HIRE PRICE LIST **2019**

PA, LIGHTING AND AV SYSTEM SPECIALISTS

TruCru

SOUND—LIGHTING—VIDEO

Here at TruCru, we are experts in all aspects of event production, equipment hires, AV sales and installations. Since the company was formed in 2010, we have worked tirelessly to ensure that all our customers experience an affordable, professional and reliable service. As a result, our company has grown and continues to do so significantly. From the humble beginnings of working from the Directors' shed, to occupying a total warehouse space of 1,400 sq ft with 5 key staff members and a large team of auxiliary staff. This growth has come from our trusted, efficient and personal work ethic which has brought us a large amount of regular repeat business as well as a steady stream of new clients.

Our key values are providing professional equipment at an affordable price with the technical know-how to provide support at every point in the hire. Whether you want to hire one microphone or full production for your event, TruCru can help at every stage of the journey, from the planning of your event, to providing the appropriate gear, to making sure it operates smoothly.

We have an extensive hire stock that is constantly expanding, made up of industry standard and trusted brands. We take great care in making sure that all of our equipment is maintained to the highest standard and that nothing leaves the warehouse in sub-optimal condition.

TruCru caters for events of all sizes, whether it be a local pub gig or a national multi-venue festival. We offer a full hire service tailored to your needs, which could include:

- **Full production:** helping you plan and execute the production of your event
- **Wet hire:** for when you need equipment and crew for your event
- **Assisted dry hire:** for when you need the gear and people to help set it up
- **Dry hire:** for when you only need the gear

TruCru is also able to provide custom touring packages for bands and tours of any size. We are the perfect one-stop-shop for making your touring life easier.

For more information and to discuss your requirements feel free to contact our hire department on:

hire@trucru.co.uk

or

01872885679

If you are looking for a more permanent solution for your venue or band feel free to contact our sales and installation department:
sales@trucru.co.uk

STAGE STRUCTURES

MILOS MR1 6X4M STAGE ROOF SYSTEM - POA

The MR1 roof was created with small bands or street festivals in mind. Its special arched aluminium roof, which serves as the frame, gives it a dynamic look while allowing water to easily drain from the canopy. No more hassles with water pockets and problems associated with water build-up. It's a temporary roof which provides you with a permanent solution.
