The 70th Independence Day was celebrated with traditional fervour at Inland Steel Corporation on 15th August 2016.

Chief Guest Shri Arunava Lahiri (President Works) unfurled the National Flag at 0945 hours.

He said the Freedom struggle involved sacrifices of individual life and property in various aspects which we can't even imagine as most of us were not even born then.

He also pointed out that it was predicted that India wouldn't be able to govern itself and the country would be fragmented owing to its inherent differences of caste, creed and religion but we have come a long way and the whole World is looking with awe at the phenomenal growth rate of India.

He highlighted that the scenario for metal business in general and steel in particular was not merely challenging but Bhayankar and only a firm reliance on all of us as a team will see us through the rough weather.

The program concluded with reward for Star Performers and after Tally was done, thanks for the audience.
