CHECK CLEARANCES BEFORE PULLING OUT!

This checklist may seem like it contains basic items, but many are taken for granted and can spoil a trip if not attended to prior to moving the trailer.

You may want to use this list as a start for your own Pre-Trip checklist, which may include your camping gear and your own items.

USEFUL TEMS TO CARRY:

- Local, county and nationwide maps, in case your sat-nav signal sn't strong enough
- Emergency road kit and flashlight
- An assortment of spare fuses
- Assorted hand tools
- 12V DC test light
- Potable and non-potable water hoses and water pressure regulator
- Polarity tester to check wall sockets
