Link ERP is frequently solicited by external investors looking to invest in the company. Unfortunately, the volume of these requests has now gotten so high that it disrupts the daily activities of executive members of the Blue Link team. Reading emails, listening to voicemails and responding to inquiries takes away valuable time that Blue Link executives need in order to provide the utmost level of customer service to existing Blue Link customers and internal employees. **Please note that Blue Link and its executive team are not interested in pursuing any investment opportunities.** All repeated attempts to contact a member of Blue Link's executive team with regards to investment opportunities will be ignored and all messages and emails will be marked as spam.

Sincerely,

Mark Canes and the Blue Link Executive Team
