Traditional; contemporary; corporate; or exotic, using unparalleled styling expertise and design flair, we will carefully consider the layout of your space, the nature of your business or event - even the time of year - for interpreting your key values into truly unique displays.

For us at The Green Office, outstanding design is paramount. Everything we do is precisely visualised, painstakingly planned and meticulously arranged – all down to the very last leaf and petal

## THE ART OF FLORISTRY

We strive for complete customer satisfaction: and believe the only way to do this is by keeping our service individual. Our skilled and talented florists work hard to secure an astute understanding of our clients' needs and requirements, working together to establish unique arrangements tailored to their particular tastes and specifications.

At The Green Office, only the finest quality flowers pass the scrutiny of our florists. Careful sourcing and selecting of produce ensures that flowers are always vibrant and the displays are maintained to a high standard of freshness.
