Lockers

Any size, any finish, any specification. Always built the Interform way.

Interform manufacture and install bespoke lockers to suit the space and the individual needs of the customer. We use materials such as real wood veneers, innovative coloured laminate or melamine finishes and manufacture at our ISO9001:2008 quality assured factory in Lancashire. Installations are undertaken personally by our own team of experienced, skilled carpenters.

Laboratories

Creating practical, inspiring and cost effective spaces.

Interform work closely with architects and institutions to provide laboratories that suit the client's needs. We use a variety of heat and chemical resistant solid grade laminates and provide choices of fixed benching, shaped workstations or free-standing tables depending upon the purpose of the space. We can manufacture matching cupboards and utility pods to suit any design.

Classrooms

A space to encourage creative and intelligent thinking.

A range of seating and table options are available in metal and wooden finishes. High pressure laminate tops and a variety of coloured frames enhance the working environment.

Fitted shelves, cupboards and teachers' desks can be provided to suit any subject specific requirements of the classroom. We also supply pinboards, whiteboards and other accessories to complete an effective space for teaching and learning.

Libraries

Traditional and contemporary designs for independent learning environments.

Library shelving manufactured in real wood veneers or melamine finishes at sizes to suit your needs. Glass display cabinets, workstations, perimeter benching and study carrels create an attractive and practical environment for reading and working.

Information Technology

Working in harmony with technology.

Interform manufacture bespoke, loose or fitted work benches to create the ideal workspace for your IT suites. A number of alternative desk designs and finishes are available which can also incorporate; cable tidies, cable management, lockable ventilated PC cupboards and fixed or pop-up power modules.

Offices

Receptions, subject offices, staff rooms and more...

An office is a personal, professional and often very busy space and we understand the need to have an area that works to its full potential. Our free design service helps you achieve a working space that is both attractive and practical. We will design and install cabinets, cupboards, shelving and desking to create the ideal working environment for any institution.

Music and Storage

Bespoke design and a complete fitted service for any specialist subject area.

We manufacture at our ISO 9001:2008 quality assured factory in Lancashire. We are able to produce made to measure instrument lockers, work benching and storage to suit any design and space. Our renowned service includes; surveying, CAD design and installation using our own team of experienced carpenters.

Kitchens and Food Technology

Complete kitchen installations, food technology and design technology.

Using stylish vinyl wrapped doors or a choice of different melamine finishes we can create a fresh environment in which to work. We offer a wide range of different worktops, handles and other fixtures and fittings to customise for your taste.
