

EH-15 Body Worn CCTV Camera

- 1080p colour video recording
- 140 degree wide angle lens
- Auto or manual IR illumination

- 64GB Internal Storage
- Red Laser pointer
- Auxiliary white LED Flashlight

- One touch record and activation
- Up to 8 hours of continuous recording per charge.

Boasting a whole host of new and advanced features, the EH-15 is one of the most advanced body worn cameras on the market today and should be considered essential for police officers, security officers any other professionals that need to gather video evidence.

The EH-15 offers full 1080p HD video recording, a 140 degree wide angle lens for capturing more footage, 64 GB of internal memory, over 10 hour record time, auto night vision, a pre-record, post recording function and much more.

Ruggedly designed and easy to use whilst delivering superior quality video whenever or wherever you need it.

Body worn cameras are rapidly becoming an essential tool in what's known in the industry as 'front-line work', which can involve policing, security services and lone workers to name a few. Worn video systems like this have proven invaluable in providing evidence for court cases, improving safety conditions and generally helping security teams with their job.

- HDMI 1.3 port for video playback
- USB Charge and Auxiliary AV port.

- 2" LCD Screen for playback of video, photos or audio.
- Password protected storage.

- Optional HD remote camera attachment with IR illumination and record/photo button.

EH-15 - Specifications

Dimension:	94 mm * 60 mm * 31mm
Weight:	165g
Sensor:	5MP CMOS
Chipset:	Ambarella A7LA50
Recording Angle:	Wide Angle 140 degrees
Waterproof:	IP65
Battery Capacity:	Built-in 2900mAH Lithium
Battery Life:	Continuous recording time NO LESS THAN: 10 hours (fully charged, IR off, Video resolution 848x480P 30fps) 8 hours (fully charged, IR off, Video resolution 1280x720P 30fps) 5 hours (fully charged, IR off, Video resolution 1920x1080P 30fps)
Storage Capacity:	64GB Recording Time for 32 GB Storage: 5 hours 40 minutes (resolution 1920x1080P 30fps) 8 hours 31 minutes (resolution 1280x720P 30fps) 13 hours 40 minutes (resolution 848x480P 30fps)
Charging Time:	240 minutes
LCD Screen:	2 inch TFT-LCD High-Resolution Colour Display
Video Format:	H.264 MPEG4
Audio Format:	AVI
Photo Format:	4608 * 3456 JPEG
Night Vision:	Up to 10 Meters with Visible face image
IR Light:	4 IR Illumination
Fast forward:	2X, 4X, 8X, 16X, 32X, 64X
Rewind:	2X, 4X, 8X, 16X, 32X, 64X
Audio Microphone:	High Quality Built-in Microphone.
Water Mark:	User ID, Time and date stamp, GPS coordinates embedded into video.
Burst Photo Shooting:	2 / 3 / 5/ 10 / 15/ 20 photos in a row
Snap Shot Capture:	Photos During Video Recording
Activation prompt:	Audible, visual, and vibration to indicate recording start and stop
Auxiliary Light:	One white flashlight and one red laser pointer
PTT:	Can Connect to different types of radios
