Inspire is a place “where challenges become opportunities.” It is our commitment to focus on you, partner with you, and encourage you to reach for your individualized goals. Since 1950 Orange County Cerebral Palsy Association, Inc., known as Inspire has provided life changing person-centered services to support individuals who are experiencing challenges, and their families. We partner with you to help you realize your personal goals involving independence and community inclusion. It is our objective to educate the public about disability, intervention and resources, and to create programs and services that respond to the unmet needs of individuals with disabilities in our community. Our trained professional and caring staff is available to answer all of your questions.

Inspire Kids Preschool

Working closely with your school district's Committee on Preschool Special Education, Inspire Kids provides special education and therapy services for children 2 1/2 to 5 years of age who are experiencing developmental and educational challenges. Approved by New York State as an evaluation site and as a preschool program, our teachers and therapists work with you to help your child grow and learn in any of our three locations in Goshen, Monroe and Newburgh.

Lets work together to help cultivate your child's:

- Adaptive and daily living skills
- Cognitive and thinking skills
- Communication skills
- Emotional & behavioral development
- Fine and gross motor skills
- Sensory and social skills
